Welcome to the 2023 Law360 Law Firm Survey! If you're looking for the survey that your firm previously filled out for the Diversity Snapshot and Glass Ceiling rankings, you've come to the right place.

The survey focuses on law firms that are U.S.-based or have at least 50 attorneys in the United States. Answers to frequently asked questions about our survey can be found here. If you have questions, please email surveys@law360.com.

- Your email address
  __________________________________________
- Your title
  __________________________________________
- Your firm’s name
  Please begin typing your firm’s name and select it if it appears. Please do not record your firm’s name differently than it appears in this field; published names will need to conform to Law360’s style guide and will not always reflect what’s seen here.
  __________________________________________
Are any of your firm’s lawyers based outside of the United States?

- Yes
- No

If your law firm only wants to confirm total attorney headcounts, indicate that here and you will be routed to that section of the survey.

Please note that confirming headcounts only and declining to respond to the rest of the survey would make the firm ineligible for the Diversity Snapshot, Women in Law report and Law360 Pulse Social Impact Leaders. It would also receive a penalty on its score for the Law360 Pulse Leaderboard.

- I’m here for the entire survey!
  - If YES, the firm continues to the rest of the survey.
- I only want to provide the firm’s total headcount.
  - If YES: Total headcounts
    - Enter your firm’s total number of attorneys as headcounts, NOT full-time equivalents, as of Dec. 31, 2022.

Firm Structure

Law360 uses the following definitions for each attorney level:

- **Equity partners** are defined as partners who receive a majority of their compensation from a share of the firm’s profits.
- **Nonequity partners** are defined as partners who do not receive a majority of their compensation from a share of the firm’s profits.

If your firm has any nonequity partners, please select the two-tier option below.

- What kind of partnership structure does your firm have?
  - One tier (all partners are equity)
  - Two tier (there are equity and nonequity partners)
  - Other (please explain here; the two-tier version of this survey follows)
● Is your firm structured as a Swiss verein?
  ❑ Yes
  ❑ No

● IF TWO TIER: Are you providing details on both equity and nonequity partners?
  ❑ Yes
  ❑ No

A full partner breakdown is preferred and supplied by the vast majority of firms, but Law360 also welcomes submissions for total partners. If you click No, the online form will guide you to enter data on a total-partner basis throughout the survey.

Overall Attorney Headcounts

Where headcount figures are requested, each attorney who worked at your firm as of Dec. 31 should be counted once, regardless of whether they’re full-time or part-time. All attorney data should be on this basis, with the exception of the 2022 FTE (full-time equivalent) requests in the table below.

In addition, Law360 uses the following definitions for each attorney level:

● **Equity partners** are partners who receive a majority of their compensation from a share of the firm’s profits.

● **Nonequity partners** are partners who do not receive a majority of their compensation from a share of the firm’s profits.

● **Associates** are salaried attorneys who do not receive a share of the firm’s profits. Typically, they have “associate” in their job titles.

● **Other lawyers** are attorneys who are not partners or associates and are not temporarily employed attorneys hired for one particular matter. Typically, they are senior counsel, special counsel, of counsel and staff attorneys.

For more tips on counting attorneys in your firm’s totals, please see our FAQ.

Attorney Demographics
List how many U.S.-based attorneys your firm had in the following categories last year. For this headcount breakdown and all the rest to come on the survey, we will only be asking for U.S.-based headcounts as of Dec. 31, 2022. The data collected in this section will be used for the Diversity Snapshot, Women in Law report, Law360 Pulse Social Impact Report and Law360 Pulse Leaderboard.

Count each attorney as "1" in a single category. If an attorney chooses to not identify as any race, ethnicity or gender, mark them in the applicable “declines to identify” category.

Please note that Law360’s survey follows the definitions of race and ethnicity used by the Equal Employment Opportunity Commission in its annual Employer Information EEO-1 survey. If you have further questions about our demographics requests, please look at the FAQ.
