COMPLAINT FOR DECLARATORY AND INJUNCTIVE RELIEF

Introduction

1. On September 17, 2020, the Allegheny County Board of Elections (“**Board of Elections**”) unanimously voted to open additional election offices (“**Satellite Offices**”) due to the ongoing pandemic.¹ A copy of the resolution is attached as Exhibit “A.”

¹ <https://www.post-gazette.com/local/region/2020/09/17/Allegheny-County-new-election-offices-over-the-counter-voting-ballot-returns/stories/202009170179>.

<https://www.wtae.com/article/allegheny-county-approves-plan-to-open-satellite-voting-locations-in-october/34062719#>.

2. These Satellite Offices will enable the citizens of Allegheny County to exercise their voting rights at multiple new locations across the county, including: the “North Park Ice Rink, South Park Ice Rink, DPW Garage #2, CCAC Homewood, CCAC South, Boyce Park Ski Lodge, and the Shop ‘n Save Hill District.” *Id.*

3. Importantly, the Satellite Offices will enable the citizens of Allegheny County to actually ***cast their ballot*** at these new locations.²

4. According to the Allegheny County website, “[p]rivacy screens will be set up on the counter to allow the voter to complete their ballot in secret.” *Id.*

5. “Once voted...the ballot is folded and placed in a security envelope which is then placed inside of a second envelope with the voter’s declaration printed on the back.” *Id.*

² The image in the Complaint was taken from the Allegheny County website link on October 15, 2020 found at this address: <https://www.alleghenycounty.us/elections/additional-election-offices.aspx>.

6. “The voter will complete and sign the declaration before returning the envelope to the Elections staff.” *Id.*

7. “The voter’s record will be updated to show that the individual’s ballot has been returned.” *Id.*

8. Based upon the foregoing, it is incontrovertible that the Satellite Offices are places where the Citizens of Allegheny County can vote – at least for this year – and there is no question that thousands of voters have already exercised that right.

9. The Plaintiffs in this litigation, Sean Parnell (“**Mr. Parnell**”) and Luke Negron (“**Mr. Negron**”) (collectively referred to as “**Plaintiffs**”), are seeking election to the 17th and 18th Congressional Districts of Pennsylvania respectively in the upcoming November 3, 2020 general election.

10. As current candidates for office, Mr. Parnell and Mr. Negron have a direct interest in the outcome of the election.

11. Specifically, Plaintiffs have a direct interest in this litigation by requesting the Court protect their constitutional rights by ensuring that the integrity of this year’s election is upheld at the Satellite Offices in Allegheny County.

12. One of the available ways to ensure the integrity of this year’s election is upheld at the Satellite Offices is to request the presence of poll watchers at these new locations.

13. To date, there have been no poll watchers allowed at the Satellite Offices.

14. In fact, recently, on October 14, 2020 and October 15, 2020, two voters in Allegheny County, Brian Chew (“**Mr. Chew**”) and Jay Hagerman (“**Mr. Hagerman**”), attempted to obtain poll watchers certificates for the purpose of serving as poll watchers at the Satellite Offices.

15. Mr. Chew and Mr. Hagerman were denied poll watchers certificates on the same date that they requested them. A copy of Mr. Chew and Mr. Hagerman's affidavits are attached as Exhibit "B."

16. As stated above, there is no question that the Satellite Offices in Allegheny County allow voters to cast their ballots.

17. Allowing poll watchers at traditional polling locations, but not allowing poll watchers at the Satellite Offices constitutes disparate treatment.

18. Further, allowing poll watchers at traditional polling locations, but not allowing poll watchers at the Satellite Offices violates Mr. Parnell and Mr. Negron's constitutional rights under the Equal Protection Clause of the 14th Amendment to the Constitution of the United States.

19. Although there has been previous election litigation to date, this specific issue has not been addressed by either the state or federal courts in the Commonwealth of Pennsylvania.

20. Accordingly, it is critical that this issue be decided before the November 3, 2020 general election, particularly, in light of more than 28,000 ballots recently being erroneously sent to voters in Allegheny County³ and before the next round of voting at the Satellite Offices scheduled for October 17, 2020 from 9:00 a.m. to 5:00 p.m. and October 18, 2020 from 11:00 a.m. to 7:00 p.m.

29. Defendant, Rich Fitzgerald, is the County Executive of Allegheny County and serves as a member of the Allegheny County Board of Elections. He is sued in his official capacity only.

30. Defendant, Samuel DeMarco III, is a member of the Allegheny County Council and serves as a member of the Allegheny County Board of Elections. He is sued in his official capacity only.

Factual Background

A. The Elections Clause Entrusts the Power to Regulate Federal Elections to the Legislature.

32. Voting is a fundamental right.

33. Article I, Section 4 of the U.S. Constitution states:

“The Times, Places and Manner of holding Election for Senators and Representatives, shall be prescribed in each State by Legislature thereof...”

34. The Board of Elections is not the legislature; however, they have improperly regulated the new Satellite Offices as if they were the legislature.

35. Additionally, as explained further herein, the Board of Elections recent directives are contrary to the Election Code.

36. What’s worse is that the Board of Elections missteps violate not only Plaintiffs’ constitutional rights, but the constitutional rights of all the citizens of Allegheny County – including those citizens who have been recently sent incorrect ballots.

37. The Board of Elections’ changing the rules of the ongoing federal election undoubtedly violate the Equal Protection Clause.

38. Plaintiffs only remedy is to seek declaratory and injunctive relieve to prevent imminent, ongoing, and continuing violations of law.

B. The Allegheny County Board of Elections Approved Satellite Offices.

39. On September 17, 2020, the Board of Elections voted unanimously to open Satellite Offices. *See* Ex. A.

40. The Board of Elections made the recommendation to open the Satellite Offices “because of concerns related to the pandemic and to ensure that voters have additional safe and

accessible options to vote over-the-counter or return their voted ballots.” A copy of the release is attached hereto as Exhibit “C.”

41. The Board of Elections focus was “improving...processes, confirming polling locations, recruiting, assigning and training poll workers, and taking additional measures to further strengthen the integrity of the election system.” *See* Ex. C.

42. The Satellite Offices will “have access to the Statewide Uniform Registry of Electors (SURE) system and will be staffed by county employees.” *Id.*

43. Voters will not be allowed to register at the Satellite Offices, like at the main Elections Office in Allegheny County, but they will be allowed to vote.

C. The Satellite Offices Allow for In-Person Voting.

44. “Offices will be able to accommodate over-the-counter voting and ballot return and will serve voters regardless of where they live in the county.” *Id.*

45. “Over-the-counter voting entails a voter going to the counter in the Elections Division and applying in-person for a mail-in or absentee ballot.”⁴

46. “The application is the same as the one found online and can be completed in advance of going to the County Office Building.” *Id.*

47. “Once the application is completed and submitted to the Elections staff, the application will be processed using the SURE system to ensure the voter is registered to vote, hasn’t already applied for a ballot, or has any other barriers to voting.” *Id.*

48. “Once reviewed and approved, the ballot for that person’s municipality, ward and precinct will be provided to the voter along with a security and declaration envelope, and instructions for voting.” *Id.*

⁴ <https://www.alleghenycounty.us/elections/additional-election-offices.aspx>

49. “Privacy screens will be set up on the counter to allow the voter to complete their ballot in secret.” *Id.*

50. “Once voted, the ballot is folded and placed in a security envelope which is then placed inside of a second envelope with the voter’s declaration printed on the back.” *Id.*

51. “The voter will complete and sign the declaration before returning the envelope to Elections staff.” *Id.*

52. “The voter’s record will be updated to show that the individuals ballot has been returned.” *Id.*

53. “Voted ballots are secured with the Elections Division before being transported to the Elections Warehouse where they are stored in a locked room...[and] remain there until 7AM on Election Day [November 3, 2020] when ballots may begin to be opened and counted.” *Id.*

D. The Election Code Allows for “Poll Watchers” to be Present Where Votes are Cast.

54. The position of “poll watcher” is codified in the Commonwealth of Pennsylvania under 25 P.S. § 2687 in the Election Code.

55. Poll watchers may be present “at any public session or sessions of the county board of elections, and at any computation and canvassing of returns of any primary or election and recount of ballots or recanvass of voting machines” under the Election Code. *See* 25 P.S. § 2650.

56. One poll watcher for each candidate, political party, or political body may “be present in the polling place...from the time that the election officers meet prior to the opening of the polls...until the time that the counting of votes is complete and the district register and voting check list is locked and sealed.” *See* 25 P.S. 2687(b).

57. A poll watcher “shall be authorized to serve in the election district for which the watcher was appointed and, when the watcher is not serving in the election district for which the

watcher was appointed, in any other election district in the county in which the watcher is a qualified registered elector.” *See* 25 P.S. § 2687(b).

58. “Watchers allowed in the polling place under the provision of [the Election Code], shall be permitted to keep a list of voters and shall be entitled to challenge any person making application to vote and to require proof of [her] qualifications as provided by [the Election Code].” *See* 25 P.S. § 2687.

59. Watchers are permitted to “inspect the voting check list and either of the two numbered lists of voters maintained by the county board.” *Id.*

60. In sum, poll watchers are critical to the integrity of all elections – and even more critical during this election – in the midst of a pandemic.

E. Defendants will Not Allow Plaintiffs to have Poll Watchers at the Satellite Offices.

61. Plaintiffs desire to have poll watchers at the Satellite Offices.

62. Mr. Chew and Mr. Hagerman attempted to obtain poll watchers certificates on October 14 and 15, 2020, but were denied. *See* Ex. B.

63. Defendants’ denial of Plaintiffs’ right to have poll watchers at the Satellite Offices constitutes disparate treatment of voting locations in Allegheny County.

64. Defendants’ denial of Plaintiffs’ right to have poll watchers at the Satellite Offices violates their constitutional rights along with the constitutional rights of all citizen voters in Allegheny County.

F. Defendants Have Already Mishandled Over 28,000 Ballots.

65. On October 14, 2020, the Board of Elections announced that 28,879 voters in Allegheny County received incorrect ballots. A copy of the Board of Elections press releases and statements are attached as Exhibit “D.”

66. The Elections Code provides that this error should have been handled by issuing these affected voters a provisional ballot.

67. Instead, the Board of Elections determined, in an arbitrary and capricious manner, to provide a reissued ***official, non-provisional ballot*** to voters who had already cast their votes in the election – or at least already received an official ballot.

68. Additionally, the Board of Elections decided to access, handle, review, and inspect the previously issued sealed official mail-in ballots prior to election day.

69. By issuing revised ballots, rather than provisional ballots, voters may have already submitted their errant official mail-in ballot.

70. Further, all of these decisions have been made while voting continues; and specifically continues at the Satellite Offices without the presence of poll watchers to determine that votes are being accurately cast.

G. These Issues are Ripe and are Justiciable before this Court.

71. Plaintiffs recognize that courts in the Western District have recently abstained from election litigation. *See Donald J. Trump for Pres., Inc. v. Boockvar*, 2:20-CV-966, 2020 WL 5997680, at *74 (W.D. Pa. Oct. 10, 2020) (where Judge Ranjan held that the prohibition of poll watchers from being present at the county election offices, satellite offices, and designated ballot-return sites, “is directly related to the unsettled state-law question of whether drop boxes and other satellite locations are “polling places” as envisioned under the Election Code,” and “[i]f they are, then Plaintiffs may be right in that poll watchers must be allowed to be present.”).

72. In that case, the Court also stated it found “comfort that Plaintiffs will be able to seek timely resolution of these issues,” and relied on a lawsuit filed in the Court of Common Pleas of Philadelphia as support for its comfort. *Id.*

73. However, the issues that were before the Court in *Trump v. Boockvar*, and that were before the Court of Common Pleas of Philadelphia, are distinguishable from the issues raised in this lawsuit because the Allegheny County Board of Elections has ***expressly denied*** poll watchers from being present in a location where ballots are cast – and are continuing to be cast – ***this weekend***.

74. Further, the Court of Common Pleas of Philadelphia analyzed satellite offices that allowed for voters to both register and vote – which is distinguishable from Allegheny County’s allowance only for voters to cast their ballot at the Satellite Offices.

75. These cases are also distinguishable because the Board of Elections has mishandled over 28,000 ballots.

76. Unlike the Court in *Trump v. Boockvar*, Plaintiffs do not have comfort that their constitutional rights – along with the constitutional rights of all the citizens of Allegheny County – are being protected and time is running out – or may have already ran out – to prevent immediate and irreparable harm.

COUNT I – ALL DEFENDANTS
Violation of the Elections Clause

77. Plaintiffs incorporate the foregoing paragraphs as though the same were fully set forth at length herein.

78. The Elections Clause provides that “[t]he Times, Places, and Manner of holding Elections for Senators and Representatives, shall be prescribed in [Pennsylvania] by the Legislature thereof...” *See* U.S. Const. art. I § 4, cl. 1.

79. This mandate under the Elections Clause operates as a limitation on how the Allegheny County Board of Elections can regulate federal elections.

80. The Board of Elections identified 28,879 voters within Allegheny County that received incorrect absentee and mail-in ballots.

81. Prior to the public announcement, the Board of Elections began to issue revised official ballots to voters who already had been provided official ballots.

82. The Board of Elections issued revised ballots without knowing whether the recipient voters had already voted.

83. On October 14, 2020, the Board of Elections, and its employees, physically accessed, handled, reviewed, and inspected the sealed official ballots in violation of the Election Code.

84. The Board of Elections also segregated a portion of the ballots.

85. The Board of Elections, as stated above, is legally obligated to “safely keep the ballots in sealed or locked containers until they are to be canvassed by the county board of elections.”

86. The Board of Elections usurped the powers of the Pennsylvania legislature by unilaterally rewriting the Elections Code in violation of the Elections Clause.

COUNT II – ALL DEFENDANTS
Violation of the Equal Protection Clause

87. Plaintiffs incorporate the foregoing paragraphs as though the same were fully set forth at length herein.

88. The Equal Protection Clause requires governments to act in a rational and non-arbitrary fashion.

89. The Equal Protection Clause prevents a particular class of individuals from being denied the ability engage in an activity that other similarly situated individuals are allowed to engage in.

90. Defendants conduct with regard to poll watchers violates the Equal Protection Clause of the 14th Amendment to the United States Constitution.

91. Defendants are rewriting the Election Code in place of the legislature of Pennsylvania.

92. Further, Defendants are preventing Plaintiffs the ability to have poll watchers at the Satellite Offices despite voters being allowed to cast in-person votes at the Satellite Offices.

93. Poll watchers will be allowed to be present at other polling places throughout Allegheny County.

94. Defendants' plan is an arbitrary decision making process that allows poll watchers in some polling places, but not others, including the Satellite Offices.

95. Defendants' actions will cause Plaintiffs to be deprived of their right to use poll watchers under the Election Code violating the Equal Protection Clause.

PRAYER FOR RELIEF

WHEREFORE, Plaintiffs, Sean Parnell and Luke Negron, pray for judgment against Defendants, Allegheny County Board of Elections, Rich Fitzgerald, Samuel DeMarco III, and Bethany Hallam as follows:

- a. for the Court to determine the validity of the ballots already cast at the Satellite Offices in Allegheny County;
- b. a Declaratory Judgment that denying poll watchers at the Satellite Offices in Allegheny County is unconstitutional for the reasons stated herein, and that the actions of the Defendants are unconstitutional;
- c. a declaration that the rights of the voters of Allegheny County have been violated by the various actions of the Defendants and that the Defendants are enjoined from engaging in such violations and declaring them to be null and void ab initio;
- d. a permanent injunction to prohibit Defendants from denying poll watchers at the Satellite Offices in Allegheny County;

- e. an award of costs and expenses, including reasonable attorneys' fees under 42 U.S.C. §§ 1983 and 1988; and
- f. such other relief as this Court deems appropriate.

Elections Board to Consider Proposal for Additional Offices

Secure, Accessible Sites to Provide Over-the-Counter Voting, Return of Voted Ballots

PITTSBURGH – The Board of Elections will be conducting a virtual meeting on Thursday, September 17 at 2:00 p.m. to review plans for the 2020 Presidential Election. The Elections Division will be presenting a plan to the board for its consideration which proposes additional offices only open on specific dates and times leading up to the November 3 election. The recommendation is being made because of concerns related to the pandemic and to ensure that voters have additional safe and accessible options to vote over-the-counter or return their voted ballots.

“Since the June election, we have focused on improving our processes, confirming polling locations, recruiting, assigning and training poll workers, and taking additional measures to further strengthen the integrity of the election system,” said Dave Voye, Elections Division Manager. “We have also heard clearly that voters remain concerned about COVID and their own health and welfare. With that in mind, we have worked on this proposed plan, consistent with guidance from the Pennsylvania Department of State, that will provide additional options for voters to engage in the democratic process.”

The proposed plan will be discussed in detail at the September 17 meeting, but proposes board offices and hours as follows:

Saturday, October 10 – Hours: 9 AM to 5 PM

- County Office Building
- North Park Ice Rink
- South Park Ice Rink
- DPW Garage # 2 (Carnegie)
- CCAC Homewood

Sunday, October 11 – Hours: 11 AM to 7 PM

- County Office Building
- North Park Ice Rink
- South Park Ice Rink
- DPW Garage # 2 (Carnegie)
- CCAC Homewood

Saturday, October 17 – Hours: 9 AM to 5 PM

- County Office Building
- South Park Ice Rink
- CCAC South
- Boyce Park Ski Lodge
- Shop ‘n Save Hill District

Sunday, October 18 – Hours: 11 AM to 7 PM

- County Office Building

Each office will have access to the Statewide Uniform Registry of Electors (SURE) system and will be staffed by county employees. Offices will be able to accommodate over-the-counter voting and ballot return and will serve voters regardless of where they live in the county. As a result, the over-the-counter voting will likely take longer than going to a typical polling place on Election Day, though voters will be able to return their previously applied-for and voted ballots quickly. Voters are encouraged to

apply now for mail-in and absentee ballots rather than waiting and can do so online at <https://votespa.com/ApplyMailBallot>.

The public may view the meeting at <https://bit.ly/35re12Z>. Anyone wishing to address the board must submit their comments in writing prior to 2 p.m. on Wednesday, September 16, 2020 to BOE@AlleghenyCounty.us and they will be read into the record.

Midwest Direct to Reissue Corrected Ballots to County Voters

Mailing to be Completed by October 17 with Most Ballots Delivered Week of October 19

PITTSBURGH – The Elections Division announced today that a ballot image mapping error by the company contracted to handle the printing, collating and mailing of ballots has resulted in 28,879 voters in Allegheny County receiving incorrect ballots. Those mailings are being corrected and new, correct ballots will be delivered to the post office beginning on Thursday, October 15 through Saturday, October 17. Most are expected to be delivered to voters the week of October 19.

The mailing by Midwest Direct is from a batch of 32,318 voters whose date of mailing shows in the state ballot tracker as September 28, 2020. There were no issues with the county data, but a ballot image mapping error by Midwest resulted in individual voter's information being matched to the ballot for the next voter in that batch.

On Friday, October 9, 2020, the Elections office received communications from approximately 20 county voters who received their mail-in or absentee ballot packets but found that they had been sent the wrong ballot. Division staff immediately reached out to Midwest Direct to suspend mailings and directed the company to begin investigating what occurred. As elections identified impacted voters, the ballots were reissued in-house, but no ballots were sent out after Friday.

Midwest Direct identified and corrected the issue yesterday, October 13, and began printing the correct ballots for voters. Moving forward, a printout of the first and last 10 records will be generated for every file showing which images are being used. That printout will be compared to the actual printed ballots before inserting to verify correct images have been pulled. A second data processor will also review the files to create a two-person check.

Beginning this morning, Elections Division staff is manually locating and segregating all ballots received from voters that were included in this batch. Those ballots will be set aside and reviewed as part of the Return Board process following the election. Only one ballot will be counted per voter.

The corrected, re-issued ballots will be identified on the envelope that the voter receives. Additionally, the declaration envelope will also have identification on it to indicate that it is the envelope that should be used to return the corrected ballot. Only one ballot will be counted for each voter.

Midwest Direct had 19,564 ballots that were set to be delivered to the post office when this error was first reported. That initial run has been destroyed and the ballots are being reprinted. The print will be verified and the ballot packets will be delivered on Wednesday and Thursday to the post office. The mailing includes those ballots showing in the state's ballot tracker as having been mailed on October 3 and October 5, 2020.

As an additional security measure, voters who are included in this batch of ballots will not be able to have a new ballot issued except through this mailing until October 26. Voters who have not received their corrected ballot by October 26 may go to the downtown office of the Elections Division, or contact the office, for a reissuance.

Within the next 24 hours, the Elections Division will have a search feature available on its webpage that will allow voters, using their name or voter ID number, to determine if they are part of the impacted batch. In the

interim, voters may use the state's [online ballot tracker](#) to look up when their ballot was mailed. It can be found in the column "Ballot Mailed On." If the date is 09/28/2020, you may have received an incorrect ballot.

Voters may always view the sample ballot for their municipality, ward and district on the county's [webpage](#). If a voter is unsure of his or her municipality, ward and district, they can use the state's "[Find Voter Registration Status](#)" tool. On the page, where the polling place address is listed, the municipality, ward and district are also found.

ALLEGHENY COUNTY

ALWAYS INSPIRING

**Statement by David Voye, Manager of the Elections Division
October 14, 2020**

Good morning. Thank you for joining us.

My name is Dave Voye and I am the Elections Division Manager. With me today are Chet Harhut, Deputy Division Manager; Jerry Tyskiewicz, Administrative Services Director; Andy Szefi, County Solicitor; and Al Opsitnick, Assistant County Solicitor.

This past Friday, we announced that we had received communications from approximately 20 county voters who received their mail-in or absentee ballot packets but found that they had been sent the wrong ballot.

Division staff immediately reached out to Midwest Direct, our vendor which the county contracted with to handle the printing, collating and mailing of ballots, about the problem. The company was directed to suspend mailings immediately and to begin investigating what occurred. The division staff began creating a list of identified, impacted voters and reissued a number of ballots for those voters.

On Friday evening, we posted information to that effect on the Election's webpage, on the county's social media channels and issued the same to voters through Allegheny Alerts and NextDoor. We also provided the same to media in response to inquiries. We have continued to add to that list, and reissued ballots throughout the weekend and holiday, although no ballots were mailed out after Friday.

After ongoing communications with Midwest Direct, we were notified yesterday by the company that they had identified the error and were able to tell us the number of impacted voters. There were no issues with the county data, but a ballot image mapping error by Midwest has resulted in 28,879 voters in Allegheny County receiving incorrect ballots.

The mailing by Midwest Direct is from a batch of 32,318 voters whose date of mailing shows in the state ballot tracker as September 28, 2020. The mapping error resulted in individual voter's information being matched to the ballot for the next voter in that batch.

Midwest Direct identified and corrected the issue yesterday, October 13, and began printing the correct ballots for voters. Moving forward, Midwest will create a printout of the first and last 10 records which will be generated for every file showing which images are being used. That printout will be compared to the actual printed ballots before inserting to verify correct images have been pulled. A second data processor will also review the files to create a two-person check.

Beginning this morning, Elections Division staff is manually locating and segregating all ballots received from voters that were included in this batch. Those ballots will be set aside and reviewed as part of the Return Board process following the election.

New, correct ballots are being sent to all 28,879 voters. Those ballot packets will be delivered to the post office beginning on Thursday, October 15 through Saturday, October 17. Most are expected to be delivered to voters the week of October 19.

The corrected, re-issued ballots will be identified on the envelope that the voter receives. Additionally, the declaration envelope will also have identification on it to indicate that it is the envelope that should be used to return the corrected ballot. Only one ballot will be counted for each voter.

As an additional security measure, voters who are included in this batch of ballots will not be able to have a new ballot issued except through this mailing until October 26. Voters who have not received their corrected

ballot by October 26 may go to the downtown office of the Elections Division, or contact the office, for a reissuance.

Within the next 24 hours, the Elections Division will have a search feature available on its webpage that will allow voters, using their name or voter ID number, to determine if they are part of the impacted batch. In the interim, voters may use the state's [online ballot tracker](#) to look up when their ballot was mailed. It can be found in the column "Ballot Mailed On." If the date is 09/28/2020, you may have received an incorrect ballot.

Voters may always view the sample ballot for their municipality, ward and district on the county's [webpage](#). If a voter is unsure of his or her municipality, ward and district, they can use the state's "[Find Voter Registration Status](#)" tool. On the page, where the polling place address is listed, the municipality, ward and district are also found.

As of this morning, the division has approved applications for 371,062 voters. Of those, approximately 35,000-40,000 are remaining to be mailed.

Midwest Direct had 19,564 ballots that were being processed but had not yet been printed. That batch will now be verified, printed and the ballot packets will be delivered on Wednesday and Thursday to the post office. The mailing includes those ballots showing in the state's ballot tracker as having been mailed on October 3 and October 5, 2020.

Once the re-issuance of ballots is complete this weekend, Midwest Direct will verify, print and prepare the ballot packets for the remaining 30,000 voters.

The integrity of our election system is of utmost importance to me as the Elections Division Manager and to our entire team. Voters in this county should be confident that their votes are accurately counted and protected. Our very system of government depends on free and fair elections and nothing underscores that more than a presidential election.

In 2016, a total of 660,009 Allegheny County voters cast ballots in the presidential election. We are on pace to see that turnout figure be even higher in this election. With a little under three weeks to go, it is imperative that we ensure that our election system is one which voters can trust.

I pledge to be fair and transparent in the work that we are doing, and about the work being done on our behalf. This was a failure on behalf of our contractor that impacts too many of our voters. I apologize for it and commit to you that I will do everything in my power to ensure that we are not plagued by any other such issues.

15, 2020 and were denied access to such certificates. This will leave the Satellite Offices in Allegheny County with no poll watchers to verify the security of the votes cast at those locations.

There is a substantial probability that the Plaintiffs will succeed in their challenge that the Board of Elections actions are a direct violation of Article I, Section 4 of the United States Constitution which provides that “The Times, Places and Manner of holding Election for Senators and Representatives, shall be prescribed in each State *by the Legislature thereof*. . .” Art. I, Sec. 4 United States Const (emphasis added) as well as a violation of the Equal Protection Clause of the 14th Amendment to the United State Constitution.

Further, the harm to the Defendants will be minimal if Plaintiff’s requested relief is granted because both Plaintiffs and Defendants have a direct interest in maintaining election security and integrity. Allowing poll watchers access to be present at the Satellite Offices is warranted to ensure the integrity of election.

Therefore, it is hereby ordered that:

1. The temporary restraining order is immediately granted, and the Allegheny County Board of Elections is hereby enjoined from denying poll watchers access to their satellite voting locations.
