Using Search

To pinpoint a specific topic, simply type a search query into the search box and click the red search button. You can search by article title, keyword, case title or number, company or firm.

Your query will yield any matching organizations, news articles, or federal, PTAB and TTAB cases.
Advanced Search

For more advanced searches, click ADVANCED SEARCH below the search box. Use the menu on the left to toggle between news & expert analysis, cases, industries, companies, firms, government agencies, PTAB and TTAB cases, and PTAB and TTAB documents.

News results can be narrowed further by industry, legislative/regulatory topic, litigation type, practice area, rankings and other Law360 series, global region, state or article subject.

For help with advanced searches, check out the Law360 Advanced Search Guide.
Advanced Search: Cases
Platform subscription required

To search our database of over 2.1 million federal cases, type a party, counsel, judge or subject matter into the search box, and click the red search button. You can also use case type, matter, court and industry filters to further narrow your search.

Note: The Law360 case database includes most federal district court cases with significant action since January 2011.
Advanced Search: Cases
Platform subscription required

Select a case and you’ll find recent docket activity, as well as case details such as case number, jurisdiction, nature of suit, parties and counsel, related patents and related Law360 coverage.
