Current Appropriations Clause in Bill

The bill neither requires nor contains an appropriation clause for FY 2020-21.

Points to Consider*General Fund Impact*

This bill is anticipated to reduce General Fund revenues by \$39.3 to \$52.8 million in FY 2020-21, reducing the amount of General Fund available for other purposes in FY 2020-21 or FY 2021-22 by the same amount.

There is significant uncertainty regarding the total amount of General Fund revenue that will be available in FY 2020-21 and FY 2021-22.

- *FY 2019-20 General Fund Reserve.* Based on the September 2020 economic forecasts, both the Office of State Planning and Budgeting (OSPB) and Legislative Council Staff (LCS) anticipate the General Fund reserve for the fiscal year ending June 30, 2020 to exceed the statutorily required reserve of \$363.5 million (3.07 percent of FY 2019-20 General Fund appropriations). OSPB anticipates an excess reserve of \$1,427.2 million and LCS anticipates an excess reserve of \$1,265.5 million.
- *FY 2020-21 General Fund Reserve.* The required General Fund reserve for the fiscal year ending June 30, 2021 is 2.86 percent of FY 2020-21 General Fund appropriations (currently \$306.9 million). Based on the September 2020 economic forecasts, both OSPB and LCS anticipate the General Fund reserve for the fiscal year ending June 30, 2021 to exceed the statutorily required reserve.
- *General Fund Revenue Uncertainty.* The OSPB and LCS projections of gross General Fund revenues to be collected in FY 2020-21 differ significantly, with the OSPB projections exceeding those of LCS by \$887.6 million in FY 2020-21 and by \$292.0 million in FY 2021-22. In addition, the quarterly September 2020 economic forecasts do not reflect the revenue impacts of voter-approved statewide ballot measures (e.g., Proposition 116 which reduced the state income tax rate) or the economic impacts associated with the recent increases in COVID-19 cases. The economic forecasts that will be released on Friday, December 18, 2020, will reflect these impacts.
