(4) The lease price offered by a district board to a community school, college-preparatory boarding school, or STEM school under this section shall not be higher than the fair market value for such a leasehold as determined in an appraisal that is not more than one year old.

(5) If no qualified party offered the property under division (B) of this section accepts the offer to lease or buy the property within sixty days after the offer is made, the district board may offer the property to any other

entity in accordance with divisions (A) to (F) of section 3313.41 of the Revised Code.

(D) Notwithstanding division (B) of this section, a school district board may renew any agreement it originally entered into prior to June 30, 2011, to lease real property to an entity other than a community school, college-preparatory boarding school, or STEM school.  - (iv) Computer science.

No student shall substitute a computer science course for a life sciences or biology course under division (C)(5) of this section.

(6) History and government, one unit, which shall comply with division (M) of this section and shall include both of the following:

- (a) American history, one-half unit;
 - (b) American government, one-half unit.
- (7) Social studies, two units.

Each school shall integrate the study of economics and financial literacy, as expressed in the social studies academic content standards adopted by the state board of education under division (A)(1) of section 3301.079 of the Revised Code and the academic content standards for financial literacy and entrepreneurship adopted under division (A)(2) of that section, into one or more existing social studies credits required under division (C)(7) of this section, or into the content of another class, so that every high school student receives instruction in those concepts. In developing the curriculum required by this paragraph, schools shall use available public-private partnerships and resources and materials that exist in business, industry, and through the centers for economics education at institutions of higher education in the state.

Beginning with students who enter ninth grade for the first time on or after July 1, 2017, the two units of instruction prescribed by division (C)(7) of this section shall include at least one-half unit of instruction in the study of world history and civilizations.

(8) Five units consisting of one or any combination of foreign language, fine arts, business, career-technical education, family and consumer sciences, technology which may include computer science, agricultural education, a junior reserve officer training corps (JROTC) program approved by the congress of the United States under title 10 of the United States Code, or English language arts, mathematics, science, or social studies courses not otherwise required under division (C) of this section.

Ohioans must be prepared to apply increased knowledge and skills in the workplace and to adapt their knowledge and skills quickly to meet the rapidly changing conditions of the twenty-first century. National studies indicate that all high school graduates need the same academic foundation, regardless of the opportunities they pursue after graduation. The goal of Ohio's system of elementary and secondary education is to prepare all students for and seamlessly connect all students to success in life beyond high school graduation, regardless of whether the next step is entering the workforce, beginning an apprenticeship, engaging in post-secondary training, serving in the military, or pursuing a college degree.

The requirements for graduation prescribed in division (C) of this section are the standard expectation for all students entering ninth grade for the first time at a public or chartered nonpublic high school on or after July 1, 2010. A student may satisfy this expectation through a variety of methods, including, but not limited to, integrated, applied, career-technical, and traditional coursework.

Stronger coordination between high schools and institutions of higher education is necessary to prepare students for more challenging academic endeavors and to lessen the need for academic remediation in college, thereby reducing the costs of higher education for Ohio's students, families, and the state. The state board and the chancellor of higher education shall develop policies to ensure that only in rare instances will students who complete the requirements for graduation prescribed in division (C) of this section require academic remediation after high school.

School districts, community schools, and chartered nonpublic schools shall integrate technology into learning experiences across the curriculum in order to maximize efficiency, enhance learning, and prepare students for success in the technology-driven twenty-first century. Districts and schools shall use distance and web-based course delivery as a method of providing or augmenting all instruction required under this division, including laboratory experience in science. Districts and schools shall utilize technology access and electronic learning opportunities provided by the broadcast educational media commission, chancellor, the Ohio learning network, education technology centers, public television stations, and other public and private providers.

(D) Except as provided in division (E) of this section, a student who enters ninth grade on or after July 1, 2010, and before July 1, 2016, may qualify for graduation from a public or chartered nonpublic high school even though the student has not completed the requirements for graduation prescribed in division (C) of this section if all of the following conditions are satisfied:

(1) During the student's third year of attending high school, as determined by the school, the student and the student's parent, guardian, or custodian sign and file with the school a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(2) The student and parent, guardian, or custodian fulfill any procedural

requirements the school stipulates to ensure the student's and parent's, guardian's, or custodian's informed consent and to facilitate orderly filing of statements under division (D)(1) of this section. Annually, each district or school shall notify the department of the number of students who choose to qualify for graduation under division (D) of this section and the number of students who complete the student's success plan and graduate from high school.

(3) The student and the student's parent, guardian, or custodian and a representative of the student's high school jointly develop a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(4) The student's high school provides counseling and support for the student related to the plan developed under division (D)(3) of this section during the remainder of the student's high school experience.

(5)(a) Except as provided in division (D)(5)(b) of this section, the student successfully completes, at a minimum, the curriculum prescribed in division (B) of this section.

(b) Beginning with students who enter ninth grade for the first time on or after July 1, 2014, a student shall be required to complete successfully, at the minimum, the curriculum prescribed in division (B) of this section, except as follows:

(i) Mathematics, four units, one unit which shall be one of the following:

(I) Probability and statistics;

(II) Computer science;

(III) Applied mathematics or quantitative reasoning;

(IV) Any other course approved by the department using standards established by the superintendent not later than October 1, 2014.

(ii) Elective units, five units;

(iii) Science, three units as prescribed by division (B) of this section which shall include inquiry-based laboratory experience that engages students in asking valid scientific questions and gathering and analyzing information.

~~The department, in collaboration with the chancellor, shall analyze student performance data to determine if there are mitigating factors that warrant extending the exception permitted by division (D) of this section to high school classes beyond those entering ninth grade before July 1, 2016. The department shall submit its findings and any recommendations not later~~

~~than December 1, 2015, to the speaker and minority leader of the house of representatives, the president and minority leader of the senate, the chairpersons and ranking minority members of the standing committees of the house of representatives and the senate that consider education legislation, the state board of education, and the superintendent of public instruction.~~

(E) Each school district and chartered nonpublic school retains the authority to require an even more challenging minimum curriculum for high school graduation than specified in division (B) or (C) of this section. A school district board of education, through the adoption of a resolution, or the governing authority of a chartered nonpublic school may stipulate any of the following:

(1) A minimum high school curriculum that requires more than twenty units of academic credit to graduate;

(2) An exception to the district's or school's minimum high school curriculum that is comparable to the exception provided in division (D) of this section but with additional requirements, which may include a requirement that the student successfully complete more than the minimum curriculum prescribed in division (B) of this section;

(3) That no exception comparable to that provided in division (D) of this section is available.

If a school district or chartered nonpublic school requires a foreign language as an additional graduation requirement under division (E) of this section, a student may apply one unit of instruction in computer coding to satisfy one unit of foreign language. If a student applies more than one computer coding course to satisfy the foreign language requirement, the courses shall be sequential and progressively more difficult.

(F) A student enrolled in a dropout prevention and recovery program, which program has received a waiver from the department, may qualify for graduation from high school by successfully completing a competency-based instructional program administered by the dropout prevention and recovery program in lieu of completing the requirements for graduation prescribed in division (C) of this section. The department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the program meets all of the following conditions:

(1) The program serves only students not younger than sixteen years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their initial enrollment, either, or both, are at least one grade level behind their cohort

age groups or experience crises that significantly interfere with their academic progress such that they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the applicable score designated for each of the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code or, to the extent prescribed by rule of the state board under division (D)(5) of section 3301.0712 of the Revised Code, division (B)(2) of that section.

(4) The program develops a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student's matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(5) The program provides counseling and support for the student related to the plan developed under division (F)(4) of this section during the remainder of the student's high school experience.

(6) The program requires the student and the student's parent, guardian, or custodian to sign and file, in accordance with procedural requirements stipulated by the program, a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(7) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board under section 3301.079 of the Revised Code will be taught and assessed.

(8) Prior to receiving the waiver, the program has submitted to the department a policy on career advising that satisfies the requirements of section 3313.6020 of the Revised Code, with an emphasis on how every student will receive career advising.

(9) Prior to receiving the waiver, the program has submitted to the department a written agreement outlining the future cooperation between the program and any combination of local job training, postsecondary education, nonprofit, and health and social service organizations to provide services for students in the program and their families.

Divisions (F)(8) and (9) of this section apply only to waivers granted on or after July 1, 2015.

If the department does not act either to grant the waiver or to reject the

program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(G) Every high school may permit students below the ninth grade to take advanced work. If a high school so permits, it shall award high school credit for successful completion of the advanced work and shall count such advanced work toward the graduation requirements of division (B) or (C) of this section if the advanced work was both:

(1) Taught by a person who possesses a license or certificate issued under section 3301.071, 3319.22, or 3319.222 of the Revised Code that is valid for teaching high school;

(2) Designated by the board of education of the city, local, or exempted village school district, the board of the cooperative education school district, or the governing authority of the chartered nonpublic school as meeting the high school curriculum requirements.

Each high school shall record on the student's high school transcript all high school credit awarded under division (G) of this section. In addition, if the student completed a seventh- or eighth-grade fine arts course described in division (K) of this section and the course qualified for high school credit under that division, the high school shall record that course on the student's high school transcript.

(H) The department shall make its individual academic career plan available through its Ohio career information system web site for districts and schools to use as a tool for communicating with and providing guidance to students and families in selecting high school courses.

(I) A school district or chartered nonpublic school may integrate academic content in a subject area for which the state board has adopted standards under section 3301.079 of the Revised Code into a course in a different subject area, including a career-technical education course, in accordance with guidance for integrated coursework developed by the department. Upon successful completion of an integrated course, a student may receive credit for both subject areas that were integrated into the course. Units earned for subject area content delivered through integrated academic and career-technical instruction are eligible to meet the graduation requirements of division (B) or (C) of this section.

For purposes of meeting graduation requirements, if an end-of-course examination has been prescribed under section 3301.0712 of the Revised Code for the subject area delivered through integrated instruction, the school district or school may administer the related subject area examinations upon the student's completion of the integrated course.

Nothing in division (I) of this section shall be construed to excuse any

school district, chartered nonpublic school, or student from any requirement in the Revised Code related to curriculum, assessments, or the awarding of a high school diploma.

(J)(1) The state board, in consultation with the chancellor, shall adopt a statewide plan implementing methods for students to earn units of high school credit based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. The state board shall adopt the plan not later than March 31, 2009, and commence phasing in the plan during the 2009-2010 school year. The plan shall include a standard method for recording demonstrated proficiency on high school transcripts. Each school district and community school shall comply with the state board's plan adopted under this division and award units of high school credit in accordance with the plan. The state board may adopt existing methods for earning high school credit based on a demonstration of subject area competency as necessary prior to the 2009-2010 school year.

(2) Not later than December 31, 2015, the state board shall update the statewide plan adopted pursuant to division (J)(1) of this section to also include methods for students enrolled in seventh and eighth grade to meet curriculum requirements based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. Beginning with the 2017-2018 school year, each school district and community school also shall comply with the updated plan adopted pursuant to this division and permit students enrolled in seventh and eighth grade to meet curriculum requirements based on subject area competency in accordance with the plan.

(3) Not later than December 31, 2017, the department shall develop a framework for school districts and community schools to use in granting units of high school credit to students who demonstrate subject area competency through work-based learning experiences, internships, or cooperative education. Beginning with the 2018-2019 school year, each district and community school shall comply with the framework. Each district and community school also shall review any policy it has adopted regarding the demonstration of subject area competency to identify ways to incorporate work-based learning experiences, internships, and cooperative education into the policy in order to increase student engagement and opportunities to earn units of high school credit.

(K) This division does not apply to students who qualify for graduation from high school under division (D) or (F) of this section, or to students pursuing a career-technical instructional track as determined by the school

district board of education or the chartered nonpublic school's governing authority. Nevertheless, the general assembly encourages such students to consider enrolling in a fine arts course as an elective.

Beginning with students who enter ninth grade for the first time on or after July 1, 2010, each student enrolled in a public or chartered nonpublic high school shall complete two semesters or the equivalent of fine arts to graduate from high school. The coursework may be completed in any of grades seven to twelve. Each student who completes a fine arts course in grade seven or eight may elect to count that course toward the five units of electives required for graduation under division (C)(8) of this section, if the course satisfied the requirements of division (G) of this section. In that case, the high school shall award the student high school credit for the course and count the course toward the five units required under division (C)(8) of this section. If the course in grade seven or eight did not satisfy the requirements of division (G) of this section, the high school shall not award the student high school credit for the course but shall count the course toward the two semesters or the equivalent of fine arts required by this division.

(L) Notwithstanding anything to the contrary in this section, the board of education of each school district and the governing authority of each chartered nonpublic school may adopt a policy to excuse from the high school physical education requirement each student who, during high school, has participated in interscholastic athletics, marching band, show choir, or cheerleading for at least two full seasons or in the junior reserve officer training corps for at least two full school years. If the board or authority adopts such a policy, the board or authority shall not require the student to complete any physical education course as a condition to graduate. However, the student shall be required to complete one-half unit, consisting of at least sixty hours of instruction, in another course of study. In the case of a student who has participated in the junior reserve officer training corps for at least two full school years, credit received for that participation may be used to satisfy the requirement to complete one-half unit in another course of study.

(M) It is important that high school students learn and understand United States history and the governments of both the United States and the state of Ohio. Therefore, beginning with students who enter ninth grade for the first time on or after July 1, 2012, the study of American history and American government required by divisions (B)(6) and (C)(6) of this section shall include the study of all of the following documents:

- (1) The Declaration of Independence;
- (2) The Northwest Ordinance;

(3) The Constitution of the United States with emphasis on the Bill of Rights;

(4) The Ohio Constitution.

The study of each of the documents prescribed in divisions (M)(1) to (4) of this section shall include study of that document in its original context.

The study of American history and government required by divisions (B)(6) and (C)(6) of this section shall include the historical evidence of the role of documents such as the Federalist Papers and the Anti-Federalist Papers to firmly establish the historical background leading to the establishment of the provisions of the Constitution and Bill of Rights.

(N) A student may apply one unit of instruction in computer science to satisfy one unit of mathematics or one unit of science under division (C) of this section as the student chooses, regardless of the field of certification of the teacher who teaches the course, so long as that teacher meets the licensure requirements prescribed by section 3319.236 of the Revised Code and, prior to teaching the course, completes a professional development program determined to be appropriate by the district board.

If a student applies more than one computer science course to satisfy curriculum requirements under that division, the courses shall be sequential and progressively more difficult or cover different subject areas within computer science.

Sec. 3313.608. (A)(1) Beginning with students who enter third grade in the school year that starts July 1, 2009, and until June 30, 2013, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, for any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, each school district, in accordance with the policy adopted under section 3313.609 of the Revised Code, shall do one of the following:

(a) Promote the student to fourth grade if the student's principal and reading teacher agree that other evaluations of the student's skill in reading demonstrate that the student is academically prepared to be promoted to fourth grade;

(b) Promote the student to fourth grade but provide the student with intensive intervention services in fourth grade;

(c) Retain the student in third grade.

(2) Beginning with students who enter third grade in the 2013-2014 school year, unless the student is excused under division (C) of section

3301.0711 of the Revised Code from taking the assessment described in this section, no school district shall promote to fourth grade any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, unless one of the following applies:

(a) The student is an English learner who has been enrolled in United States schools for less than three full school years and has had less than three years of instruction in an English as a second language program.

(b) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code and the student's individualized education program exempts the student from retention under this division.

(c) The student demonstrates an acceptable level of performance on an alternative standardized reading assessment as determined by the department of education.

(d) All of the following apply:

(i) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code.

(ii) The student has taken the third grade English language arts achievement assessment prescribed under section 3301.0710 of the Revised Code.

(iii) The student's individualized education program or plan under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, shows that the student has received intensive remediation in reading for two school years but still demonstrates a deficiency in reading.

(iv) The student previously was retained in any of grades kindergarten to three.

(e)(i) The student received intensive remediation for reading for two school years but still demonstrates a deficiency in reading and was previously retained in any of grades kindergarten to three.

(ii) A student who is promoted under division (A)(2)(e)(i) of this section shall continue to receive intensive reading instruction in grade four. The instruction shall include an altered instructional day that includes specialized diagnostic information and specific research-based reading strategies for the student that have been successful in improving reading among low-performing readers.

(B)(1) Beginning in the 2012-2013 school year, to assist students in meeting the third grade guarantee established by this section, each school district board of education shall adopt policies and procedures with which it

annually shall assess the reading skills of each student, except those students with significant cognitive disabilities or other disabilities as authorized by the department on a case-by-case basis, enrolled in kindergarten to third grade and shall identify students who are reading below their grade level. The reading skills assessment shall be completed by the thirtieth day of September for students in grades one to three, and by the ~~first day of November~~ twentieth day of instruction of the school year for students in kindergarten. Each district shall use the diagnostic assessment to measure reading ability for the appropriate grade level adopted under section 3301.079 of the Revised Code, or a comparable tool approved by the department of education, to identify such students. The policies and procedures shall require the students' classroom teachers to be involved in the assessment and the identification of students reading below grade level. The assessment may be administered electronically using live, two-way video and audio connections whereby the teacher administering the assessment may be in a separate location from the student.

(2) For each student identified by the diagnostic assessment prescribed under this section as having reading skills below grade level, the district shall do both of the following:

(a) Provide to the student's parent or guardian, in writing, all of the following:

(i) Notification that the student has been identified as having a substantial deficiency in reading;

(ii) A description of the current services that are provided to the student;

(iii) A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified areas of reading deficiency;

(iv) Notification that if the student attains a score in the range designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, the student shall be retained unless the student is exempt under division (A) of this section. The notification shall specify that the assessment under section 3301.0710 of the Revised Code is not the sole determinant of promotion and that additional evaluations and assessments are available to the student to assist parents and the district in knowing when a student is reading at or above grade level and ready for promotion.

(b) Provide intensive reading instruction services and regular diagnostic assessments to the student immediately following identification of a reading deficiency until the development of the reading improvement and

monitoring plan required by division (C) of this section. These intervention services shall include research-based reading strategies that have been shown to be successful in improving reading among low-performing readers and instruction targeted at the student's identified reading deficiencies.

(3) For each student retained under division (A) of this section, the district shall do all of the following:

(a) Provide intense remediation services until the student is able to read at grade level. The remediation services shall include intensive interventions in reading that address the areas of deficiencies identified under this section including, but not limited to, not less than ninety minutes of reading instruction per day, and may include any of the following:

- (i) Small group instruction;
- (ii) Reduced teacher-student ratios;
- (iii) More frequent progress monitoring;
- (iv) Tutoring or mentoring;
- (v) Transition classes containing third and fourth grade students;
- (vi) Extended school day, week, or year;
- (vii) Summer reading camps.

(b) Establish a policy for the mid-year promotion of a student retained under division (A) of this section who demonstrates that the student is reading at or above grade level;

(c) Provide each student with a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall offer the option for students to receive applicable services from one or more providers other than the district. Providers shall be screened and approved by the district or the department of education. If the student participates in the remediation services and demonstrates reading proficiency in accordance with standards adopted by the department prior to the start of fourth grade, the district shall promote the student to that grade.

(4) For each student retained under division (A) of this section who has demonstrated proficiency in a specific academic ability field, each district shall provide instruction commensurate with student achievement levels in that specific academic ability field.

As used in this division, "specific academic ability field" has the same meaning as in section 3324.01 of the Revised Code.

(C) For each student required to be provided intervention services under this section, the district shall develop a reading improvement and monitoring plan within sixty days after receiving the student's results on the diagnostic assessment or comparable tool administered under division (B)(1) of this section. The district shall involve the student's parent or guardian and

classroom teacher in developing the plan. The plan shall include all of the following:

- (1) Identification of the student's specific reading deficiencies;
- (2) A description of the additional instructional services and support that will be provided to the student to remediate the identified reading deficiencies;
- (3) Opportunities for the student's parent or guardian to be involved in the instructional services and support described in division (C)(2) of this section;
- (4) A process for monitoring the extent to which the student receives the instructional services and support described in division (C)(2) of this section;
- (5) A reading curriculum during regular school hours that does all of the following:
 - (a) Assists students to read at grade level;
 - (b) Provides scientifically based and reliable assessment;
 - (c) Provides initial and ongoing analysis of each student's reading progress.
- (6) A statement that if the student does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected by the end of third grade, the student may be retained in third grade.

Each student with a reading improvement and monitoring plan under this division who enters third grade after July 1, 2013, shall be assigned to a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall report any information requested by the department about the reading improvement monitoring plans developed under this division in the manner required by the department.

(D) Each school district shall report annually to the department on its implementation and compliance with this section using guidelines prescribed by the superintendent of public instruction. The superintendent of public instruction annually shall report to the governor and general assembly the number and percentage of students in grades kindergarten through four reading below grade level based on the diagnostic assessments administered under division (B) of this section and the achievement assessments administered under divisions (A)(1)(a) and (b) of section 3301.0710 of the Revised Code in English language arts, aggregated by school district and building; the types of intervention services provided to students; and, if

available, an evaluation of the efficacy of the intervention services provided.

(E) Any summer remediation services funded in whole or in part by the state and offered by school districts to students under this section shall meet the following conditions:

(1) The remediation methods are based on reliable educational research.

(2) The school districts conduct assessment before and after students participate in the program to facilitate monitoring results of the remediation services.

(3) The parents of participating students are involved in programming decisions.

(F) Any intervention or remediation services required by this section shall include intensive, explicit, and systematic instruction.

(G) This section does not create a new cause of action or a substantive legal right for any person.

(H)(1) Except as provided under divisions (H)(2), (3), and (4) of this section, each student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, shall be assigned a teacher who has at least one year of teaching experience and who satisfies one or more of the following criteria:

(a) The teacher holds a reading endorsement on the teacher's license and has attained a passing score on the corresponding assessment for that endorsement, as applicable.

(b) The teacher has completed a master's degree program with a major in reading.

(c) The teacher was rated "most effective" for reading instruction consecutively for the most recent two years based on assessments of student growth measures developed by a vendor and that is on the list of student assessments approved by the state board under division (B)(2) of section 3319.112 of the Revised Code.

(d) The teacher was rated "above expected value added," in reading instruction, as determined by criteria established by the department, for the most recent, consecutive two years.

(e) The teacher has earned a passing score on a rigorous test of principles of scientifically research-based reading instruction as approved by the state board.

(f) The teacher holds an educator license for teaching grades pre-kindergarten through three or four through nine issued on or after July 1, 2017.

(2) Notwithstanding division (H)(1) of this section, a student described in division (B)(3) or (C) of this section who enters third grade for the first

time on or after July 1, 2013, may be assigned to a teacher with less than one year of teaching experience provided that the teacher meets one or more of the criteria described in divisions (H)(1)(a) to (f) of this section and that teacher is assigned a teacher mentor who meets the qualifications of division (H)(1) of this section.

(3) Notwithstanding division (H)(1) of this section, a student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, but prior to July 1, 2016, may be assigned to a teacher who holds an alternative credential approved by the department or who has successfully completed training that is based on principles of scientifically research-based reading instruction that has been approved by the department. Beginning on July 1, 2014, the alternative credentials and training described in division (H)(3) of this section shall be aligned with the reading competencies adopted by the state board of education under section 3301.077 of the Revised Code.

(4) Notwithstanding division (H)(1) of this section, a student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, may receive reading intervention or remediation services under this section from an individual employed as a speech-language pathologist who holds a license issued by the state speech and hearing professionals board under Chapter 4753. of the Revised Code and a professional pupil services license as a school speech-language pathologist issued by the state board of education.

(5) A teacher, other than a student's teacher of record, may provide any services required under this section, so long as that other teacher meets the requirements of division (H) of this section and the teacher of record and the school principal agree to the assignment. Any such assignment shall be documented in the student's reading improvement and monitoring plan.

As used in this division, "teacher of record" means the classroom teacher to whom a student is assigned.

(I) Notwithstanding division (H) of this section, a teacher may teach reading to any student who is an English language learner, and has been in the United States for three years or less, or to a student who has an individualized education program developed under Chapter 3323. of the Revised Code if that teacher holds an alternative credential approved by the department or has successfully completed training that is based on principles of scientifically research-based reading instruction that has been approved by the department. Beginning on July 1, 2014, the alternative credentials and training described in this division shall be aligned with the reading competencies adopted by the state board of education under section

Division (F)(11) of this section does not create, and shall not be construed as creating, a new cause of action or substantive legal right against a school district, a member of a board of education, or an employee of a school district. This section does not affect, and shall not be construed as affecting, any immunities from defenses to tort liability created or recognized by Chapter 2744. of the Revised Code for a school district, member, or employee.

(12) A child under the age of twenty-two years is entitled to attend school in a school district other than the district in which the child is entitled to attend school under division (B), (C), or (E) of this section provided that, prior to such attendance in any school year, both of the following occur:

(b) The superintendents of both districts enter into a written agreement that consents to the attendance and specifies that the purpose of such attendance is to protect the student's physical or mental well-being or to deal with other extenuating circumstances deemed appropriate by the superintendents.

While an agreement is in effect under this division for a student who is not receiving special education under Chapter 3323. of the Revised Code and notwithstanding Chapter 3327. of the Revised Code, the board of education of neither school district involved in the agreement is required to provide transportation for the student to and from the school where the student attends.

A student attending a school of a district pursuant to this division shall be allowed to participate in all student activities, including interscholastic athletics, at the school where the student is attending on the same basis as any student who has always attended the schools of that district while of compulsory school age.

(13) All school districts shall comply with the "McKinney-Vento Homeless Assistance Act," 42 U.S.C.A. 11431 et seq., for the education of homeless children. Each city, local, and exempted village school district shall comply with the requirements of that act governing the provision of a free, appropriate public education, including public preschool, to each homeless child.

When a child loses permanent housing and becomes a homeless person, as defined in 42 U.S.C.A. 11481(5), or when a child who is such a homeless person changes temporary living arrangements, the child's parent or guardian shall have the option of enrolling the child in either of the following:

while the parent is on active duty as a member of the national guard or a reserve unit of the armed forces of the United States or because the parent is a member of the armed forces of the United States and is on a duty assignment away from the parent's residence.

(b) The military power of attorney or comparable document includes at least the authority to enroll the child in school.

The entitlement to attend school in the district in which the parent's agent under the military power of attorney or comparable document resides applies until the end of the school year in which the military power of attorney or comparable document expires.

(G) A board of education, after approving admission, may waive tuition for students who will temporarily reside in the district and who are either of the following:

(1) Residents or domiciliaries of a foreign nation who request admission as foreign exchange students;

(2) Residents or domiciliaries of the United States but not of Ohio who request admission as participants in an exchange program operated by a student exchange organization.

(I)(1) Notwithstanding anything to the contrary in this section or section 3313.65 of the Revised Code, a child under twenty-two years of age may attend school in the school district in which the child, at the end of the first full week of October of the school year, was entitled to attend school as otherwise provided under this section or section 3313.65 of the Revised Code, if at that time the child was enrolled in the schools of the district but since that time the child or the child's parent has relocated to a new address located outside of that school district and within the same county as the child's or parent's address immediately prior to the relocation. The child may continue to attend school in the district, and at the school to which the child was assigned at the end of the first full week of October of the current school year, for the balance of the school year. Division (I)(1) of this section applies only if both of the following conditions are satisfied:

(a) The board of education of the school district in which the child was entitled to attend school at the end of the first full week in October and of the district to which the child or child's parent has relocated each has adopted a policy to enroll children described in division (I)(1) of this section.

(b) The child's parent provides written notification of the relocation outside of the school district to the superintendent of each of the two school districts.

(2) At the beginning of the school year following the school year in which the child or the child's parent relocated outside of the school district as described in division (I)(1) of this section, the child is not entitled to attend school in the school district under that division.

(3) Any person or entity owing tuition to the school district on behalf of the child at the end of the first full week in October, as provided in division (C) of this section, shall continue to owe such tuition to the district for the child's attendance under division (I)(1) of this section for the lesser of the balance of the school year or the balance of the time that the child attends school in the district under division (I)(1) of this section.

(4) A pupil who may attend school in the district under division (I)(1) of this section shall be entitled to transportation services pursuant to an agreement between the district and the district in which the child or child's parent has relocated unless the districts have not entered into such agreement, in which case the child shall be entitled to transportation services in the same manner as a pupil attending school in the district under interdistrict open enrollment as described in division ~~(H)~~ (E) of section 3313.981 of the Revised Code, regardless of whether the district has adopted an open enrollment policy as described in division (B)(1)(b) or (c) of section 3313.98 of the Revised Code.

(J) This division does not apply to a child receiving special education.

A school district required to pay tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount deducted under division (C) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. A school district entitled to receive tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount credited under division (C) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. If the tuition rate credited to the district of attendance exceeds the rate deducted from the district required to pay tuition, the department of education shall pay the district of attendance the difference from amounts deducted from all districts' payments under division (C) of section 3317.023 of the Revised Code but not credited to other school districts under such division and from appropriations made for such purpose. The treasurer of each school district shall, by the fifteenth day of January and July, furnish the superintendent of public instruction a report of the names of each child who attended the

district's schools under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code during the preceding six calendar months, the duration of the attendance of those children, the school district responsible for tuition on behalf of the child, and any other information that the superintendent requires.

Upon receipt of the report the superintendent, pursuant to division (C) of section 3317.023 of the Revised Code, shall deduct each district's tuition obligations under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code and pay to the district of attendance that amount plus any amount required to be paid by the state.

(K) In the event of a disagreement, the superintendent of public instruction shall determine the school district in which the parent resides.

(L) Nothing in this section requires or authorizes, or shall be construed to require or authorize, the admission to a public school in this state of a pupil who has been permanently excluded from public school attendance by the superintendent of public instruction pursuant to sections 3301.121 and 3313.662 of the Revised Code.

(M) In accordance with division (B)(1) of this section, a child whose parent is a member of the national guard or a reserve unit of the armed forces of the United States and is called to active duty, or a child whose parent is a member of the armed forces of the United States and is ordered to a temporary duty assignment outside of the district, may continue to attend school in the district in which the child's parent lived before being called to active duty or ordered to a temporary duty assignment outside of the district, as long as the child's parent continues to be a resident of that district, and regardless of where the child lives as a result of the parent's active duty status or temporary duty assignment. However, the district is not responsible for providing transportation for the child if the child lives outside of the district as a result of the parent's active duty status or temporary duty assignment.

Sec. 3314.013. (A) Until ~~the sixty first day after the effective date of this amendment~~ May 22, 2013, no internet- or computer-based community school shall operate unless the school was open for instruction as of May 1, 2005. No entity described in division (C)(1) of section 3314.02 of the Revised Code shall enter into a contract to sponsor an internet- or computer-based community school, including a conversion school, between May 1, 2005, and ~~the sixty first day after the effective date of this amendment~~ May 22, 2013, except as follows:

(1) The entity may renew a contract that the entity entered into with an

internet- or computer-based community school prior to May 1, 2005, if the school was open for operation as of that date.

(2) The entity may assume sponsorship of an existing internet- or computer-based community school that was formerly sponsored by another entity and may enter into a contract with that community school in accordance with section 3314.03 of the Revised Code.

If a sponsor entered into a contract with an internet- or computer-based community school, including a conversion school, but the school was not open for operation as of May 1, 2005, the contract shall be void and the entity shall not enter into another contract with the school until ~~the sixty first day after the effective date of this amendment~~ May 22, 2013.

(B)(1) Beginning on ~~the later of July 1, 2013, or the sixty first day after the effective date of this amendment~~, up to five new internet- or computer-based community schools may open each year, subject to approval of the superintendent of public instruction under division (B)(2) of this section.

(2) The superintendent of public instruction shall approve applications for new internet- or computer-based community schools from only those applicants demonstrating experience and quality.

The state board of education shall adopt rules prescribing measures to determine experience and quality of applicants in accordance with Chapter 119. of the Revised Code. The measures shall include, but not be limited to, the following considerations:

- (a) The sponsor's experience with online schools;
- (b) The operator's experience with online schools;
- (c) The sponsor's and operator's previous record for student performance;
- (d) A preference for operators with previous experience in Ohio.

The state board shall adopt the rules so that they are effective ~~not later than the sixty first day after the effective date of this amendment~~ May 22, 2013.

(3) The department of education shall notify any new internet- or computer-based community school governed by division (B) of this section of whether the superintendent has approved or disapproved the school's application to open for the 2013-2014 school year not later than July 1, 2013, ~~or the sixty first day after the effective date of this amendment~~, ~~if such date occurs after July 1, 2013~~. Notwithstanding the dates prescribed for adoption and signing on sponsor contracts in division (D) of section 3314.02 of the Revised Code, or the date for opening a school for instruction required by division (A)(25) of section 3314.03 of the Revised Code, a new

internet- or computer-based community school approved for opening for the 2013-2014 school year under division (B) of this section may open and operate in that school year regardless of whether it has complied with those contract and opening dates. For each school year thereafter, the school shall comply with all applicable provisions of this chapter.

(4) Notwithstanding divisions (B)(1) and (2) of this section, a sponsor rated "exemplary" on its most recent evaluation conducted under section 3314.016 of the Revised Code is permitted to open up to two new internet- or computer-based community schools that will primarily serve students enrolled in a dropout prevention and recovery program each year, not to exceed six new schools in a five-year period.

(C) Nothing in ~~divisions~~ division (A) or (B) of this section prohibits an internet- or computer-based community school from increasing the number of grade levels it offers.

~~(D) Not later than July 1, 2012, the director of the governor's office of 21st century education and the superintendent of public instruction shall develop standards for the operation of internet or computer-based community schools. The director shall submit those standards to the speaker of the house of representatives and the president of the senate for consideration of enactment by the general assembly.~~

Sec. 3314.016. This section applies to any entity that sponsors a community school, regardless of whether section 3314.021 or 3314.027 of the Revised Code exempts the entity from the requirement to be approved for sponsorship under divisions (A)(2) and (B)(1) of section 3314.015 of the Revised Code. The office of Ohio school sponsorship established under section 3314.029 of the Revised Code shall be rated under division (B) of this section, but divisions (A) and (C) of this section do not apply to the office.

(A) An entity that sponsors a community school shall be permitted to enter into contracts under section 3314.03 of the Revised Code to sponsor additional community schools only if the entity meets all of the following criteria:

(1) The entity is in compliance with all provisions of this chapter requiring sponsors of community schools to report data or information to the department of education.

(2) The entity is not rated as "ineffective" under division (B)(6) of this section.

(3) Except as set forth in sections 3314.021 and 3314.027 of the Revised Code, the entity has received approval from and entered into an agreement with the department of education pursuant to section 3314.015 of the

Revised Code.

(B)(1) The department shall develop and implement an evaluation system that annually rates and assigns an overall rating to each entity that sponsors a community school. The department, not later than the first day of February of each year, shall post on the department's web site the framework for the evaluation system, including technical documentation that the department intends to use to rate sponsors for the next school year. The department shall solicit public comment on the evaluation system for thirty consecutive days. Not later than the first day of April of each year, the department shall compile and post on the department's web site all public comments that were received during the public comment period. The evaluation system shall be posted on the department's web site by the fifteenth day of July of each school year. Any changes to the evaluation system after that date shall take effect the following year. The evaluation system shall be based on the following components:

(a) Academic performance of students enrolled in community schools sponsored by the same entity. The academic performance component shall be derived from the performance measures prescribed for the state report cards under section 3302.03 or 3314.017 of the Revised Code, and shall be based on the performance of the schools for the school year for which the evaluation is conducted. In addition to the academic performance for a specific school year, the academic performance component shall also include year-to-year changes in the overall sponsor portfolio. For a community school for which no graded performance measures are applicable or available, the department shall use nonreport card performance measures specified in the contract between the community school and the sponsor under division (A)(4) of section 3314.03 of the Revised Code.

(b) Adherence by a sponsor to the quality practices prescribed by the department under division (B)(3) of this section. For a sponsor that was rated "effective" or "exemplary" on its most recent rating, the department may evaluate that sponsor's adherence to quality practices once over a period of three years. If the department elects to evaluate a sponsor once over a period of three years, the most recent rating for a sponsor's adherence to quality practices shall be used when determining an annual overall rating conducted under this section.

(c) Compliance with all applicable laws and administrative rules by an entity that sponsors a community school.

(2) In calculating an academic performance component, the department shall exclude all community schools that have been in operation for not more than two full school years and all community schools described in

division (A)(4)(b) of section 3314.35 of the Revised Code. However, the academic performance of the community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code shall be reported, but shall not be used as a factor when determining a sponsoring entity's rating under this section.

(3) The department, in consultation with entities that sponsor community schools, shall prescribe quality practices for community school sponsors and develop an instrument to measure adherence to those quality practices. The quality practices shall be based on standards developed by the national association of charter school authorizers or any other nationally organized community school organization.

(4)(a) The department may permit peer review of a sponsor's adherence to the quality practices prescribed under division (B)(3) of this section. Peer reviewers shall be limited to individuals employed by sponsors rated "effective" or "exemplary" on the most recent ratings conducted under this section.

(b) The department shall require individuals participating in peer review under division (B)(4)(a) of this section to complete training approved or established by the department.

(c) The department may enter into an agreement with another entity to provide training to individuals conducting peer review of sponsors. Prior to entering into an agreement with an entity, the department shall review and approve of the entity's training program.

(5) Not later than July 1, 2013, the state board of education shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing standards for measuring compliance with applicable laws and rules under division (B)(1)(c) of this section.

(6) The department annually shall rate all entities that sponsor community schools as either "exemplary," "effective," "ineffective," or "poor," based on the components prescribed by division (B) of this section, where each component is weighted equally. A separate rating shall be given by the department for each component of the evaluation system.

The department shall publish the ratings between the first day of October and the fifteenth day of November.

Prior to the publication of the final ratings, the department shall designate and provide notice of a period of at least ten business days during which each sponsor may review the information used by the department to determine the sponsor's rating on the components prescribed by division (B)(1) of this section. If the sponsor believes there is an error in the department's evaluation, the sponsor may request adjustments to the rating

of any of those components based on documentation previously submitted as part of an evaluation. The sponsor shall provide to the department any necessary evidence or information to support the requested adjustments. The department shall review the evidence and information, determine whether an adjustment is valid, and promptly notify the sponsor of its determination and reasons. If any adjustments to the data could result in a change to the rating on the applicable component or to the overall rating, the department shall recalculate the ratings prior to publication.

The department shall provide training on an annual basis regarding the evaluation system prescribed under this section. The training shall, at a minimum, describe methodology, timelines, and data required for the evaluation system. The first training session shall occur not later than March 2, 2016. Beginning in 2018, the training shall be made available to each entity that sponsors a community school by the fifteenth day of July of each year and shall include guidance on any changes made to the evaluation system.

(7)(a) Entities with an overall rating of "exemplary" for ~~at least the two consecutive~~ most recent years in which the entity was evaluated may take advantage of the following incentives:

(i) Renewal of the written agreement with the department, not to exceed ten years, provided that the entity consents to continued evaluation of adherence to quality practices as described in division (B)(1)(b) of this section;

(ii) The ability to extend the term of the contract between the sponsoring entity and the community school beyond the term described in the written agreement with the department;

(iii) An exemption from the preliminary agreement and contract adoption and execution deadline requirements prescribed in division (D) of section 3314.02 of the Revised Code;

(iv) An exemption from the automatic contract expiration requirement, should a new community school fail to open by the thirtieth day of September of the calendar year in which the community school contract is executed;

(v) No limit on the number of community schools the entity may sponsor;

(vi) No territorial restrictions on sponsorship.

An entity may continue to sponsor any community schools with which it entered into agreements under division (B)(7)(a)(v) or (vi) of this section while rated "exemplary," notwithstanding the fact that the entity later receives a lower overall rating.

(b) Entities with an overall rating of "exemplary" or "effective" for ~~at least~~ the three consecutive most recent years in which the entity was evaluated shall be evaluated by the department once every three years.

(c)(i) Entities that receive an overall rating of "ineffective" shall be prohibited from sponsoring any new or additional community schools during the time in which the sponsor is rated as "ineffective" and shall be subject to a quality improvement plan based on correcting the deficiencies that led to the "ineffective" rating, with timelines and benchmarks that have been established by the department.

(ii) Entities that receive an overall rating of "ineffective" on their three most recent ratings shall have all sponsorship authority revoked. Within thirty days after receiving its third rating of "ineffective," the entity may appeal the revocation of its sponsorship authority to the superintendent of public instruction, who shall appoint an independent hearing officer to conduct a hearing in accordance with Chapter 119. of the Revised Code. The hearing shall be conducted within thirty days after receipt of the notice of appeal. Within forty-five days after the hearing is completed, the state board of education shall determine whether the revocation is appropriate based on the hearing conducted by the independent hearing officer, and if determined appropriate, the revocation shall be confirmed.

(d) Entities that receive an overall rating of "poor" shall have all sponsorship authority revoked. Within thirty days after receiving a rating of "poor," the entity may appeal the revocation of its sponsorship authority to the superintendent of public instruction, who shall appoint an independent hearing officer to conduct a hearing in accordance with Chapter 119. of the Revised Code. The hearing shall be conducted within thirty days after receipt of the notice of appeal. Within forty-five days after the hearing is completed, the state board of education shall determine whether the revocation is appropriate based on the hearing conducted by the independent hearing officer, and if determined appropriate, the revocation shall be confirmed.

(8) For the 2014-2015 school year and each school year thereafter, student academic performance prescribed under division (B)(1)(a) of this section shall include student academic performance data from community schools that primarily serve students enrolled in a dropout prevention and recovery program.

(C) If the governing authority of a community school enters into a contract with a sponsor prior to the date on which the sponsor is prohibited from sponsoring additional schools under division (A) of this section and the school has not opened for operation as of that date, that contract shall be

void and the school shall not open until the governing authority secures a new sponsor by entering into a contract with the new sponsor under section 3314.03 of the Revised Code. However, the department's office of Ohio school sponsorship, established under section 3314.029 of the Revised Code, may assume the sponsorship of the school until the earlier of the expiration of two school years or until a new sponsor is secured by the school's governing authority. A community school sponsored by the department under this division shall not be included when calculating the maximum number of directly authorized community schools permitted under division (A)(3) of section 3314.029 of the Revised Code.

(D) When an entity's authority to sponsor schools is revoked pursuant to division ~~(B)(7)(b)~~~~(B)(7)(c)~~ or ~~(e)(d)~~ of this section, the office of Ohio school sponsorship shall assume sponsorship of any schools with which the original sponsor has contracted for the remainder of that school year. The office may continue sponsoring those schools until the earlier of:

(1) The expiration of two school years from the time that sponsorship is revoked;

(2) When a new sponsor is secured by the governing authority pursuant to division (C)(1) of section 3314.02 of the Revised Code.

Any community school sponsored under this division shall not be counted for purposes of directly authorized community schools under division (A)(3) of section 3314.029 of the Revised Code.

(E) The department shall recalculate the rating for the 2017-2018 school year for each sponsor of a community school that receives recalculated ratings pursuant to division (I) of section 3314.017 of the Revised Code.

Sec. 3314.017. (A) The state board of education shall prescribe by rules, adopted in accordance with Chapter 119. of the Revised Code, an academic performance rating and report card system that satisfies the requirements of this section for community schools that primarily serve students enrolled in dropout prevention and recovery programs as described in division (A)(4)(a) of section 3314.35 of the Revised Code, to be used in lieu of the system prescribed under sections 3302.03 and 3314.012 of the Revised Code beginning with the 2012-2013 school year. Each such school shall comply with the testing and reporting requirements of the system as prescribed by the state board.

(B) Nothing in this section shall at any time relieve a school from its obligations under the "No Child Left Behind Act of 2001" to make "adequate yearly progress," as both that act and that term are defined in section 3302.01 of the Revised Code, or a school's amenability to the provisions of section 3302.04 or 3302.041 of the Revised Code. The

department of education shall continue to report each school's performance as required by the act and to enforce applicable sanctions under section 3302.04 or 3302.041 of the Revised Code.

(C) The rules adopted by the state board shall prescribe the following performance indicators for the rating and report card system required by this section:

(1) Graduation rate for each of the following student cohorts:

(a) The number of students who graduate in four years or less with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class;

(b) The number of students who graduate in five years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate;

(c) The number of students who graduate in six years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate;

(d) The number of students who graduate in seven years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate;

(e) The number of students who graduate in eight years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate.

(2) The percentage of twelfth-grade students currently enrolled in the school who have attained the designated passing score on all of the state high school achievement assessments required under division (B)(1) of section 3301.0710 of the Revised Code or the cumulative performance score on the end-of-course examinations prescribed under division (B)(2) of section 3301.0712 of the Revised Code, whichever applies, and other students enrolled in the school, regardless of grade level, who are within three months of their twenty-second birthday and have attained the designated passing score on all of the state high school achievement assessments or the cumulative performance score on the end-of-course examinations, whichever applies, by their twenty-second birthday;

(3) Annual measurable objectives as defined in section 3302.01 of the Revised Code;

(4) Growth in student achievement in reading, or mathematics, or both as measured by separate nationally norm-referenced assessments that have developed appropriate standards for students enrolled in dropout prevention and recovery programs, adopted or approved by the state board.

(D)(1) The state board's rules shall prescribe the expected performance

levels and benchmarks for each of the indicators prescribed by division (C) of this section based on the data gathered by the department under division (G) of this section. Based on a school's level of attainment or nonattainment of the expected performance levels and benchmarks for each of the indicators, the department shall rate each school in one of the following categories:

(a) Exceeds standards;

(b) Meets standards;

(c) Does not meet standards.

(2) The state board's rules shall establish all of the following:

(a) Not later than June 30, 2013, performance levels and benchmarks for the indicators described in divisions (C)(1) to (3) of this section;

(b) Not later than December 31, 2014, both of the following:

(i) Performance levels and benchmarks for the indicator described in division (C)(4) of this section;

(ii) Standards for awarding a community school described in division (A)(4)(a) of section 3314.35 of the Revised Code an overall designation, which shall be calculated as follows:

(I) Thirty per cent of the score shall be based on the indicators described in division (C)(1) of this section that are applicable to the school year for which the overall designation is granted.

(II) Thirty per cent of the score shall be based on the indicators described in division (C)(4) of this section.

(III) Twenty per cent of the score shall be based on the indicators described in division (C)(2) of this section.

(IV) Twenty per cent of the score shall be based on the indicators described in division (C)(3) of this section.

(3) If both of the indicators described in divisions (C)(1) and (2) of this section improve by ten per cent for two consecutive years, a school shall be rated not less than "meets standards."

The rating and the relevant performance data for each school shall be posted on the department's web site, and a copy of the rating and data shall be provided to the governing authority of the community school.

(E)(1) For the 2012-2013 school year, the department shall issue a report card including the following performance measures, but without a performance rating as described in divisions (D)(1)(a) to (c) of this section, for each community school described in division (A)(4)(a) of section 3314.35 of the Revised Code:

(a) The graduation rates as described in divisions (C)(1)(a) to (c) of this section;

(b) The percentage of twelfth-grade students and other students who have attained a designated passing score on high school achievement assessments as described in division (C)(2) of this section, including a performance rating as described in divisions (D)(1)(a) to (c) of this section;

(c) Annual measurable objectives described in division (C)(3) of this section, including a performance rating as described in divisions (D)(1)(a) to (c) of this section;

(d) Both of the following without an assigned rating:

(i) Growth in annual student achievement in reading and mathematics described in division (C)(4) of this section, if available;

The department shall also include student outcome data, including postsecondary credit earned, nationally recognized career or technical certification, military enlistment, job placement, attendance rate, and progress on closing achievement gaps for each school. This information shall not be included in the calculation of a school's performance rating.

(F) Not later than the thirty-first day of July of each year, the department shall submit preliminary report card data for overall academic performance for each performance measure prescribed in division (E)(3) of this section for each community school to which this section applies.

(G) In developing the rating and report card system required by this section, during the 2012-2013 and 2013-2014 school years, the department shall gather and analyze data as determined necessary from each community school described in division (A)(4)(a) of section 3314.35 of the Revised Code. Each such school shall cooperate with the department by supplying requested data and administering required assessments, including sample assessments for purposes of measuring student achievement growth as described in division (C)(4) of this section. The department shall consult with stakeholder groups in performing its duties under this division.

(2) A community school may be located in multiple facilities under the same contract and, notwithstanding division (B)(1) of this section, may assign students in the same grade level to multiple facilities, as long as all of the following apply:

~~(c)~~ (b) Transportation between the two facilities does not require more than thirty minutes of direct travel time as measured by school bus.

If both of the school districts in which the school is established are challenged school districts, the school's governing authority shall designate one of those districts to be considered the school's primary location and the district in which the school is located for the purposes of those divisions and all other purposes of this chapter and shall notify the department of education of that designation.~~

(4) A community school may be located in multiple facilities under the same contract and, notwithstanding division (B)(1) of this section, may assign students in the same grade level to multiple facilities, as long as both of the following apply:

The department shall make all such calculations or computations for the school as a whole.

(F)(1) In the case of a community school that exists prior to the effective date of this amendment to which division (B)(3) of this section applies, if only one of the school districts in which the school is established was located in a challenged school district prior to the effective date of this amendment, that district continues to be considered the school's primary location and the district in which the school is located for the purposes of division (A)(19) of section 3314.03 and divisions (C) and (H) of section 3314.06 of the Revised Code and for all other purposes of this chapter unless and until the school's governing authority designates a different school district as the school's primary location in accordance with division (F)(2) of this section. ~~(The number of the district's students reported by the community school under division (B)(2)(e) of this section X the formula amount X .20)~~

~~(9)(5)~~ The department may waive the requirement in division ~~(C)(5)~~ (C)(3) of this section for any community school that exclusively provides one or more career-technical workforce development programs in arts and communications that are not equipment-intensive, as determined by the department.

(E) A community school may not levy taxes or issue bonds secured by tax revenues.

(F) No community school shall charge tuition for the enrollment of any student who is a resident of this state. A community school may charge tuition for the enrollment of any student who is not a resident of this state.

(G)(1)(a) A community school may borrow money to pay any necessary and actual expenses of the school in anticipation of the receipt of any portion of the payments to be received by the school pursuant to ~~division (C) of this section 3317.022 of the Revised Code~~. The school may issue notes to evidence such borrowing. The proceeds of the notes shall be used only for the purposes for which the anticipated receipts may be lawfully expended by the school.

(b) A school may also borrow money for a term not to exceed fifteen years for the purpose of acquiring facilities.

(2) Except for any amount guaranteed under section 3318.50 of the Revised Code, the state is not liable for debt incurred by the governing authority of a community school.

(H) The department of education shall adjust the amounts ~~subtracted and paid under division (C) of this section 3317.022 of the Revised Code~~ to reflect any enrollment of students in community schools for less than the equivalent of a full school year. The state board of education within ninety days after April 8, 2003, shall adopt in accordance with Chapter 119. of the Revised Code rules governing the payments to community schools under ~~this section 3317.022 of the Revised Code~~ including initial payments in a school year and adjustments and reductions made in subsequent periodic

payments to community schools and corresponding deductions from school district accounts as provided under ~~division (C) of this section~~ 3317.022 of the Revised Code. For purposes of this ~~section~~ division:

(1) A student shall be considered enrolled in the community school for any portion of the school year the student is participating at a college under Chapter 3365. of the Revised Code.

(2) A student shall be considered to be enrolled in a community school for the period of time beginning on the later of the date on which the school both has received documentation of the student's enrollment from a parent and the student has commenced participation in learning opportunities as defined in the contract with the sponsor, or thirty days prior to the date on which the student is entered into the education management information system established under section 3301.0714 of the Revised Code. For purposes of applying this division and divisions (H)(3) and (4) of this section to a community school student, "learning opportunities" shall be defined in the contract, which shall describe both classroom-based and non-classroom-based learning opportunities and shall be in compliance with criteria and documentation requirements for student participation which shall be established by the department. Any student's instruction time in non-classroom-based learning opportunities shall be certified by an employee of the community school. A student's enrollment shall be considered to cease on the date on which any of the following occur:

(a) The community school receives documentation from a parent terminating enrollment of the student.

(b) The community school is provided documentation of a student's enrollment in another public or private school.

(c) The community school ceases to offer learning opportunities to the student pursuant to the terms of the contract with the sponsor or the operation of any provision of this chapter.

Except as otherwise specified in this paragraph, beginning in the 2011-2012 school year, any student who completed the prior school year in an internet- or computer-based community school shall be considered to be enrolled in the same school in the subsequent school year until the student's enrollment has ceased as specified in division (H)(2) of this section. The department shall continue ~~subtracting and~~ paying amounts for the student under ~~division (C) of this section~~ 3317.022 of the Revised Code without interruption at the start of the subsequent school year. However, if the student without a legitimate excuse fails to participate in the first seventy-two consecutive hours of learning opportunities offered to the student in that subsequent school year, the student shall be considered not to

have re-enrolled in the school for that school year and the department shall recalculate the payments to the school for that school year to account for the fact that the student is not enrolled.

(3) The department shall determine each community school student's percentage of full-time equivalency based on the percentage of learning opportunities offered by the community school to that student, reported either as number of hours or number of days, is of the total learning opportunities offered by the community school to a student who attends for the school's entire school year. However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours. Whether it reports hours or days of learning opportunities, each community school shall offer not less than nine hundred twenty hours of learning opportunities during the school year.

(4) With respect to the calculation of full-time equivalency under division (H)(3) of this section, the department shall waive the number of hours or days of learning opportunities not offered to a student because the community school was closed during the school year due to disease epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, so long as the school was actually open for instruction with students in attendance during that school year for not less than the minimum number of hours required by this chapter. The department shall treat the school as if it were open for instruction with students in attendance during the hours or days waived under this division.

(I) The department of education shall reduce the amounts paid under ~~this~~ section 3317.022 of the Revised Code to reflect payments made to colleges under section 3365.07 of the Revised Code.

(J)(1) No student shall be considered enrolled in any internet- or computer-based community school or, if applicable to the student, in any community school that is required to provide the student with a computer pursuant to division (C) of section 3314.22 of the Revised Code, unless both of the following conditions are satisfied:

(a) The student possesses or has been provided with all required hardware and software materials and all such materials are operational so that the student is capable of fully participating in the learning opportunities specified in the contract between the school and the school's sponsor as required by division (A)(23) of section 3314.03 of the Revised Code;

(b) The school is in compliance with division (A) of section 3314.22 of the Revised Code, relative to such student.

(2) In accordance with policies adopted by the superintendent of public instruction, in consultation with the auditor of state, the department shall reduce the amounts otherwise payable under ~~division (C) of this section 3317.022 of the Revised Code~~ to any community school that includes in its program the provision of computer hardware and software materials to any student, if such hardware and software materials have not been delivered, installed, and activated for each such student in a timely manner or other educational materials or services have not been provided according to the contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(K)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.

(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue

its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

(L) The department ~~shall not subtract from a school district's state aid account and~~ shall not pay to a community school under ~~division (C) of this section~~ 3317.022 of the Revised Code any amount for any of the following:

(1) Any student who has graduated from the twelfth grade of a public or nonpublic high school;

(2) Any student who is not a resident of the state;

(3) Any student who was enrolled in the community school during the previous school year when assessments were administered under section 3301.0711 of the Revised Code but did not take one or more of the assessments required by that section and was not excused pursuant to division (C)(1) or (3) of that section, unless the superintendent of public instruction grants the student a waiver from the requirement to take the assessment and a parent is not paying tuition for the student pursuant to section 3314.26 of the Revised Code. The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department ~~shall not subtract from a school district's state aid account and~~ shall not pay to a community school under ~~division (C) of this section~~ 3317.022 of the Revised Code any amount for that veteran.

Sec. 3314.083. If the department of education pays a joint vocational school district under division (C)(3) of section 3317.16 of the Revised Code for excess costs of providing special education and related services to a student with a disability who is enrolled in a community school, as calculated under division (C)(1) of that section, the department shall deduct the amount of that payment from the amount calculated for payment to the community school under section ~~3314.08~~ 3317.022 of the Revised Code.

Sec. 3314.084. (A) As used in this section:

(1) "Formula ADM" has the same meaning as in section 3317.03 of the Revised Code.

(2) "Home" has the same meaning as in section 3313.64 of the Revised Code.

(3) "School district of residence" has the same meaning as in section 3323.01 of the Revised Code; however, a community school established under this chapter is not a "school district of residence" for purposes of this section.

(B) Notwithstanding anything to the contrary in section 3314.08 or 3317.03 of the Revised Code, all of the following apply in the case of a child who is enrolled in a community school and is also living in a home:

~~(1) For purposes of the report required under division (B)(1) of section 3314.08 of the Revised Code, the child's school district of residence, and not the school district in which the home that the child is living in is located, shall be considered to be the school district in which the child is entitled to attend school. That school district of residence, therefore, shall make the report required under division (B)(1) of section 3314.08 of the Revised Code with respect to the child.~~

~~(2)~~ For purposes of the report required under division ~~(B)(2)~~ (B) of section 3314.08 of the Revised Code, the community school shall report the name of the child's school district of residence.

~~(3)~~(2) The child's school district of residence shall count the child in that district's formula ADM.

~~(4)~~(3) The school district in which the home that the child is living in is located shall not count the child in that district's formula ADM.

~~(5) The department of education shall deduct the applicable amounts prescribed under division (C) of section 3314.08 of the Revised Code from the child's school district of residence and shall not deduct those amounts from the school district in which the home that the child is living in is located.~~

~~(6)~~(4) The department shall make the payments prescribed in ~~division (C) of section 3314.08~~ 3317.022 of the Revised Code, as applicable, to the community school.

Sec. 3314.086. A community school established under this chapter, including an internet- or computer-based community school, may provide career-technical education in the manner prescribed by section 3313.90 of the Revised Code. The community school may contract with any public agency, board, or bureau or with any private individual or firm for the purchase of any career-technical education or vocational rehabilitation

service for any student enrolled in the community school and may pay for such services with funds received under section ~~3314.08~~ 3317.022 of the Revised Code.

Sec. 3314.087. (A) As used in this section:

(1) "Career-technical program" means career-technical programs or classes described in division (A)(~~1~~), (~~B~~) (~~2~~), (~~C~~) (~~3~~), (~~D~~) (~~4~~), or (~~E~~) (~~5~~) of section 3317.014 of the Revised Code in which a student is enrolled.

(2) "~~Formula~~ ADM," "~~category~~ Category one through five career-technical education ADM," and "FTE basis" have the same meanings as in section 3317.02 of the Revised Code.

(3) "Resident school district" means the city, exempted village, or local school district in which a student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(B) Notwithstanding anything to the contrary in this chapter or Chapter 3317. of the Revised Code, a student enrolled in a community school may simultaneously enroll in the career-technical program operated by the career-technical planning district to which the student's resident district belongs. On an FTE basis, the student's resident school district shall count the student in the category one through five career-technical education ADM for the proportion of the time the student is enrolled in a career-technical program of the career-technical planning district to which the student's resident district belongs and, accordingly, the department of education shall calculate funds under Chapter 3317. for the resident district attributable to the student for the proportion of time the student attends the career-technical program. The community school shall count the student in its enrollment report under section 3314.08 of the Revised Code and shall report to the department the proportion of time that the student attends classes at the community school. The department shall pay the community school ~~and deduct from the student's resident school district~~ the amount computed for the student under section ~~3314.08~~ 3317.022 of the Revised Code in proportion to the fraction of the time on an FTE basis that the student attends classes at the community school. "Full-time equivalency" for a community school student, as defined in division (H) of section 3314.08 of the Revised Code, does not apply to the student.

Sec. 3314.089. (A) In any fiscal year, a community school receiving funds calculated under division (A)(8) of section 3317.022 of the Revised Code shall spend those funds only for the purposes that the department designates as approved for career-technical education expenses. Career-technical education expenses approved by the department shall include only expenses connected to the delivery of career-technical

programming to career-technical students. The department shall require the school to report data annually so that the department may monitor the school's compliance with the requirements regarding the manner in which funding received under division (A)(8) of section 3317.022 of the Revised Code may be spent.

(B) Except as provided in division (C) of this section, all funds received under division (A)(8) of section 3317.022 of the Revised Code shall be spent in the following manner:

(1) At least seventy-five per cent of the funds shall be spent on curriculum development, purchase, and implementation; instructional resources and supplies; industry-based program certification; student assessment, credentialing, and placement; curriculum specific equipment purchases and leases; career-technical student organization fees and expenses; home and agency linkages; work-based learning experiences; professional development; and other costs directly associated with career-technical education programs including development of new programs.

(2) Not more than twenty-five per cent of the funds shall be used for personnel expenditures.

(C) The department may waive the requirements in division (B) of this section for any community school that exclusively provides one or more career-technical workforce development programs in arts and communications that are not equipment-intensive, as determined by the department.

(D) In any fiscal year, a community school receiving funds under division (H) of section 3317.014 of the Revised Code shall spend those funds only on the following purposes:

(1) Delivery of career awareness programs to students enrolled in grades kindergarten through twelve;

(2) Provision of a common, consistent curriculum to students throughout their primary and secondary education;

(3) Assistance to teachers in providing a career development curriculum to students;

(4) Development of a career development plan for each student that stays with that student for the duration of the student's primary and secondary education;

(5) Provision of opportunities for students to engage in activities, such as career fairs, hands-on experiences, and job shadowing, across all career pathways at each grade level.

The department may deny payment under division (E) of section

3317.014 of the Revised Code to any school that the department determines is using funds paid under division (H) of section 3317.014 of the Revised Code for other purposes.

Sec. 3314.091. (A) A school district is not required to provide transportation for any native student enrolled in a community school if the district board of education has entered into an agreement with the community school's governing authority that designates the community school as responsible for providing or arranging for the transportation of the district's native students to and from the community school. For any such agreement to be effective, it must be certified by the superintendent of public instruction as having met all of the following requirements:

(1) It is submitted to the department of education by a deadline which shall be established by the department.

(2) In accordance with divisions (C)(1) and (2) of this section, it specifies qualifications, such as residing a minimum distance from the school, for students to have their transportation provided or arranged.

(3) The transportation provided by the community school is subject to all provisions of the Revised Code and all rules adopted under the Revised Code pertaining to pupil transportation.

(4) The sponsor of the community school also has signed the agreement.

(B)(1) For the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school, if the community school during the previous school year transported the students enrolled in the school or arranged for the students' transportation, even if that arrangement consisted of having parents transport their children to and from the school, but did not enter into an agreement to transport or arrange for transportation for those students under division (A) of this section, and if the governing authority of the community school by July 15, 2007, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school.

(2) Except as provided in division (B)(4) of this section, for any school year subsequent to the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school if the governing authority of the community school, by the ~~thirty-first~~ first day of ~~January of the previous school year~~ August, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from

the community school. If the governing authority of the community school has previously accepted responsibility for providing or arranging for the transportation of a district's native students to and from the community school, under division (B)(1) or (2) of this section, and has since relinquished that responsibility under division (B)(3) of this section, the governing authority shall not accept that responsibility again unless the district board consents to the governing authority's acceptance of that responsibility.

(3) A governing authority's acceptance of responsibility under division (B)(1) or (2) of this section shall cover an entire school year, and shall remain in effect for subsequent school years unless the governing authority submits written notification to the district board that the governing authority is relinquishing the responsibility. However, a governing authority shall not relinquish responsibility for transportation before the end of a school year, and shall submit the notice relinquishing responsibility by the thirty-first day of January, in order to allow the school district reasonable time to prepare transportation for its native students enrolled in the school.

(4)(a) For any school year that begins on or after July 1, 2014, a school district is not required to provide transportation for any native student enrolled in a community school scheduled to open for operation in the current school year, if the governing authority of the community school, by the fifteenth day of April of the previous school year, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school.

(b) The governing authority of a community school that accepts responsibility for transporting its students under division (B)(4)(a) of this section shall comply with divisions (B)(2) and (3) of this section to renew or relinquish that authority for subsequent school years.

(C)(1) A community school governing authority that enters into an agreement under division (A) of this section, or that accepts responsibility under division (B) of this section, shall provide or arrange transportation free of any charge for each of its enrolled students who is required to be transported under section 3327.01 of the Revised Code. ~~If a community school governing authority accepts transportation responsibility under division (B) of this section, the department shall make payments to the community school for each student actually transported or for whom transportation is arranged by the community school under division (C)(1) of this section, calculated as follows:~~

~~(a) For any fiscal year which the general assembly has specified that transportation payments to school districts be based on an across the board percentage of the district's payment for the previous school year, the per pupil payment to the community school shall be the following quotient:~~

The community school, however, is not required to use the same method to transport that student.~~

~~(c) Divisions (D)(1)(a) and (b) of this section do not apply to fiscal years 2012 and 2013. Rather, for each of those fiscal years, the per pupil~~

~~(4) A community school shall use payments received under this division (H) of section 3317.0212 of the Revised Code solely to pay the costs of providing or arranging for the transportation of students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of this section, which may include payments to a parent, guardian, or other person in charge of a child in lieu of transportation.~~

The school district may review the determination made by the community school under division (A) of this section.

(B)(1) For purposes of its initial reporting of the school districts in which its students are entitled to attend school, the governing authority of a community school shall adopt a policy that prescribes the number of documents listed in division (E) of this section required to verify a student's residency. This policy shall supersede any policy concerning the number of documents for initial residency verification adopted by the district the student is entitled to attend.

(2) For purposes of the annual reporting of the school districts in which its students are entitled to attend school, the governing authority of a community school shall adopt a policy that prescribes the information required to verify a student's residency. (C) For purposes of making the determinations required under this section, the school district in which a parent or child resides is the location the parent or student has established as the primary residence and where substantial family activity takes place.

(D) If a community school's determination under division (A) of this section of the school district a student is entitled to attend under section 3313.64 or 3313.65 of the Revised Code differs from a district's determination, the community school that made the determination under division (A) of this section shall provide the school district with documentation of the student's residency and shall make a good faith effort to accurately identify the correct residence of the student.

(5) Any other official document issued to the parent or student that includes the address of the parent's or student's primary residence. The superintendent of public instruction shall develop guidelines for determining what qualifies as an "official document" under this division.

(F) When a student loses permanent housing and becomes a homeless child or youth, as defined in 42 U.S.C. 11434a, or when a child who is such a homeless child or youth changes temporary living arrangements, the district in which the student is entitled to attend school shall be determined in accordance with division (F)(13) of section 3313.64 of the Revised Code and the "McKinney-Vento Homeless Assistance Act," 42 U.S.C. 11431 et seq.

(G) In the event of a disagreement as to which school district a student is entitled to attend, the community school, after complying with division (D) of this section, but not more than sixty days after the monthly deadline established by the department of education for reporting of community school enrollment, may present the matter to the superintendent of public instruction. Not later than thirty days after the community school presents the matter, the state superintendent, or the state superintendent's designee, shall determine which district the student is entitled to attend and shall direct any necessary adjustments to payments ~~and deductions~~ under section ~~3314.08~~ 3317.022 of the Revised Code based on that determination.

Notwithstanding any provision to the contrary in the Revised Code, the department of education shall make no payment under section ~~3314.08~~ 3317.022 of the Revised Code to a community school opening for its first year of operation until the sponsor of that school confirms all of the following:

(D) The chief administrator of the community school actively is managing daily operations at the school.

(E) The projected enrollment reported to the department is accurate.

Sec. 3314.20. (A) As used in this section:

~~department shall distribute the deducted amounts to the school districts to which the students enrolled in the community school are entitled to attend school under section 3313.64 or 3313.65 of the Revised Code. Such amounts shall be distributed on a pro rata basis according to each district's share of the total enrollment in the community school.~~

Sec. 3314.24. (A) On or after July 1, 2004, no internet- or computer-based community school shall enter into a contract with a nonpublic school to use or rent any facility space at the nonpublic school for the provision of instructional services to students enrolled in the internet- or computer-based community school.

- (a) The student participates in at least ninety per cent of the hours of

instructional activities offered by the school in that school year;

(b) The student is on pace for on-time completion of any course in which the student is enrolled. The school's attendance policy shall define "on pace for on-time completion" for purposes of division (B)(1)(b) of this section.

(2) If a student is not considered in attendance under division (B)(1) of this section, the student shall be considered absent for those hours of instructional activities offered by the school in that school year in which the student does not participate.

(3) In the event that a student has thirty or more hours of unexcused absences in any semester, the internet- or computer-based community school in which the student is enrolled shall submit a written report to the student's parent, guardian, or custodian.

(C) Notwithstanding section 3321.191 of the Revised Code, each internet- or computer-based community school shall develop and adopt a policy regarding failure to participate in instructional activities. The policy shall state that a student shall become subject to certain consequences, including disenrollment from the school, if both of the following conditions are satisfied:

(1) After the student's parent, guardian, or custodian receives a written report under division (B)(2) of this section, the student fails to comply with the policy adopted under division (C) of this section within a reasonable period of time specified by the school;

(2) Other intervention strategies contained in the policy adopted under division (C) of this section fail to cause a student's attendance to comply with the policy.

(E) If an internet- or computer-based community school disenrolls a student pursuant to a policy adopted under division (C) of this section, the school shall do both of the following:

(1) Provide the student's parent, guardian, or custodian with a list of alternative educational options available to the student;

(2) Within forty-eight hours of the student's disenrollment, notify the student's resident school district in writing.

(F) Nothing in this section shall be construed to affect the procedure for automatically withdrawing a student from school that must be adopted as part of a school's attendance policy in accordance with division (A)(6)(b) of section 3314.03 of the Revised Code.

Sec. 3314.262. Notwithstanding anything to the contrary in section 3314.26 of the Revised Code, no student enrolled in an internet- or computer-based community school shall be subject to automatic withdrawal who, in any school year prior to the 2020-2021 school year, failed to participate in the spring administration of any assessment prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the assessment pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (E) of section 3317.03 of the Revised Code. Accordingly, the 2020-2021 school year shall begin a new starting point for automatic withdrawal of students enrolled in internet- or computer-based schools under section 3314.26 of the Revised Code.

~~(C) All "challenged school districts" in which new start-up community schools may be located, as prescribed in section 3314.02 of the Revised Code.~~

On and after the effective date of this amendment, the department of education shall not adopt any rules, enforce any procedures or policies, or otherwise restrict the establishment or sponsorship of a new start-up community school based upon whether the school's proposed location is in a challenged school district.

Sec. 3314.355. No community school shall be subject to closure under section 3314.35 or 3314.351 of the Revised Code based on any report card issued for that school for the 2019-2020, 2020-2021, or 2021-2022 school years. Furthermore, the report card ratings of any previous years shall not be considered in determining whether a community school is subject to

Sec. 3315.18. (A) The board of education of each city, exempted village, local, and joint vocational school district shall establish a capital and maintenance fund. Each board annually shall deposit into that fund an amount derived from revenues received by the district that would otherwise have been deposited in the general fund that is equal to three per cent of the ~~formula amount~~ statewide average base cost per pupil for the preceding fiscal year, as defined in section 3317.02 of the Revised Code, or another percentage if established by the auditor of state under division (B) of this section, multiplied by the district's student population for the preceding fiscal year, except that money received from a permanent improvement levy authorized by section 5705.21 of the Revised Code may replace general revenue moneys in meeting the requirements of this section. Any money in the fund that is not used in any fiscal year shall carry forward to the next fiscal year.

(B) The state superintendent of public instruction and the auditor of state jointly shall adopt rules in accordance with Chapter 119. of the Revised Code defining what constitutes expenditures permitted by division (A) of this section. The auditor of state may designate a percentage, other than three per cent, of the ~~formula amount~~ statewide average base cost per pupil multiplied by the district's student population that must be deposited into the fund.

(C) Within its capital and maintenance fund, a school district board of education may establish a separate account solely for the purpose of depositing funds transferred from the district's reserve balance account established under former division (H) of section 5705.29 of the Revised Code. The superintendent may grant a waiver under division (D)(2) of this section if the district demonstrates to the satisfaction of the superintendent that compliance with division (A) of this section that year will create an undue financial hardship on the district.

(3) Notwithstanding division (A) of this section, not more often than one fiscal year in every three consecutive fiscal years, any school district that does not satisfy the conditions for the exemption described in division (D)(1) of this section or the conditions to apply for the waiver described in division (D)(2) of this section may apply to the superintendent of public instruction for a waiver from the requirements of division (A) of this section, under which the district may be permitted to deposit an amount less than required by that division or permitted to make no deposit into the district capital and maintenance fund for that year. The superintendent may grant a waiver under division (D)(3) of this section if the district demonstrates to the satisfaction of the superintendent that compliance with division (A) of this section that year will necessitate the reduction or elimination of a program currently offered by the district that is critical to the academic success of students of the district and that no reasonable alternatives exist for spending reductions in other areas of operation within the district that negate the necessity of the reduction or elimination of that program.

(E) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this section prevail over any conflicting provisions of agreements between employee organizations and public employers entered into after November 21, 1997.

(F) As used in this section, "student population" means the average, daily, full-time equivalent number of students in kindergarten through twelfth grade receiving any educational services from the school district during the first full school week in October, excluding students enrolled in adult education classes, but including all of the following:

(2) For fiscal years 2022 and 2023, if a district has fewer students

counted under division (A)(1)(b) of section 3317.03 of the Revised Code for that fiscal year than for the previous fiscal year and the positive difference between those two student counts is greater than or equal to the district's decrease threshold for that fiscal year, the amount paid to the district under division (A) of this section shall be reduced by the following amount:

The statewide average base cost per pupil X [(the positive difference between the number of the district's students counted under division (A)(1)(b) of section 3317.03 of the Revised Code for that fiscal year and the number of the district's students counted under that division for the previous fiscal year) - the district's decrease threshold for that fiscal year]

Subsequent adjustments to the reported numbers shall be made only in accordance with rules adopted by the department.

(C) The department shall calculate the statewide transportation cost per student as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per student by dividing the district's total costs for school bus service in the previous fiscal year by its qualifying ridership in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per student and the ten districts with the lowest transportation costs per student, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate qualifying ridership of those districts in the previous fiscal year.

(1) The department annually shall establish a target number of qualifying riders per assigned bus for each city, local, and exempted village school district. The department shall use the most recently available data in establishing the target number. The target number shall be based on the statewide median number of riders per assigned bus as adjusted to reflect the district's density in comparison to the density of all other districts. The department shall post on the department's web site each district's target number of riders per assigned bus and a description of how the target number was determined.

If a community school governing authority accepts transportation responsibility under division (B) of that section, the department shall make payments to the community school for each student actually transported or for whom

transportation is arranged by the community school under division (C)(1) of that section, calculated as follows:

(a) For any fiscal year which the general assembly has specified that transportation payments to school districts be based on an across-the-board percentage of the district's payment for the previous school year, the per pupil payment to the community school shall be the following quotient:

(i) The total amount calculated for the school district in which the child is entitled to attend school for student transportation other than transportation of children with disabilities; divided by

(ii) The number of students included in the district's transportation ADM for the current fiscal year, as calculated under section 3317.03 of the Revised Code, plus the number of students enrolled in the community school not counted in the district's transportation ADM who are transported under division (B)(1) or (2) of section 3314.091 of the Revised Code.

(b) For any fiscal year which the general assembly has specified that the transportation payments to school districts be calculated in accordance with this section and any rules of the state board of education implementing this section, the payment to the community school shall be the following:

(i) For fiscal years 2022 and 2023, either of the following:

(I) If the school district in which the student is entitled to attend school would have used a method of transportation for the student for which payments are computed and paid under division (E) of this section, 1.0 times the statewide transportation cost per student, as calculated in division (C) of this section;

(II) If the school district in which the student is entitled to attend school would have used a method of transportation for the student for which payments are computed and paid in a manner not described in division (H)(1)(b)(i) of this section, the amount that would otherwise be computed for and paid to the district.

(ii) For fiscal year 2024 and each fiscal year thereafter, an amount calculated in a manner determined by the general assembly.

The community school, however, is not required to use the same method to transport the student.

As used in this division, "entitled to attend school" means entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(2) A community school shall be paid under division (H)(1) of this section only for students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of section 3314.091 of the Revised Code, and whose transportation to and from school is actually provided, who actually utilized transportation arranged, or for whom a payment in lieu

of transportation is made by the community school's governing authority. To qualify for the payments, the community school shall report to the department, in the form and manner required by the department, data on the number of students transported or whose transportation is arranged, the number of miles traveled, cost to transport, and any other information requested by the department.

Sec. 3317.0213. (A) The department of education shall compute and pay in accordance with this section additional state aid for preschool children with disabilities to each city, local, and exempted village school district and to each institution, as defined in section 3323.091 of the Revised Code. Funding shall be provided for children who are not enrolled in kindergarten and who are under age six on the thirtieth day of September of the academic year, or on the first day of August of the academic year if the school district in which the child is enrolled has adopted a resolution under division (A)(3) of section 3321.01 of the Revised Code, but not less than age three on the first day of December of the academic year.

~~The~~ For fiscal years 2022 and 2023, the additional state aid shall be calculated under the following formula:

(\$4,000 X the number of students who are preschool children with disabilities) + the sum of the following:

(1) The district's or institution's category one special education students who are preschool children with disabilities X the ~~amount~~ multiple specified in division (A) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share ~~index~~ percentage X 0.50;

(2) The district's or institution's category two special education students who are preschool children with disabilities X the ~~amount~~ multiple specified in division (B) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share ~~index~~ percentage X 0.50;

(5) The district's or institution's category five special education students who are preschool children with disabilities X the ~~amount~~ multiple specified in division (E) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share ~~index percentage~~ X 0.50;

(6) The district's or institution's category six special education students who are preschool children with disabilities X the ~~amount~~ multiple specified in division (F) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share ~~index percentage~~ X 0.50.

For fiscal year 2024 and each fiscal year thereafter, the additional state aid shall be calculated for each category of special education students who are preschool children with disabilities using a formula specified by the general assembly.

The special education disability categories for preschool children used in this section are the same categories prescribed in section 3317.013 of the Revised Code.

As used in division (A) of this section, the state share ~~index percentage~~ of a student enrolled in an institution is the state share ~~index percentage~~ of the school district in which the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(B) If an educational service center is providing services to students who are preschool children with disabilities under agreement with the city, local, or exempted village school district in which the students are entitled to attend school, that district may authorize the department to transfer funds computed under this section to the service center providing those services.

(C) If a county DD board is providing services to students who are preschool children with disabilities under agreement with the city, local, or exempted village school district in which the students are entitled to attend school, the department shall deduct from the district's payment computed under division (A) of this section the total amount of those funds that are attributable to the students served by the county DD board and pay that amount to that board.

If a district's costs for the fiscal year for a student in its categories two through six special education ADM exceed the threshold catastrophic cost for serving the student, the district may submit to the superintendent of public instruction documentation, as prescribed by the superintendent, of all its costs for that

student. Upon submission of documentation for a student of the type and in the manner prescribed, the department shall pay to the district an amount equal to the sum of the following:

(1) One-half of the district's costs for the student in excess of the threshold catastrophic cost;

(2) The product of one-half of the district's costs for the student in excess of the threshold catastrophic cost multiplied by the district's state share ~~index~~ percentage.

(B) For purposes of division (A) of this section, the threshold catastrophic cost for serving a student equals:

(1) For a student in the school district's category two, three, four, or five special education ADM, twenty-seven thousand three hundred seventy-five dollars;

(2) For a student in the district's category six special education ADM, thirty-two thousand eight hundred fifty dollars.

(C) The district shall report under division (A) of this section, and the department shall pay for, only the costs of educational expenses and the related services provided to the student in accordance with the student's individualized education program. Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.

Sec. 3317.0215. (A)(1) For fiscal years 2022 and 2023, the department of education shall withhold from the aggregate amount paid for a fiscal year to each city, local, exempted village, and joint vocational school district, community school established under Chapter 3314. of the Revised Code, and science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code an amount equal to the following:

(ii) The district's enrolled ADM is less than 200.

(b) If the district does not satisfy either of the criteria specified in division (B)(4)(a) of this section for that fiscal year, the district's capacity amount for that fiscal year shall be calculated as follows:

(i) Compute the following amount for the district:

(The median weighted wealth of all school districts in this state for that fiscal year X 0.008) – (the district's weighted wealth for that fiscal year X 0.008)

(ii) If the district's enrolled ADM for that fiscal year is greater than or equal to 200 but less than or equal to 400, the district's capacity amount for that fiscal year shall be equal to 0.05 X the amount computed under division (B)(4)(b)(i) of this section.

(iii) If the district's enrolled ADM for that fiscal year is greater than 400 and less than 600, the district's capacity amount for that fiscal year shall be calculated in accordance with the following formula:

{[0.95 X (the district's enrolled ADM for that fiscal year – 400)/200] + 0.05} X the amount computed under division (B)(4)(b)(i) of this section

(iv) If the district's enrolled ADM for that fiscal year is greater than or equal to 600, the district's capacity amount for that fiscal year shall be equal to the amount computed under division (B)(4)(b)(i) of this section.

(C) The department shall calculate each district's wealth amount for a fiscal year as follows:

(1) Calculate each district's weighted wealth per pupil for that fiscal

year, which equals the following quotient:

The district's weighted wealth for that fiscal year calculated under division (B)(1) of this section/ (the district's enrolled ADM for that fiscal year - the students described in division (A)(1)(b) of section 3317.03 of the Revised Code + the students described in division (A)(2)(d) of section 3317.03 of the Revised Code)

(4) Compute each district's wealth amount for that fiscal year, as follows:

(a) If the district's wealth index computed under division (C)(3) of this section for that fiscal year is less than 0.8, the district's wealth amount for that fiscal year shall be zero.

(b) If the district's wealth index computed under division (C)(3) of this section for that fiscal year is greater than or equal to 0.8, the district's wealth amount for that fiscal year shall be calculated in accordance with the following formula:

[(The median weighted wealth per pupil of all school districts in this state for that fiscal year X 0.014) – (the district's weighted wealth per pupil for that fiscal year X 0.0112)] X the district's enrolled ADM for that fiscal year
Sec. 3317.0218. This section shall apply only for fiscal years 2022 and 2023.

For each fiscal year, the department of education shall compute supplemental targeted assistance for each city, local, and exempted village school district as follows:

(A) Determine if the district satisfies both of the following criteria:

(1) The wealth index calculated for the district for fiscal year 2019 under division (A)(4) of former section 3317.0217 of the Revised Code as it existed prior to the effective date of this section is greater than 1.6;

(2) The district's enrolled ADM for fiscal year 2019 is less than eighty-eight per cent of the district's total ADM for fiscal year 2019.

(B) Determine the maximum of the wealth indices calculated under division (A)(4) of former section 3317.0217 of the Revised Code as it existed prior to the effective date of this section for all districts that satisfy both of the criteria specified under division (A) of this section;

(C) If the district satisfies both of the criteria specified under division (A) of this section, compute the district's supplemental amount as the

product of the following:

(1) $\frac{\{[(\text{The number specified under division (A)(1) of this section} - 1.6) / (\text{the number determined under division (B) of this section} - 1.6)] \times 675\}}{75}$:

(2) The district's enrolled ADM.

each day in which that school is open for operation with students in attendance, regardless of whether the district's own schools are open for operation with students in attendance on that day. However, a board of education shall not be required to transport elementary or high school pupils to and from a nonpublic or community school on Saturday or Sunday, unless a board of education and a nonpublic or community school have an agreement in place to do so before the first day of July of the school year in which the agreement takes effect.

In all city, local, and exempted village school districts, the board shall provide transportation for all children who are so disabled that they are unable to walk to and from the school for which the state board of education prescribes minimum standards pursuant to division (D) of section 3301.07 of the Revised Code and which they attend. In case of dispute whether the child is able to walk to and from the school, the health commissioner shall be the judge of such ability. In all city, exempted village, and local school districts, the board shall provide transportation to and from school or special education classes for mentally disabled children in accordance with standards adopted by the state board of education.

When transportation of pupils is provided the conveyance shall be run on a time schedule that shall be adopted and put in force by the board not later than ten days after the beginning of the school term. The operator of every school bus or motor van owned and operated by any school district or educational service center or privately owned and operated under contract with any school district or service center in this state shall deliver students enrolled in preschool through twelfth grades to their respective public and nonpublic schools not sooner than thirty minutes prior to the beginning of school and to be available to pick them up not later than thirty minutes after the close of their respective schools each day.

The cost of any transportation service authorized by this section shall be paid first out of federal funds, if any, available for the purpose of pupil transportation, and secondly out of state appropriations, in accordance with regulations adopted by the state board of education.

No transportation of any pupils shall be provided by any board of education to or from any school which in the selection of pupils, faculty members, or employees, practices discrimination against any person on the grounds of race, color, religion, or national origin.

Sec. 3327.016. (A) As used in this section, "eligible student" means a student entitled to transportation services from the city, local, or exempted village school district pursuant to section 3327.01 of the Revised Code.

(B) Each community school established under Chapter 3314. of the

Revised Code or chartered nonpublic school shall establish the school's start and end times for a particular school year not later than the first day of April prior to that school year. Each community or chartered nonpublic school shall provide such start and end times to each city, local, or exempted village school district that the school expects will be responsible for providing transportation services to eligible students enrolled in the school for that school year.

(C) Each city, local, or exempted village school district that receives start and end times as prescribed under division (B) of this section shall use those start and end times to develop a transportation plan, including transportation routes and schedules, for eligible students who enrolled in a community or chartered nonpublic school shall provide such transportation plan to the community or chartered nonpublic school within sixty days after receiving the information described in that division. If a school provides the start and end times to the school district after the first day of April but before the first day of July, the district shall attempt to provide a transportation plan to the school by the first day of August of that school year. For any eligible student who enrolls in a community or chartered nonpublic school after the first day of July prior to that school year, a district shall develop a transportation plan, including transportation routes and schedules, for that student within fourteen business days of receiving a request for transportation services from the student's parent or guardian.

Sec. 3327.017. (A) As used in this section:

(1) "Eligible student" has the same meaning as in section 3327.016 of the Revised Code.

(2) "Mass transit system" has the same meaning as in section 4511.78 of the Revised Code.

(B) No city, local, or exempted village school district shall provide or arrange for transportation for any eligible student enrolled in any of grades kindergarten through eight in a community school established under Chapter 3314. of the Revised Code or chartered nonpublic school to and from school using vehicles operated by a mass transit system, unless the district enters into an agreement with that school authorizing such transportation. An agreement under division (B) of this section shall not be effective unless both the school district and community or chartered nonpublic school approve it.

(C) A city, local, or exempted village school district that elects to provide or arrange for transportation for any eligible student enrolled in any of grades nine through twelve in a community or chartered nonpublic school to and from school using vehicles operated by a mass transit system shall

ensure that the student is assigned to a route that does not require the student to make more than one transfer.

Sec. 3327.018. The board of education of each city, local, or exempted village school district that owns and operates buses for transporting students may contract, in writing, with a public or private not-for-profit agency, group, or organization, with a municipal corporation or other political subdivision or agency of the state, or with an agency of the federal government to operate its buses to assist the agency, group, organization, or political subdivision in the fulfillment of its legitimate activities and in times of emergency. These contracts shall be entered into under the authority of the school district as a political subdivision and shall not be considered commerce. When buses are made available to other agencies, groups, organizations, or political subdivisions under this section, the buses must be operated by individuals holding certificates issued by either the educational service center governing board that has entered into an agreement with the school district under section 3313.843 or 3313.845 of the Revised Code or the superintendent of the school district certifying that the individuals satisfy the requirements of section 3327.10 of the Revised Code. All state board of education regulations governing the operation of school buses when transporting students shall apply when buses are used in accordance with this section.

Any board of education of a city, local, or exempted village school district that makes one or more of its vehicles available under this section shall procure liability and property damage insurance, as provided in section 3327.09 of the Revised Code, covering all vehicles used and passengers transported under this section. The board of education may recover expenses from contracting entities, not to exceed the costs of operation and insurance coverage.

Sec. 3327.02. (A) After considering each of the following factors, the board of education of a city, exempted village, or local school district, or a community school governing authority providing transportation pursuant to section 3314.091 of the Revised Code, may determine that it is impractical to transport a pupil who is eligible for transportation to and from a school under section 3327.01 of the Revised Code:

- (1) The time and distance required to provide the transportation;
- (2) The number of pupils to be transported;
- (3) The cost of providing transportation in terms of equipment, maintenance, personnel, and administration;
- (4) Whether similar or equivalent service is provided to other pupils eligible for transportation;

(5) Whether and to what extent the additional service unavoidably disrupts current transportation schedules;

(6) Whether other reimbursable types of transportation are available.

(B) Based on its consideration of the factors established in division (A) of this section, the board or governing authority may pass a resolution declaring the impracticality of transportation. The resolution shall include each pupil's name and the reason for impracticality. Such determination shall be made not later than thirty calendar days prior to the district's or school's first day of instruction, or in the case of a student who enrolls within thirty calendar days prior to the first day of instruction or on or after the first day of instruction, not later than fourteen calendar days after the student's enrollment. The determination may be made by the superintendent and formalized at the next following meeting of the board or governing authority.

The board or governing authority shall report its determination to the state board of education in a manner determined by the state board.

In addition, the board or governing authority shall issue a letter to the pupil's parent, guardian, or other person in charge of the pupil, the nonpublic or community school in which the pupil is enrolled, and to the state board with a detailed description of the reasons for which such determination was made.

(C) After passing the resolution declaring the impracticality of transportation, the district board or governing authority shall offer to provide payment in lieu of transportation by doing the following:

(1) In accordance with guidelines established by the department of education, informing the pupil's parent, guardian, or other person in charge of the pupil of both of the following:

(a) The resolution;

(b) The right of the pupil's parent, guardian, or other person in charge of the pupil to accept the offer of payment in lieu of transportation or to reject the offer and instead request the department to initiate mediation procedures.

(2) Issuing the pupil's parent, guardian, or other person in charge of the pupil a contract or other form on which the parent, guardian, or other person in charge of the pupil is given the option to accept or reject the board's offer of payment in lieu of transportation.

(D) If the parent, guardian, or other person in charge of the pupil accepts the offer of payment in lieu of providing transportation, the board or governing authority shall pay the parent, guardian, or other person in charge of the pupil an amount that shall be not less than ~~the amount determined by the general assembly as the minimum for payment in lieu of~~ fifty per cent

~~transportation~~, and not more than the amount determined by the department of education as the average cost of pupil transportation for the previous school year. Payment may be prorated if the time period involved is only a part of the school year.

(E)(1)(a) Upon the request of a parent, guardian, or other person in charge of the pupil who rejected the payment in lieu of transportation, the department shall conduct mediation procedures. A parent, guardian, or other person in charge of the pupil may authorize the nonpublic or community school in which the pupil is enrolled to act on the parent's, guardian's, or other person's behalf during the mediation proceedings.

(b) If the mediation does not resolve the dispute, the state board of ~~education~~ shall conduct a hearing in accordance with Chapter 119. of the Revised Code. The state board may approve the payment in lieu of transportation or may order the district board of education or governing authority to provide transportation. The decision of the state board is binding in subsequent years and on future parties in interest provided the facts of the determination remain comparable.

(2) The school district or governing authority shall provide transportation for the pupil from the time the parent, guardian, or other person in charge of the pupil requests mediation until the matter is resolved under division (E)(1)(a) or (b) of this section.

(F)(1) If the department determines that a school district board or governing authority has failed or is failing to provide transportation as required by division (E)(2) of this section or as ordered by the state board under division (E)(1)(b) of this section, the department shall order the school district board or governing authority to pay to the pupil's parent, guardian, or other person in charge of the pupil, an amount equal to ~~the state average daily cost of transportation as determined by the state board of education for the previous year~~ fifty per cent of the cost of providing transportation as determined by the board or governing authority under division (A)(3) of this section, and not more than two thousand five hundred dollars. The school district board or governing authority shall make payments on a schedule ordered by the department.

(2) If the department subsequently finds that a school district board is not in compliance with an order issued under division (F)(1) of this section and the affected pupils are enrolled in a nonpublic or community school, the department shall deduct the amount that the board is required to pay under that order from any pupil transportation payments the department makes to the school district board under section 3317.0212 of the Revised Code or other provisions of law. The department shall use the moneys so deducted to

make payments to the nonpublic or community school attended by the pupil. The department shall continue to make the deductions and payments required under this division until the school district board either complies with the department's order issued under division (F)(1) of this section or begins providing transportation.

(G) A nonpublic or community school that receives payments from the department under division (F)(2) of this section shall do either of the following:

(1) Disburse the entire amount of the payments to the parent, guardian, or other person in charge of the pupil affected by the failure of the school district of residence to provide transportation;

(2) Use the entire amount of the payments to provide acceptable transportation for the affected pupil.

(H) At any time after a parent, guardian, or other person in charge of a pupil requests transportation for a pupil, that parent, guardian, or other person may authorize the nonpublic or community school in which the pupil is enrolled to act on the parent's, guardian's, or other person's behalf for purposes of this section.

Sec. 3327.021. The department of education shall monitor each city, local, or exempted village school district's compliance with sections 3327.01 and 3327.016 and division (B) of section 3327.017 of the Revised Code. If the department determines a consistent or prolonged period of noncompliance on the part of the school district to provide transportation as required under those sections, the department shall deduct from the district's payment for student transportation under Chapter 3317. of the Revised Code the total daily amount of that payment, as computed by the department, for each day that the district is not in compliance.

This section does not affect the authority of a school district to provide payment in lieu of transportation in accordance with section 3327.02 of the Revised Code.

Sec. 3327.101. Notwithstanding anything to the contrary in this chapter or Chapter 3301-83 of the Administrative Code, the department of education shall develop an online bus driver training program to satisfy the classroom portion of pre-service and annual in-service training for school bus driver certification. On-the-bus training for drivers shall continue to be completed in person.

Sec. 3328.24. A college-preparatory boarding school established under this chapter and its board of trustees shall comply with sections 102.02, 3301.0710, 3301.0711, 3301.0712, 3301.0714, 3301.0729, 3301.948, 3313.6013, 3313.6021, 3313.6024, 3313.6025, 3313.6026, 3313.617,

3313.618, 3313.6114, 3313.6411, 3313.668, 3313.669, 3313.6610, 3313.7112, 3313.721, 3313.89, 3319.073, 3319.077, 3319.078, 3319.318, 3319.39, 3319.391, 3319.393, 3319.46, 3320.01, 3320.02, 3320.03, 3323.251, and 5502.262, and Chapter 3365. of the Revised Code as if the school were a school district and the school's board of trustees were a district board of education.

Sec. 3328.32. Each child enrolled in a college-preparatory boarding school established under this chapter shall be included in the ~~enrollment formula ADM and total ADM~~ of the district in which the child is entitled to attend school ~~and in the district's category one through six special education enrollment, as appropriate~~, as reported under section 3317.03 of the Revised Code.

~~The department of education shall count that child in the district's formula ADM, total ADM, and, as appropriate, category one through six special education ADM.~~

Sec. 3328.34. (A) For each child enrolled in a college-preparatory boarding school, as reported under section 3328.31 of the Revised Code, the department of education shall pay to the school the sum of the amount ~~deducted from a participating school district's account for that child under section 3328.33 of the Revised Code~~ eighty-five per cent of the operating expenditure per pupil of the city, local, or exempted village school district in which the child is entitled to attend school plus the per-pupil boarding amount specified in division (B) of this section.

As used in this division, a district's "operating expenditure per pupil" is the total amount of state payments and other nonfederal revenue spent by the district for operating expenses during the previous fiscal year, divided by the district's enrolled ADM, as that term is defined in section 3317.02 of the Revised Code, for the previous fiscal year.

(B) For the first fiscal year in which a college-preparatory boarding school may be established under this chapter, the "per-pupil boarding amount" is twenty-five thousand dollars. For each fiscal year thereafter, that amount shall be adjusted by the rate of inflation, as measured by the consumer price index (all urban consumers, all items) prepared by the bureau of labor statistics of the United States department of labor, for the previous twelve-month period.

(C) The state board of education may accept funds from federal and state noneducation support services programs for the purpose of funding the per pupil boarding amount prescribed in division (B) of this section. Notwithstanding any other provision of the Revised Code, the state board shall coordinate and streamline any noneducation program requirements in

order to eliminate redundant or conflicting requirements, licensing provisions, and oversight by government programs or agencies. The applicable regulatory entities shall, to the maximum extent possible, use reports and financial audits provided by the auditor of state and coordinated by the department of education to eliminate or reduce contract and administrative reviews. Regulatory entities other than the state board may suggest reasonable additional items to be included in such reports and financial audits to meet any requirements of federal law. Reporting paperwork prepared for the state board shall be shared with and accepted by other state and local entities to the maximum extent feasible.

(D)(1) Notwithstanding division (A) of this section, if, in any fiscal year, a college-preparatory boarding school receives federal funds for the purpose of supporting the school's operations, the amount of those federal funds shall be deducted from the total per-pupil boarding amount for all enrolled students paid by the department to the school for that fiscal year, unless the school's board of trustees and the department determine otherwise in a written agreement. Any portion of the total per-pupil boarding amount for all enrolled students remaining after the deduction of the federal funds shall be paid by the department to the school from state funds appropriated to the department.

(2) Notwithstanding division (A) of this section, if, in any fiscal year, the department receives federal funds for the purpose of supporting the operations of a college-preparatory boarding school, the department shall use those federal funds, not including any portion of those funds designated for administration, to pay the school the total per-pupil boarding amount for all enrolled students for that fiscal year. Any portion of the total per-pupil boarding amount for all enrolled students remaining after the use of the federal funds shall be paid by the department to the school from state funds appropriated to the department.

(3) If any federal funds are used for the purpose prescribed in division (D)(1) or (2) of this section, the department shall comply with all requirements upon which the acceptance of the federal funds is conditioned, including any requirements set forth in the funding application submitted by the school or the department and, to the extent sufficient funds are appropriated by the general assembly, any requirements regarding maintenance of effort in expenditures.

Sec. 3333.049. (A) Not later than July 1, 2016, the chancellor of higher education shall revise the requirements for reading endorsement programs offered by institutions of higher education to align those requirements with the reading competencies adopted by the state board of education under

section 3301.077 of the Revised Code.

(B) Each educator preparation program approved under section 3333.048 of the Revised Code shall require each candidate for an educator license who enters the program in the 2022-2023 academic year, or any academic year thereafter, to receive instruction in computer science and computational thinking, as applied to student learning and classroom instruction, as appropriate for the grade level and subject area of the candidate's prospective educator license.

(e) The individual has not plead guilty to or been convicted of operating a vehicle under the influence of alcohol or a drug of abuse under section 4511.19 of the Revised Code in the past twelve months. If an individual who the chancellor has determined is an eligible student pleads guilty to or is convicted of operating a vehicle under the influence of alcohol or a drug of abuse while participating in the program, the individual shall no longer be considered eligible for continued participation in the program.

(f) The individual meets any additional eligibility criteria established under rules adopted by the chancellor under division (G) of this section.

(C) There is hereby established in the state treasury the commercial truck driver student aid fund, which shall consist of funds appropriated by the general assembly for purposes of this section and funds received as repayment for loans awarded under this section.

The fund shall be used by the chancellor for grants and loans made under this section and for expenses of administering the program.

(D)(1) The grant amount awarded to an eligible student shall equal one-half of the student's remaining state cost of attendance after the student's Pell grant and expected family contribution are applied to the instructional and general charges for the student's enrollment in the certified commercial driver's license school.

Except as provided in divisions (D)(2) and (E) of this section, the chancellor also shall award a loan to an eligible student in the same amount.

(2) If, for any academic year, the amounts available for support of the program are inadequate to provide grants and loans to all eligible students who apply for participation or are participating in the program, the chancellor shall proportionately reduce the amount of each grant and loan to be awarded for the academic year.

(E) The amount of a grant and a loan awarded to an eligible student under this section shall be in addition to what the eligible student receives under the Ohio college opportunity grant under section 3333.122 of the

(F)(1) Each eligible student who accepts a grant under division (B) of this section shall sign a promissory note payable to the state in the event the student fails to do either of the following:

(a) Satisfy the residency and employment requirement under that division;

(b) Complete the certified commercial driver's license program in which the student was enrolled.

(2) The amount payable under the note shall be the amount of the grant accepted by the student plus interest accrued annually beginning either one calendar year after the student completes a certified commercial driver's license program or immediately after the student disenrolls from, or does not complete, a certified commercial driver's license program. The chancellor shall determine the interest rate and period of repayment under the note.

(3) The note shall stipulate that the obligation to make payments under the note is canceled once either of the following applies to the student:

(a) The student completes a certified commercial driver's license program and meets the residency and employment requirement under division (B) of this section.

(b) The student dies or becomes totally and permanently disabled.

(G) The chancellor shall adopt rules, in accordance with Chapter 119. of the Revised Code, necessary for the operation of the program, including rules for all of the following:

(1) Terms and conditions for loans under the program;

(2) Requirements for certification of commercial driver's license schools;

(3) Additional eligibility criteria that the chancellor determines necessary for individuals participating in the program.

(4) The absence of a bachelor's degree program that meets the workforce need addressed by the proposed program that is offered by a state university or private college or university;

(5) Willingness of an industry partner to offer workplace-based learning and employment opportunities to students enrolled in the proposed program.

~~(B) Before approving a program under this section, the chancellor shall consult with the governor's office of workforce transformation, the inter-university council of Ohio, the Ohio association of community colleges, and the association of independent colleges and universities of Ohio, or any successor to those organizations~~ The chancellor shall approve the creation of any nursing bachelor's degree program proposed by a community, state community, or technical college that meet the requirements prescribed in divisions (A)(1) to (5) of this section and the standards and procedures for academic program approval pursuant to section 3333.04 of the Revised Code. completion rate of public and chartered nonpublic school students in the state.

(B) The chancellor and the management council shall develop guidelines and procedures for the operation of the system.

(C) The chancellor may publish and share aggregate data regarding the free application for federal student aid, including completion counts and rates for the state and each school district, chartered nonpublic school, community school established under Chapter 3314., STEM school established under Chapter 3326., and college-preparatory boarding school established under Chapter 3328. of the Revised Code. Such data may be used for the benefit of public and chartered nonpublic schools, to increase public understanding regarding the free application for federal student aid, and to assist in encouraging student completion of the free application for federal student aid form.

Sec. 3333.31. (A) For state subsidy and tuition surcharge purposes, status as a resident of Ohio shall be defined by the chancellor of higher education by rule promulgated pursuant to Chapter 119. of the Revised Code. No adjudication as to the status of any person under such rule, however, shall be required to be made pursuant to Chapter 119. of the Revised Code. The term "resident" for these purposes shall not be equated with the definition of that term as it is employed elsewhere under the laws of this state and other states, and shall not carry with it any of the legal connotations appurtenant thereto. Rather, except as provided in divisions (B), (C), (D), ~~and (F)~~, and (G) of this section, for such purposes, the rule promulgated under this section shall have the objective of excluding from treatment as residents those who are present in the state primarily for the purpose of attending a state-supported or state-assisted institution of higher education, and may prescribe presumptive rules, rebuttable or conclusive, as to such purpose based upon the source or sources of support of the student, residence prior to first enrollment, evidence of intention to remain in the state after completion of studies, or such other factors as the chancellor deems relevant.

(B) The rules of the chancellor for determining student residency shall grant residency status to a veteran and to the veteran's spouse and any dependent of the veteran, if both of the following conditions are met:

If the spouse or a dependent of the veteran seeks residency status for tuition surcharge purposes, the veteran and the spouse or dependent seeking residency status have established domicile in this state as of the first day of a term of enrollment in an institution of higher education, except that if the veteran was killed while serving on active military duty, has been declared to be missing in action or a prisoner of war, or is deceased after discharge, only the spouse or dependent seeking residency status shall be required to have established domicile in accordance with this division.

(C) The rules of the chancellor for determining student residency shall grant residency status to both of the following:

In order for a person using transferred federal veterans' benefits to qualify under division (C)(2) of this section, the veteran who transferred the benefits must have served at least ninety days on active duty or the service member who transferred the benefits must be on active duty.

(D) The rules of the chancellor for determining student residency shall grant residency status to a service member who is on active duty and to the service member's spouse and any dependent of the service member while the service member is on active duty. In order to qualify under division (D) of this section, the rules shall require the student seeking in-state tuition

rates to live in the state as of the first day of a term of enrollment in the state institution of higher education, but shall not require the service member or the service member's spouse or dependent to establish domicile in this state as of the first day of a term of enrollment in a an institution of higher education.

(E) The rules of the chancellor for determining student residency shall not deny residency status to a student who is either a dependent child of a parent, or the spouse of a person who, as of the first day of a term of enrollment in an institution of higher education, has accepted full-time employment and established domicile in this state for reasons other than gaining the benefit of favorable tuition rates.

Any reimbursement under section 3365.07 of the Revised Code for the student's attendance prior to the expulsion shall be the same as would be paid for a student who voluntarily withdrew from the college at the same time in the term. If the revocation results in the college's receiving no reimbursement, the college or secondary school may require the student to return or pay for any textbooks and materials it provided the student free of charge.

Not later than five days after receiving an expulsion notice from the

superintendent, or equivalent, of a public school that has adopted a policy ~~under section 3313.613 of the Revised Code or, for a college preparatory boarding school, in accordance with the school's bylaws adopted pursuant to section 3328.13 of the Revised Code~~ to deny high school credit for courses taken under the college credit plus program during an expulsion, the college shall send a written notice to the expelled student that the student's election of division (B) of section 3365.06 of the Revised Code is revoked. (C) The director of health shall provide technical and financial assistance to each city described in division (A) of this section and shall oversee any efficiency and effectiveness study conducted.

(D) If, based on the criteria described in division (B) of this section, the study indicates that a merger would be efficient and effective, then the chief executive of the city shall enter into a contract with the district advisory council of the general health district that includes the city for the administration of health affairs in the former city health district and the merged general health district.

(E) If a merger is required by this section, the merger shall be completed not later than thirty months after the official announcement of the result of a federal decennial census, unless either of the following, as applicable, acts for good cause to delay implementation of the merger:

When a majority of the members of the legislative authority or a majority of the electors of each city constituting a city health district have voted affirmatively, the chief executives of the cities affected shall enter into a contract for the administration of public health affairs in the combined district. Such contract shall state the proportion of expenses of the board of health or health department of the combined district to be paid by each city. Unless the proposal establishing the district as contained in the petition and submitted to the electors provides for the board of health of the new district, the contract may provide that the administration of the combined district be taken over by either the board of health or the health department of one of the cities or by a combined board of health. If the contract provides for a combined board of health, the number of members of the board, their terms of office, and the method of appointment, shall be set forth in the contract. The contract shall designate the city in which the central office of the board of health shall be located. The city treasurer of such city shall be the custodian of the health funds of the combined district. It shall require a majority affirmative vote of the members of the district advisory council to carry the question. The legislative authority of each city constituting a city health district shall likewise vote on the question. A majority voting affirmatively shall be required for approval. When the majority of the district advisory council and the legislative authority have voted affirmatively, the chair of the council and the chief executive of each city shall enter into a contract for the administration of health affairs in the combined district. Such contract shall prescribe the date on which such change of administration shall be made. A copy of such contract shall be filed with the director of health.

If the contract provides that the administration of the combined district shall be taken over by a combined board of health, rather than the board of health of the original health district, the contract shall set forth the number of members of such board, their terms of office, and the manner of appointment or election of officers. One of the members of such combined

board of health shall be a physician, and one member shall be an individual appointed by the health district licensing council, if such council is established under section 3709.41 of the Revised Code. The contract may also provide for the representation of areas by one or more members and shall, in such event, specify the territory to be included in each such area.

The appointment of any member of the combined board who is designated by the provisions of the contract to represent a city shall be made by the chief executive and approved by the legislative authority of such city. If a member is designated by the contract to represent more than one city, the member shall be appointed by majority vote of the chief executives of all cities included in any such area. Except for the member appointed by the health district licensing council, if such council is established, the appointment of all members of the combined board who are designated to represent the balance of the district shall be made by the district advisory council.

Sec. 3721.081. (A) Notwithstanding any action the director of health may take under section 3721.08 of the Revised Code, if the director determines immediate action is necessary to protect resident health or safety because a home has neglected or refused to act with sufficient promptness or efficiency to protect resident health or safety, the director may do either or both of the following before a home is provided notice and an opportunity for a hearing under Chapter 119. of the Revised Code:

(1) Issue orders, including specifying actions that a home must take immediately to address resident health and safety;

(2) Take direct action to protect resident health or safety if the home fails to act on an order issued pursuant to division (A)(1) of this section.

(B)(1) Subject to divisions (B)(2) and (3) of this section, orders that may be issued and direct action that may be taken under this section include all of the following:

(a) Removing a threat to resident health or safety;

(b) Transferring residents to another home or appropriate care setting until a threat to resident health or safety is resolved;

(c) Appointing a temporary administrator for a home for the duration of an order;

(d) Issuing any other order or taking any other action as necessary to protect the health or safety of residents of a home.

(2) The director shall not enter a home pursuant to this section unless the director provides the operator with notice at least twenty-four hours in advance.

(3) The director's authority to transfer residents under this section is subject to both of the following:

(a) If the reason for the transfer is due to an environmental condition affecting the home, the director may transfer only those residents directly affected by the environmental condition.

(b) If the reason for the transfer is due to a clinical condition that affects the entire home, the director may transfer all residents for the lesser of thirty calendar days or until the date that the condition is no longer affecting the

home. If the condition persists longer than thirty calendar days, the director shall provide the home a notice regarding the reason for determining that the condition is still affecting the home. The home may request a hearing regarding the notice in accordance with this section.

(C) Any expenses incurred by a home to comply with an order issued under this section shall be borne by the home.

If a hearing is conducted in accordance with this section and the director is found to have acted in violation of this section, all reasonable expenses incurred by the home as a result of the director's action shall be reimbursed to the home by the department of health within ninety days after the date that the final adjudication order is issued.

(D) If a home fails to comply with an order issued under this section, the director shall issue an order imposing a fine of not more than one hundred thousand dollars for each instance of noncompliance. Any fine imposed shall be reasonably commensurate to the harm caused by the home, and the home may request a hearing as to the fine's reasonableness in accordance with this section.

(E) All fines collected under this section shall be deposited in the state treasury to the credit of the general operations fund created by section 3701.83 of the Revised Code.

(F) A home subject to an order or action under this section may request a hearing under Chapter 119. of the Revised Code. The request must be received by the director within fifteen days after the notice of the order was mailed. If the home timely requests a hearing, the date set for the hearing shall be within ten days after the home requested the hearing, unless otherwise agreed to by both the director and the home.

An order issued under this section shall remain in effect, unless reversed by the director, until a final adjudication order issued by the director pursuant to this section and Chapter 119. of the Revised Code becomes effective. The director shall issue the final adjudication order not later than thirty days after completion of the hearing.

A home may appeal a final adjudication order in accordance with Chapter 119. of the Revised Code.

Sec. 3727.80. (A) As used in this section, "health benefit plan," "health plan issuer," and "health care services" have the same meanings as in section 3922.01 of the Revised Code.

(B) If a patient is admitted to a hospital for inpatient health care services and the hospital is informed at the time of admission that the person is covered by a health benefit plan, the hospital shall notify the health plan issuer of the admission within forty-eight hours of the patient being

admitted.

(C) If a patient is admitted to a hospital for inpatient health care services prior to the hospital being informed that the patient is covered by a health benefit plan, the hospital shall notify the health plan issuer within forty-eight hours of being informed the patient is covered by the health plan issuer.

(D) A hospital shall be considered to have been informed that a patient is covered by a health benefit plan upon being provided with an identification card that provides the health plan issuer's contact information or other information sufficient for the hospital to contact the health plan issuer and confirm coverage.

(E) The notice required under divisions (B) and (C) of this section shall be made in writing and may be provided through a secure electronic transmission by the hospital to the health plan issuer or, if written notice is not possible, then the notice shall be made by telephonic communication.

Sec. 3734.57. (A) The following fees are hereby levied on the transfer or disposal of solid wastes in this state:

(1) Ninety cents per ton through June 30, ~~2022~~2024, twenty cents of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste facility management fund created in section 3734.18 of the Revised Code and seventy cents of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste clean-up fund created in section 3734.28 of the Revised Code;

(2) An additional seventy-five cents per ton through June 30, ~~2022~~2024, the proceeds of which shall be deposited in the state treasury to the credit of the waste management fund created in section 3734.061 of the Revised Code.

(3) An additional two dollars and eighty-five cents per ton through June 30, ~~2022~~2024, the proceeds of which shall be deposited in the state treasury to the credit of the environmental protection fund created in section 3745.015 of the Revised Code;

(4) An additional twenty-five cents per ton through June 30, ~~2022~~2024, the proceeds of which shall be deposited in the state treasury to the credit of the soil and water conservation district assistance fund created in section 940.15 of the Revised Code.

In the case of solid wastes that are taken to a solid waste transfer facility located in this state prior to being transported for disposal at a solid waste disposal facility located in this state or outside of this state, the fees levied under this division shall be collected by the owner or operator of the transfer facility as a trustee for the state. The amount of fees required to be collected under this division at such a transfer facility shall equal the total tonnage of

solid wastes received at the facility multiplied by the fees levied under this division. In the case of solid wastes that are not taken to a solid waste transfer facility located in this state prior to being transported to a solid waste disposal facility, the fees shall be collected by the owner or operator of the solid waste disposal facility as a trustee for the state. The amount of fees required to be collected under this division at such a disposal facility shall equal the total tonnage of solid wastes received at the facility that was not previously taken to a solid waste transfer facility located in this state multiplied by the fees levied under this division. Fees levied under this division do not apply to materials separated from a mixed waste stream for recycling by a generator or materials removed from the solid waste stream through recycling, as "recycling" is defined in rules adopted under section 3734.02 of the Revised Code.

The owner or operator of a solid waste transfer facility or disposal facility, as applicable, shall prepare and file with the director of environmental protection each month a return indicating the total tonnage of solid wastes received at the facility during that month and the total amount of the fees required to be collected under this division during that month. In addition, the owner or operator of a solid waste disposal facility shall indicate on the return the total tonnage of solid wastes received from transfer facilities located in this state during that month for which the fees were required to be collected by the transfer facilities. The monthly returns shall be filed on a form prescribed by the director. Not later than thirty days after the last day of the month to which a return applies, the owner or operator shall mail to the director the return for that month together with the fees required to be collected under this division during that month as indicated on the return or may submit the return and fees electronically in a manner approved by the director. If the return is filed and the amount of the fees due is paid in a timely manner as required in this division, the owner or operator may retain a discount of three-fourths of one per cent of the total amount of the fees that are required to be paid as indicated on the return.

The owner or operator may request an extension of not more than thirty days for filing the return and remitting the fees, provided that the owner or operator has submitted such a request in writing to the director together with a detailed description of why the extension is requested, the director has received the request not later than the day on which the return is required to be filed, and the director has approved the request. If the fees are not remitted within thirty days after the last day of the month to which the return applies or are not remitted by the last day of an extension approved by the director, the owner or operator shall not retain the three-fourths of one per

cent discount and shall pay an additional ten per cent of the amount of the fees for each month that they are late. For purposes of calculating the late fee, the first month in which fees are late begins on the first day after the deadline has passed for timely submitting the return and fees, and one additional month shall be counted every thirty days thereafter.

The owner or operator of a solid waste facility may request a refund or credit of fees levied under this division and remitted to the director that have not been paid to the owner or operator. Such a request shall be made only if the fees have not been collected by the owner or operator, have become a debt that has become worthless or uncollectable for a period of six months or more, and may be claimed as a deduction, including a deduction claimed if the owner or operator keeps accounts on an accrual basis, under the "Internal Revenue Code of 1954," 68A Stat. 50, 26 U.S.C. 166, as amended, and regulations adopted under it. Prior to making a request for a refund or credit, an owner or operator shall make reasonable efforts to collect the applicable fees. A request for a refund or credit shall not include any costs resulting from those efforts to collect unpaid fees.

A request for a refund or credit of fees shall be made in writing, on a form prescribed by the director, and shall be supported by evidence that may be required in rules adopted by the director under this chapter. After reviewing the request, and if the request and evidence submitted with the request indicate that a refund or credit is warranted, the director shall grant a refund to the owner or operator or shall permit a credit to be taken by the owner or operator on a subsequent monthly return submitted by the owner or operator. The amount of a refund or credit shall not exceed an amount that is equal to ninety days' worth of fees owed to an owner or operator by a particular debtor of the owner or operator. A refund or credit shall not be granted by the director to an owner or operator more than once in any twelve-month period for fees owed to the owner or operator by a particular debtor.

If, after receiving a refund or credit from the director, an owner or operator receives payment of all or part of the fees, the owner or operator shall remit the fees with the next monthly return submitted to the director together with a written explanation of the reason for the submittal.

For purposes of computing the fees levied under this division or division (B) of this section, any solid waste transfer or disposal facility that does not use scales as a means of determining gate receipts shall use a conversion factor of three cubic yards per ton of solid waste or one cubic yard per ton for baled waste, as applicable.

The fees levied under this division and divisions (B) and (C) of this

section are in addition to all other applicable fees and taxes and shall be paid by the customer or a political subdivision to the owner or operator of a solid waste transfer or disposal facility. In the alternative, the fees shall be paid by a customer or political subdivision to a transporter of waste who subsequently transfers the fees to the owner or operator of such a facility. The fees shall be paid notwithstanding the existence of any provision in a contract that the customer or a political subdivision may have with the owner or operator or with a transporter of waste to the facility that would not require or allow such payment regardless of whether the contract was entered prior to or after October 16, 2009. For those purposes, "customer" means a person who contracts with, or utilizes the solid waste services of, the owner or operator of a solid waste transfer or disposal facility or a transporter of solid waste to such a facility.

(B) For the purposes specified in division (G) of this section, the solid waste management policy committee of a county or joint solid waste management district may levy fees upon the following activities:

(1) The disposal at a solid waste disposal facility located in the district of solid wastes generated within the district;

(2) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of the district, but inside this state;

(3) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of this state.

The solid waste management plan of the county or joint district approved under section 3734.521 or 3734.55 of the Revised Code and any amendments to it, or the resolution adopted under this division, as appropriate, shall establish the rates of the fees levied under divisions (B)(1), (2), and (3) of this section, if any, and shall specify whether the fees are levied on the basis of tons or cubic yards as the unit of measurement. A solid waste management district that levies fees under this division on the basis of cubic yards shall do so in accordance with division (A) of this section.

The fee levied under division (B)(1) of this section shall be not less than one dollar per ton nor more than two dollars per ton, the fee levied under division (B)(2) of this section shall be not less than two dollars per ton nor more than four dollars per ton, and the fee levied under division (B)(3) of this section shall be not more than the fee levied under division (B)(1) of this section.

Prior to the approval of the solid waste management plan of a district under section 3734.55 of the Revised Code, the solid waste management

policy committee of a district may levy fees under this division by adopting a resolution establishing the proposed amount of the fees. Upon adopting the resolution, the committee shall deliver a copy of the resolution to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district and shall prepare and publish the resolution and a notice of the time and location where a public hearing on the fees will be held. Upon adopting the resolution, the committee shall deliver written notice of the adoption of the resolution; of the amount of the proposed fees; and of the date, time, and location of the public hearing to the director and to the fifty industrial, commercial, or institutional generators of solid wastes within the district that generate the largest quantities of solid wastes, as determined by the committee, and to their local trade associations. The committee shall make good faith efforts to identify those generators within the district and their local trade associations, but the nonprovision of notice under this division to a particular generator or local trade association does not invalidate the proceedings under this division. The publication shall occur at least thirty days before the hearing. After the hearing, the committee may make such revisions to the proposed fees as it considers appropriate and thereafter, by resolution, shall adopt the revised fee schedule. Upon adopting the revised fee schedule, the committee shall deliver a copy of the resolution doing so to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district. Within sixty days after the delivery of a copy of the resolution adopting the proposed revised fees by the policy committee, each such board and legislative authority, by ordinance or resolution, shall approve or disapprove the revised fees and deliver a copy of the ordinance or resolution to the committee. If any such board or legislative authority fails to adopt and deliver to the policy committee an ordinance or resolution approving or disapproving the revised fees within sixty days after the policy committee delivered its resolution adopting the proposed revised fees, it shall be conclusively presumed that the board or legislative authority has approved the proposed revised fees. The committee shall determine if the resolution has been ratified in the same manner in which it determines if a draft solid waste management plan has been ratified under division (B) of section 3734.55 of the Revised Code.

The committee may amend the schedule of fees levied pursuant to a resolution adopted and ratified under this division by adopting a resolution establishing the proposed amount of the amended fees. The committee may

repeal the fees levied pursuant to such a resolution by adopting a resolution proposing to repeal them. Upon adopting such a resolution, the committee shall proceed to obtain ratification of the resolution in accordance with this division.

Not later than fourteen days after declaring the new fees to be ratified or the fees to be repealed under this division, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the ratification and the amount of the fees or of the repeal of the fees. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

Fees levied under this division also may be established, amended, or repealed by a solid waste management policy committee through the adoption of a new district solid waste management plan, the adoption of an amended plan, or the amendment of the plan or amended plan in accordance with sections 3734.55 and 3734.56 of the Revised Code or the adoption or amendment of a district plan in connection with a change in district composition under section 3734.521 of the Revised Code.

Not later than fourteen days after the director issues an order approving a district's solid waste management plan, amended plan, or amendment to a plan or amended plan that establishes, amends, or repeals a schedule of fees levied by the district, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the approval of the plan or amended plan, or the amendment to the plan, as appropriate, and the amount of the fees, if any. In the case of an initial or amended plan approved under section 3734.521 of the Revised Code in connection with a change in district composition, other than one involving the withdrawal of a county from a joint district, the committee, within fourteen days after the change takes effect pursuant to division (G) of that section, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees that the change has taken effect and of the amount of the fees, if any. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, forty-five days or more before the beginning of a calendar year, the policy committee of each of the districts resulting

from the change that obtained the director's approval of an initial or amended plan in connection with the change, within fourteen days after the director's completion of the required actions, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the issuance of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of January immediately following the issuance of the notice. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on that first day of January.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, less than forty-five days before the beginning of a calendar year, the director, on behalf of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change proceedings, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the mailing of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of the second month following the month in which notification is sent to the owner or operator. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If the schedule of fees that a solid waste management district is levying under divisions (B)(1) to (3) of this section is amended or repealed, the fees in effect immediately prior to the amendment or repeal shall continue to be collected until collection of the amended fees commences or collection of the repealed fees ceases, as applicable, as specified in this division. In the case of a change in district composition, money so received from the collection of the fees of the former districts shall be divided among the resulting districts in accordance with division (B) of section 343.012 of the

Revised Code and the agreements entered into under division (B) of section 343.01 of the Revised Code to establish the former and resulting districts and any amendments to those agreements.

For the purposes of the provisions of division (B) of this section establishing the times when newly established or amended fees levied by a district are required to commence and the collection of fees that have been amended or repealed is required to cease, "fees" or "schedule of fees" includes, in addition to fees levied under divisions (B)(1) to (3) of this section, those levied under section 3734.573 or 3734.574 of the Revised Code.

(C) For the purposes of defraying the added costs to a municipal corporation or township of maintaining roads and other public facilities and of providing emergency and other public services, and compensating a municipal corporation or township for reductions in real property tax revenues due to reductions in real property valuations resulting from the location and operation of a solid waste disposal facility within the municipal corporation or township, a municipal corporation or township in which such a solid waste disposal facility is located may levy a fee of not more than twenty-five cents per ton on the disposal of solid wastes at a solid waste disposal facility located within the boundaries of the municipal corporation or township regardless of where the wastes were generated.

The legislative authority of a municipal corporation or township may levy fees under this division by enacting an ordinance or adopting a resolution establishing the amount of the fees. Upon so doing the legislative authority shall mail a certified copy of the ordinance or resolution to the board of county commissioners or directors of the county or joint solid waste management district in which the municipal corporation or township is located or, if a regional solid waste management authority has been formed under section 343.011 of the Revised Code, to the board of trustees of that regional authority, the owner or operator of each solid waste disposal facility in the municipal corporation or township that is required to collect the fee by the ordinance or resolution, and the director of environmental protection. Although the fees levied under this division are levied on the basis of tons as the unit of measurement, the legislative authority, in its ordinance or resolution levying the fees under this division, may direct that the fees be levied on the basis of cubic yards as the unit of measurement based upon a conversion factor of three cubic yards per ton generally or one cubic yard per ton for baled wastes.

Not later than five days after enacting an ordinance or adopting a resolution under this division, the legislative authority shall so notify by

certified mail the owner or operator of each solid waste disposal facility that is required to collect the fee. Collection of any fee levied on or after March 24, 1992, shall commence on the first day of the second month following the month in which notification is sent to the owner or operator.

(D)(1) The fees levied under divisions (A), (B), and (C) of this section do not apply to the disposal of solid wastes that:

(a) Are disposed of at a facility owned by the generator of the wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated;

(b) Are generated from the combustion of coal, or from the combustion of primarily coal, regardless of whether the disposal facility is located on the premises where the wastes are generated;

(c) Are asbestos or asbestos-containing materials or products disposed of at a construction and demolition debris facility that is licensed under Chapter 3714. of the Revised Code or at a solid waste facility that is licensed under this chapter.

(2) Except as provided in section 3734.571 of the Revised Code, any fees levied under division (B)(1) of this section apply to solid wastes originating outside the boundaries of a county or joint district that are covered by an agreement for the joint use of solid waste facilities entered into under section 343.02 of the Revised Code by the board of county commissioners or board of directors of the county or joint district where the wastes are generated and disposed of.

(3) When solid wastes, other than solid wastes that consist of scrap tires, are burned in a disposal facility that is an incinerator or energy recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash remaining after burning of the solid wastes and shall be collected by the owner or operator of the sanitary landfill where the ash is disposed of.

(4) When solid wastes are delivered to a solid waste transfer facility, the fees levied under divisions (B) and (C) of this section shall be levied upon the disposal of solid wastes transported off the premises of the transfer facility for disposal and shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of.

(5) The fees levied under divisions (A), (B), and (C) of this section do not apply to sewage sludge that is generated by a waste water treatment facility holding a national pollutant discharge elimination system permit and that is disposed of through incineration, land application, or composting or at another resource recovery or disposal facility that is not a landfill.

(6) The fees levied under divisions (A), (B), and (C) of this section do not apply to solid wastes delivered to a solid waste composting facility for processing. When any unprocessed solid waste or compost product is transported off the premises of a composting facility and disposed of at a landfill, the fees levied under divisions (A), (B), and (C) of this section shall be collected by the owner or operator of the landfill where the unprocessed waste or compost product is disposed of.

(7) When solid wastes that consist of scrap tires are processed at a scrap tire recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash or other solid wastes remaining after the processing of the scrap tires and shall be collected by the owner or operator of the solid waste disposal facility where the ash or other solid wastes are disposed of.

(8) The director of environmental protection may issue an order exempting from the fees levied under this section solid wastes, including, but not limited to, scrap tires, that are generated, transferred, or disposed of as a result of a contract providing for the expenditure of public funds entered into by the administrator or regional administrator of the United States environmental protection agency, the director of environmental protection, or the director of administrative services on behalf of the director of environmental protection for the purpose of remediating conditions at a hazardous waste facility, solid waste facility, or other location at which the administrator or regional administrator or the director of environmental protection has reason to believe that there is a substantial threat to public health or safety or the environment or that the conditions are causing or contributing to air or water pollution or soil contamination. An order issued by the director of environmental protection under division (D)(8) of this section shall include a determination that the amount of the fees not received by a solid waste management district as a result of the order will not adversely impact the implementation and financing of the district's approved solid waste management plan and any approved amendments to the plan. Such an order is a final action of the director of environmental protection.

(E) The fees levied under divisions (B) and (C) of this section shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of as a trustee for the county or joint district and municipal corporation or township where the wastes are disposed of. Moneys from the fees levied under division (B) of this section shall be forwarded to the board of county commissioners or board of directors of the district in accordance with rules adopted under division (H) of this section. Moneys from the fees levied under division (C) of this section shall be

forwarded to the treasurer or such other officer of the municipal corporation as, by virtue of the charter, has the duties of the treasurer or to the fiscal officer of the township, as appropriate, in accordance with those rules.

(F) Moneys received by the treasurer or other officer of the municipal corporation under division (E) of this section shall be paid into the general fund of the municipal corporation. Moneys received by the fiscal officer of the township under that division shall be paid into the general fund of the township. The treasurer or other officer of the municipal corporation or the township fiscal officer, as appropriate, shall maintain separate records of the moneys received from the fees levied under division (C) of this section.

(G) Moneys received by the board of county commissioners or board of directors under division (E) of this section or section 3734.571, 3734.572, 3734.573, or 3734.574 of the Revised Code shall be paid to the county treasurer, or other official acting in a similar capacity under a county charter, in a county district or to the county treasurer or other official designated by the board of directors in a joint district and kept in a separate and distinct fund to the credit of the district. If a regional solid waste management authority has been formed under section 343.011 of the Revised Code, moneys received by the board of trustees of that regional authority under division (E) of this section shall be kept by the board in a separate and distinct fund to the credit of the district. Moneys in the special fund of the county or joint district arising from the fees levied under division (B) of this section and the fee levied under division (A) of section 3734.573 of the Revised Code shall be expended by the board of county commissioners or directors of the district in accordance with the district's solid waste management plan or amended plan approved under section 3734.521, 3734.55, or 3734.56 of the Revised Code exclusively for the following purposes:

(1) Preparation of the solid waste management plan of the district under section 3734.54 of the Revised Code, monitoring implementation of the plan, and conducting the periodic review and amendment of the plan required by section 3734.56 of the Revised Code by the solid waste management policy committee;

(2) Implementation of the approved solid waste management plan or amended plan of the district, including, without limitation, the development and implementation of solid waste recycling or reduction programs;

(3) Providing financial assistance to boards of health within the district, if solid waste facilities are located within the district, for enforcement of this chapter and rules, orders, and terms and conditions of permits, licenses, and variances adopted or issued under it, other than the hazardous waste

provisions of this chapter and rules adopted and orders and terms and conditions of permits issued under those provisions;

(4) Providing financial assistance to each county within the district to defray the added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation of a solid waste facility within the county under the district's approved solid waste management plan or amended plan;

(5) Pursuant to contracts entered into with boards of health within the district, if solid waste facilities contained in the district's approved plan or amended plan are located within the district, for paying the costs incurred by those boards of health for collecting and analyzing samples from public or private water wells on lands adjacent to those facilities;

(6) Developing and implementing a program for the inspection of solid wastes generated outside the boundaries of this state that are disposed of at solid waste facilities included in the district's approved solid waste management plan or amended plan;

(7) Providing financial assistance to boards of health within the district for the enforcement of section 3734.03 of the Revised Code or to local law enforcement agencies having jurisdiction within the district for enforcing anti-littering laws and ordinances;

(8) Providing financial assistance to boards of health of health districts within the district that are on the approved list under section 3734.08 of the Revised Code to defray the costs to the health districts for the participation of their employees responsible for enforcement of the solid waste provisions of this chapter and rules adopted and orders and terms and conditions of permits, licenses, and variances issued under those provisions in the training and certification program as required by rules adopted under division (L) of section 3734.02 of the Revised Code;

(9) Providing financial assistance to individual municipal corporations and townships within the district to defray their added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation within their boundaries of a composting, energy or resource recovery, incineration, or recycling facility that either is owned by the district or is furnishing solid waste management facility or recycling services to the district pursuant to a contract or agreement with the board of county commissioners or directors of the district;

(10) Payment of any expenses that are agreed to, awarded, or ordered to be paid under section 3734.35 of the Revised Code and of any administrative costs incurred pursuant to that section. In the case of a joint

solid waste management district, if the board of county commissioners of one of the counties in the district is negotiating on behalf of affected communities, as defined in that section, in that county, the board shall obtain the approval of the board of directors of the district in order to expend moneys for administrative costs incurred.

Prior to the approval of the district's solid waste management plan under section 3734.55 of the Revised Code, moneys in the special fund of the district arising from the fees shall be expended for those purposes in the manner prescribed by the solid waste management policy committee by resolution.

Notwithstanding division (G)(6) of this section as it existed prior to October 29, 1993, or any provision in a district's solid waste management plan prepared in accordance with division (B)(2)(e) of section 3734.53 of the Revised Code as it existed prior to that date, any moneys arising from the fees levied under division (B)(3) of this section prior to January 1, 1994, may be expended for any of the purposes authorized in divisions (G)(1) to (10) of this section.

(H) The director shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing procedures for collecting and forwarding the fees levied under divisions (B) and (C) of this section to the boards of county commissioners or directors of county or joint solid waste management districts and to the treasurers or other officers of municipal corporations and the fiscal officers of townships. The rules also shall prescribe the dates for forwarding the fees to the boards and officials and may prescribe any other requirements the director considers necessary or appropriate to implement and administer divisions (A), (B), and (C) of this section.

Sec. 3734.85. (A) On and after the effective date of the rules adopted under sections 3734.70, 3734.71, 3734.72, and 3734.73 of the Revised Code, the director of environmental protection may take action under this section to abate accumulations of scrap tires. If the director determines that an accumulation of scrap tires constitutes a danger to the public health or safety or to the environment, the director shall issue an order under section 3734.13 of the Revised Code to the person responsible for the accumulation of scrap tires directing that person, within one hundred twenty days after the issuance of the order, to remove the accumulation of scrap tires from the premises on which it is located and transport the tires to a scrap tire storage, monocell, monofill, or recovery facility licensed under section 3734.81 of the Revised Code, to such a facility in another state operating in compliance with the laws of the state in which it is located, or to any other solid waste

disposal facility in another state that is operating in compliance with the laws of that state. If the person responsible for causing the accumulation of scrap tires is a person different from the owner of the land on which the accumulation is located, the director may issue such an order to the landowner.

If the director is unable to ascertain immediately the identity of the person responsible for causing the accumulation of scrap tires, the director shall examine the records of the applicable board of health and law enforcement agencies to ascertain that person's identity. Before initiating any enforcement or removal actions under this division against the owner of the land on which the accumulation is located, the director shall initiate any such actions against the person that the director has identified as responsible for causing the accumulation of scrap tires. Failure of the director to make diligent efforts to ascertain the identity of the person responsible for causing the accumulation of scrap tires or to initiate an action against the person responsible for causing the accumulation shall not constitute an affirmative defense by a landowner to an enforcement action initiated by the director under this division requiring immediate removal of any accumulation of scrap tires.

Upon the written request of the recipient of an order issued under this division, the director may extend the time for compliance with the order if the request demonstrates that the recipient has acted in good faith to comply with the order. If the recipient of an order issued under this division fails to comply with the order within one hundred twenty days after the issuance of the order or, if the time for compliance with the order was so extended, within that time, the director shall take such actions as the director considers reasonable and necessary to remove and properly manage the scrap tires located on the land named in the order. The director, through employees of the environmental protection agency or a contractor, may enter upon the land on which the accumulation of scrap tires is located and remove and transport them to a scrap tire recovery facility for processing, to a scrap tire storage facility for storage, or to a scrap tire monocell or monofill facility for storage or disposal.

The director shall enter into contracts for the storage, disposal, or processing of scrap tires removed through removal operations conducted under this section.

If a person to whom a removal order is issued under this division fails to comply with the order and if the director performs a removal action under this section, the person to whom the removal order is issued is liable to the director for the costs incurred by the director for conducting the removal

operation, storage at a scrap tire storage facility, storage or disposal at a scrap tire monocell or monofill facility, or processing of the scrap tires so removed, the transportation of the scrap tires from the site of the accumulation to the scrap tire storage, monocell, monofill, or recovery facility where the scrap tires were stored, disposed of, or processed, and the administrative and legal expenses incurred by the director in connection with the removal operation. The director shall keep an itemized record of those costs. Upon completion of the actions for which the costs were incurred, the director shall record the costs at the office of the county recorder of the county in which the accumulation of scrap tires was located. The costs so recorded constitute a lien on the property on which the accumulation of scrap tires was located until discharged. Upon the written request of the director, the attorney general shall bring a civil action against the person responsible for the accumulation of the scrap tires that were the subject of the removal operation to recover the costs for which the person is liable under this division. Any money so received or recovered shall be credited to the scrap tire management fund created in section 3734.82 of the Revised Code.

If, in a civil action brought under this division, an owner of real property is ordered to pay to the director the costs of a removal action that removed an accumulation of scrap tires from the person's land or if a lien is placed on the person's land for the costs of such a removal action, and, in either case, if the landowner was not the person responsible for causing the accumulation of scrap tires so removed, the landowner may bring a civil action against the person who was responsible for causing the accumulation to recover the amount of the removal costs that the court ordered the landowner to pay to the director or the amount of the removal costs certified to the county recorder as a lien on the landowner's property, whichever is applicable. If the landowner prevails in the civil action against the person who was responsible for causing the accumulation of scrap tires, the court, as it considers appropriate, may award to the landowner the reasonable attorney's fees incurred by the landowner for bringing the action, court costs, and other reasonable expenses incurred by the landowner in connection with the civil action. A landowner shall bring such a civil action within two years after making the final payment of the removal costs to the director pursuant to the judgment rendered against the landowner in the civil action brought under this division upon the director's request or within two years after the director certified the costs of the removal action to the county recorder, as appropriate. A person who, at the time that a removal action was conducted under this division, owned the land on which the removal action was

performed may bring an action under this division to recover the costs of the removal action from the person responsible for causing the accumulation of scrap tires so removed regardless of whether the person owns the land at the time of bringing the action.

Subject to the limitations set forth in division (G) of section 3734.82 of the Revised Code, the director may use moneys in the scrap tire management fund for conducting removal actions under this division. Any moneys recovered under this division shall be credited to the scrap tire management fund.

(B) The director shall initiate enforcement and removal actions under division (A) of this section in accordance with the following descending listing of priorities:

(1) Accumulations of scrap tires that the director finds constitute a fire hazard or threat to public health;

(2) Accumulations of scrap tires determined by the director to contain more than one million scrap tires;

(3) Accumulations of scrap tires in densely populated areas;

(4) Other accumulations of scrap tires that the director or board of health of the health district in which the accumulation is located determines constitute a public nuisance;

(5) Any other accumulations of scrap tires present on premises operating without a valid license issued under section 3734.05 or 3734.81 of the Revised Code.

(C) The director shall not take enforcement and removal actions under division (A) of this section against the owner or operator of, or the owner of the land on which is located, any of the following:

(1) A premises where not more than one hundred scrap tires are present at any time;

(2) The premises of a business engaging in the sale of tires at retail that meets either of the following criteria:

(a) Not more than one thousand scrap tires are present on the premises at any time in an unsecured, uncovered outdoor location.

(b) Any number of scrap tires are secured in a building or a covered, enclosed container, trailer, or installation.

(3) The premises of a tire retreading business, a tire manufacturing finishing center, or a tire adjustment center on which is located a single, covered scrap tire storage area where not more than four thousand scrap tires are stored;

(4) The premises of a business that removes tires from motor vehicles in the ordinary course of business and on which is located a single scrap tire

storage area that occupies not more than twenty-five hundred square feet;

(5) A solid waste facility licensed under section 3734.05 of the Revised Code that stores scrap tires on the surface of the ground if the total land area on which scrap tires are actually stored does not exceed ten thousand square feet;

(6) A premises where not more than two hundred fifty scrap tires are stored or kept for agricultural use;

(7) A construction site where scrap tires are stored for use or used in road resurfacing or the construction of embankments;

(8) A scrap tire collection, storage, monocell, monofill, or recovery facility licensed under section 3734.81 of the Revised Code;

(9) A solid waste incineration or energy recovery facility that is subject to regulation under this chapter and that burns scrap tires;

(10) A premises where scrap tires are beneficially used and for which the notice required by rules adopted under section 3734.84 of the Revised Code has been given;

(11) A transporter registered under section 3734.83 of the Revised Code that collects and holds scrap tires in a covered trailer or vehicle for not longer than thirty days prior to transporting them to their final destination.

(D) Nothing in this section restricts any right any person may have under statute or common law to enforce or seek enforcement of any law applicable to the management of scrap tires, abate a nuisance, or seek any other appropriate relief.

(E) An owner of real property ~~upon which there is located an accumulation of not more than five thousand scrap tires~~ is not liable under division (A) of this section for the cost of the removal of ~~the~~ up to ten thousand scrap tires on the owner's property, or more at the director's discretion, and no lien shall attach to the property under this section, if all of the following conditions are met:

(1) The tires were placed on the property after the owner acquired title to the property, or the tires were placed on the property before the owner acquired title to the property and the owner acquired title to the property by bequest or devise.

(2) The owner of the property did not have knowledge that the tires were being placed on the property, or the owner posted on the property signs prohibiting dumping or took other action to prevent the placing of tires on the property.

(3) The owner of the property did not participate in or consent to the placing of the tires on the property.

(4) The owner of the property received no financial benefit from the

placing of the tires on the property or otherwise having the tires on the property.

(5) Title to the property was not transferred to the owner for the purpose of evading liability under division (A) of this section.

(6) The person responsible for placing the tires on the property, in doing so, was not acting as an agent for the owner of the property.

Sec. 3734.901. (A)(1) For the purpose of providing revenue to defray the cost of administering and enforcing the scrap tire provisions of this chapter, rules adopted under those provisions, and terms and conditions of orders, variances, and licenses issued under those provisions; to abate accumulations of scrap tires; to make grants supporting market development activities for scrap tires and synthetic rubber from tire manufacturing processes and tire recycling processes and to support scrap tire amnesty and cleanup events; to make loans to promote the recycling or recovery of energy from scrap tires; and to defray the costs of administering and enforcing sections 3734.90 to 3734.9014 of the Revised Code, a fee of fifty cents per tire is hereby levied on the sale of tires. The proceeds of the fee shall be deposited in the state treasury to the credit of the scrap tire management fund created in section 3734.82 of the Revised Code. The fee is levied from the first day of the calendar month that begins next after thirty days from October 29, 1993, through June 30, ~~2022~~2024.

(2) Beginning on July 1, 2011, and ending on June 30, ~~2022~~2024, there is hereby levied an additional fee of fifty cents per tire on the sale of tires the proceeds of which shall be deposited in the state treasury to the credit of the soil and water conservation district assistance fund created in section 940.15 of the Revised Code.

(B) Only one sale of the same article shall be used in computing the amount of the fee due.

Sec. 3735.65. As used in sections 3735.65 to 3735.70 of the Revised Code:

(A) "Housing officer" means an officer or agency of a municipal corporation or county designated by the legislative authority of the municipal corporation or county, pursuant to section 3735.66 of the Revised Code, for each community reinvestment area to administer sections 3735.65 to 3735.69 of the Revised Code. One officer or agency may be designated as the housing officer for more than one community reinvestment area.

(B) "Community reinvestment area" means an area within a municipal corporation or unincorporated area of a county for which the legislative authority of the municipal corporation or, for the unincorporated area, of the county, has adopted a resolution under section 3735.66 of the Revised Code

describing the boundaries of the area and containing a statement of finding that the area included in the description is one in which housing facilities or structures of historical significance are located and new housing construction and repair of existing facilities or structures are discouraged.

(C) "Remodeling" means any change made in a structure for the purpose of making it structurally more sound, more habitable, or for the purpose of improving its appearance.

(D) "Structure of historical or architectural significance" means those designated as such by resolution of the legislative authority of a municipal corporation, for those located in a municipal corporation, or the county, for those located in the unincorporated area of the county based on age, rarity, architectural quality, or because of a previous designation by a historical society, association, or agency.

(E) "Megaproject," "megaproject operator," and "megaproject supplier" have the same meanings as in section 122.17 of the Revised Code.

Sec. 3735.67. (A) The owner of real property located in a community reinvestment area and eligible for exemption from taxation under a resolution adopted pursuant to section 3735.66 of the Revised Code may file an application for an exemption from real property taxation of a percentage of the assessed valuation of a new structure, or of the increased assessed valuation of an existing structure after remodeling began, if the new structure or remodeling is completed after the effective date of the resolution adopted pursuant to section 3735.66 of the Revised Code. The application shall be filed with the housing officer designated for the community reinvestment area in which the property is located. If any part of the new structure or remodeled structure that would be exempted is of real property to be used for commercial or industrial purposes, the legislative authority and the owner of the property shall enter into a written agreement pursuant to section 3735.671 of the Revised Code prior to commencement of construction or remodeling; if such an agreement is subject to approval by the board of education of the school district within the territory of which the property is or will be located, the agreement shall not be formally approved by the legislative authority until the board of education approves the agreement in the manner prescribed by that section.

(B) The housing officer shall verify the construction of the new structure or the cost of the remodeling of the existing structure and the facts asserted in the application. The housing officer shall determine whether the construction or remodeling meets the requirements for an exemption under this section. In cases involving a structure of historical or architectural significance, the housing officer shall not determine whether the remodeling

meets the requirements for a tax exemption unless the appropriateness of the remodeling has been certified, in writing, by the society, association, agency, or legislative authority that has designated the structure or by any organization or person authorized, in writing, by such society, association, agency, or legislative authority to certify the appropriateness of the remodeling.

(C) If the construction or remodeling meets the requirements for exemption, the housing officer shall forward the application to the county auditor with a certification as to the division of this section under which the exemption is granted, and the period and percentage of the exemption as determined by the legislative authority pursuant to that division. If the construction or remodeling is of commercial or industrial property and the legislative authority is not required to certify a copy of a resolution under section 3735.671 of the Revised Code, the housing officer shall comply with the notice requirements prescribed under section 5709.83 of the Revised Code, unless the board has adopted a resolution under that section waiving its right to receive such a notice.

(D) Except as provided in division (F) of this section, the tax exemption shall first apply in the year the construction or remodeling would first be taxable but for this section. In the case of remodeling that qualifies for exemption, a percentage, not to exceed one hundred per cent, of the increased assessed valuation of an existing structure after remodeling began shall be exempted from real property taxation. In the case of construction of a structure that qualifies for exemption, a percentage, not to exceed one hundred per cent, of the assessed value of the structure shall be exempted from real property taxation. In either case, the percentage shall be the percentage set forth in the agreement if the structure or remodeling is to be used for commercial or industrial purposes, or the percentage set forth in the resolution describing the community reinvestment area if the structure or remodeling is to be used for residential purposes.

The construction of new structures and the remodeling of existing structures are hereby declared to be a public purpose for which exemptions from real property taxation may be granted for the following periods:

(1) For every dwelling and commercial or industrial properties, located within the same community reinvestment area, upon which the cost of remodeling is at least two thousand five hundred dollars in the case of a dwelling containing not more than two family units or at least five thousand dollars in the case of all other property, a period to be determined by the legislative authority adopting the resolution, but not exceeding fifteen years. The period of exemption for a dwelling described in division (D)(1) of this

section may be extended by a legislative authority for up to an additional ten years if the dwelling is a structure of historical or architectural significance, is a certified historic structure that has been subject to federal tax treatment under 26 U.S.C. 47 and 170(h), and units within the structure have been leased to individual tenants for five consecutive years;

(2) Except as provided in division (F) of this section, for construction of every dwelling, and commercial or industrial structure located within the same community reinvestment area, a period to be determined by the legislative authority adopting the resolution, but not exceeding fifteen years. The period of exemption for construction of a commercial or industrial structure may be extended by a legislative authority for up to an additional fifteen years if the structure is situated on the site of a megaproject or is owned and occupied by a megaproject supplier.

(E) Any person, board, or officer authorized by section 5715.19 of the Revised Code to file complaints with the county board of revision may file a complaint with the housing officer challenging the continued exemption of any property granted an exemption under this section. A complaint against exemption shall be filed prior to the thirty-first day of December of the tax year for which taxation of the property is requested. The housing officer shall determine whether the property continues to meet the requirements for exemption and shall certify the housing officer's findings to the complainant. If the housing officer determines that the property does not meet the requirements for exemption, the housing officer shall notify the county auditor, who shall correct the tax list and duplicate accordingly.

(F) The owner of a dwelling constructed in a community reinvestment area may file an application for an exemption after the year the construction first became subject to taxation. The application shall be processed in accordance with the procedures prescribed under this section and shall be granted if the construction that is the subject of the application otherwise meets the requirements for an exemption under this section. If approved, the exemption sought in the application first applies in the year the application is filed. An exemption approved pursuant to this division continues only for those years remaining in the period described in division (D)(2) of this section. No exemption may be claimed for any year in that period that precedes the year in which the application is filed.

Sec. 3735.671. (A) If construction or remodeling of commercial or industrial property is to be exempted from taxation pursuant to section 3735.67 of the Revised Code, the legislative authority and the owner of the property, prior to the commencement of construction or remodeling, shall enter into a written agreement, binding on both parties for a period of time

that does not end prior to the end of the period of the exemption, that includes all of the information and statements prescribed by this section. Agreements may include terms not prescribed by this section, but such terms shall in no way derogate from the information and statements prescribed by this section.

(1) Except as otherwise provided in division (A)(2) or (3) of this section, an agreement entered into under this section shall not be approved by the legislative authority unless the board of education of the city, local, or exempted village school district within the territory of which the property is or will be located approves the agreement. For the purpose of obtaining such approval, the legislative authority shall certify a copy of the agreement to the board of education not later than forty-five days prior to approving the agreement, excluding Saturday, Sunday, and a legal holiday as defined in section 1.14 of the Revised Code. The board of education, by resolution adopted by a majority of the board, shall approve or disapprove the agreement and certify a copy of the resolution to the legislative authority not later than fourteen days prior to the date stipulated by the legislative authority as the date upon which approval of the agreement is to be formally considered by the legislative authority. The board of education may include in the resolution conditions under which the board would approve the agreement. The legislative authority may approve an agreement at any time after the board of education certifies its resolution approving the agreement to the legislative authority, or, if the board approves the agreement conditionally, at any time after the conditions are agreed to by the board and the legislative authority.

(2) Approval of an agreement by the board of education is not required under division (A)(1) of this section if, for each tax year the real property is exempted from taxation, the sum of the following quantities, as estimated at or prior to the time the agreement is formally approved by the legislative authority, equals or exceeds fifty per cent of the amount of taxes, as estimated at or prior to that time, that would have been charged and payable that year upon the real property had that property not been exempted from taxation:

(a) The amount of taxes charged and payable on any portion of the assessed valuation of the new structure or of the increased assessed valuation of an existing structure after remodeling began that will not be exempted from taxation under the agreement;

(b) The amount of taxes charged and payable on tangible personal property located on the premises of the new structure or of the structure to be remodeled under the agreement, whether payable by the owner of the

structure or by a related member, as defined in section 5733.042 of the Revised Code without regard to division (B) of that section.

(c) The amount of any cash payment by the owner of the new structure or structure to be remodeled to the school district, the dollar value, as mutually agreed to by the owner and the board of education, of any property or services provided by the owner of the property to the school district, whether by gift, loan, or otherwise, and any payment by the legislative authority to the school district pursuant to section 5709.82 of the Revised Code.

The estimates of quantities used for purposes of division (A)(2) of this section shall be estimated by the legislative authority. The legislative authority shall certify to the board of education that the estimates have been made in good faith. Departures of the actual quantities from the estimates subsequent to approval of the agreement by the board of education do not invalidate the agreement.

(3) If a board of education has adopted a resolution waiving its right to approve agreements and the resolution remains in effect, approval of an agreement by the board is not required under this division. If a board of education has adopted a resolution allowing a legislative authority to deliver the notice required under this division fewer than forty-five business days prior to the legislative authority's execution of the agreement, the legislative authority shall deliver the notice to the board not later than the number of days prior to such execution as prescribed by the board in its resolution. If a board of education adopts a resolution waiving its right to approve agreements or shortening the notification period, the board shall certify a copy of the resolution to the legislative authority. If the board of education rescinds such a resolution, it shall certify notice of the rescission to the legislative authority.

(B) Each agreement shall include the following information:

(1) The names of all parties to the agreement;

(2) A description of the remodeling or construction, whether or not to be exempted from taxation, including existing or new structure size and cost thereof; the value of machinery, equipment, furniture, and fixtures, including an itemization of the value of machinery, equipment, furniture, and fixtures used at another location in this state prior to the agreement and relocated or to be relocated from that location to the property, and the value of machinery, equipment, furniture, and fixtures at the facility prior to the execution of the agreement; the value of inventory at the property, including an itemization of the value of inventory held at another location in this state prior to the agreement and relocated or to be relocated from that location to

the property, and the value of inventory held at the property prior to the execution of the agreement;

(3) The scheduled starting and completion dates of remodeling or construction of real property or of investments made in machinery, equipment, furniture, fixtures, and inventory;

(4) Estimates of the number of employee positions to be created each year of the agreement and of the number of employee positions retained by the owner due to the remodeling or construction, itemized as to the number of full-time, part-time, permanent, and temporary positions;

(5) Estimates of the dollar amount of payroll attributable to the positions set forth in division (B)(4) of this section, similarly itemized;

(6) The number of employee positions, if any, at the property and at any other location in this state at the time the agreement is executed, itemized as to the number of full-time, part-time, permanent, and temporary positions.

(C) Each agreement shall set forth the following information and incorporate the following statements:

(1) A description of real property to be exempted from taxation under the agreement, the percentage of the assessed valuation of the real property exempted from taxation, and the period for which the exemption is granted, accompanied by the statement: "The exemption commences the first year for which the real property would first be taxable were that property not exempted from taxation. No exemption shall commence after (insert date) nor extend beyond (insert date)."

(2) "..... (insert name of owner) shall pay such real property taxes as are not exempted under this agreement and are charged against such property and shall file all tax reports and returns as required by law. If (insert name of owner) fails to pay such taxes or file such returns and reports, exemptions from taxation granted under this agreement are rescinded beginning with the year for which such taxes are charged or such reports or returns are required to be filed and thereafter."

(3) "..... (insert name of owner) hereby certifies that at the time this agreement is executed, (insert name of owner) does not owe any delinquent real or tangible personal property taxes to any taxing authority of the State of Ohio, and does not owe delinquent taxes for which (insert name of owner) is liable under Chapter 5733., 5735., 5739., 5741., 5743., 5747., or 5753. of the Ohio Revised Code, or, if such delinquent taxes are owed, (insert name of owner) currently is paying the delinquent taxes pursuant to an undertaking enforceable by the State of Ohio or an agent or instrumentality thereof, has filed a petition in bankruptcy under 11 U.S.C.A. 101, et seq., or such a petition has been filed against (insert name of

owner). For the purposes of this certification, delinquent taxes are taxes that remain unpaid on the latest day prescribed for payment without penalty under the chapter of the Revised Code governing payment of those taxes."

(4) "..... (insert name of municipal corporation or county) shall perform such acts as are reasonably necessary or appropriate to effect, claim, reserve, and maintain exemptions from taxation granted under this agreement including, without limitation, joining in the execution of all documentation and providing any necessary certificates required in connection with such exemptions."

(5) "If for any reason (insert name of municipal corporation or county) revokes the designation of the area, entitlements granted under this agreement shall continue for the number of years specified under this agreement, unless (insert name of owner) materially fails to fulfill its obligations under this agreement and (insert name of municipal corporation or county) terminates or modifies the exemptions from taxation pursuant to this agreement."

(6) "If (insert name of owner) materially fails to fulfill its obligations under this agreement, or if (insert name of municipal corporation or county) determines that the certification as to delinquent taxes required by this agreement is fraudulent, (insert name of municipal corporation or county) may terminate or modify the exemptions from taxation granted under this agreement."

(7) "..... (insert name of owner) shall provide to the proper tax incentive review council any information reasonably required by the council to evaluate the applicant's compliance with the agreement, including returns filed pursuant to section 5711.02 of the Ohio Revised Code if requested by the council."

(8) "This agreement is not transferable or assignable without the express, written approval of (insert name of municipal corporation or county)."

(9) "Exemptions from taxation granted under this agreement shall be revoked if it is determined that (insert name of owner), any successor to that person, or any related member (as those terms are defined in division (E) of section 3735.671 of the Ohio Revised Code) has violated the prohibition against entering into this agreement under division (E) of section 3735.671 or section 5709.62 or 5709.63 of the Ohio Revised Code prior to the time prescribed by that division or either of those sections."

(10) "..... (insert name of owner) and (insert name of municipal corporation or county) acknowledge that this agreement must be approved by formal action of the legislative authority of (insert name

of municipal corporation or county) as a condition for the agreement to take effect. This agreement takes effect upon such approval."

(11) If the agreement relates to a commercial or industrial structure subject to the extension for megaprojects or megaproject suppliers described in division (D)(2) of section 3735.67 of the Revised Code, both of the following:

(a) A requirement that the owner of the structure annually certify to the legislative authority whether the megaproject operator of the megaproject upon which the structure is situated or the megaproject supplier, as applicable, holds a certificate issued under division (D)(7) of section 122.17 of the Revised Code on the first day of the current tax year;

(b) A provision authorizing the legislative authority to terminate the exemption for current and subsequent tax years if the megaproject operator or megaproject supplier does not hold a certificate issued under division (D)(7) of section 122.17 of the Revised Code on the first day of the current tax year.

The statement described in division (C)(6) of this section may include the following statement, appended at the end of the statement: ", and may require the repayment of the amount of taxes that would have been payable had the property not been exempted from taxation under this agreement." If the agreement includes a statement requiring repayment of exempted taxes, it also may authorize the legislative authority to secure repayment of such taxes by a lien on the exempted property in the amount required to be repaid. Such a lien shall attach, and may be perfected, collected, and enforced, in the same manner as a mortgage lien on real property, and shall otherwise have the same force and effect as a mortgage lien on real property.

(D) Except as otherwise provided in this division, an agreement entered into under this section shall require that the owner pay an annual fee equal to the greater of one per cent of the amount of taxes exempted under the agreement or five hundred dollars; provided, however, that if the value of the incentives exceeds two hundred fifty thousand dollars, the fee shall not exceed two thousand five hundred dollars. The fee shall be payable to the legislative authority once per year for each year the agreement is effective on the days and in the form specified in the agreement. Fees paid shall be deposited in a special fund created for such purpose by the legislative authority and shall be used by the legislative authority exclusively for the purpose of complying with section 3735.672 of the Revised Code and by the tax incentive review council created under section 5709.85 of the Revised Code exclusively for the purposes of performing the duties prescribed under

that section. The legislative authority may waive or reduce the amount of the fee, but such waiver or reduction does not affect the obligations of the legislative authority or the tax incentive review council to comply with section 3735.672 or 5709.85 of the Revised Code.

(E) If any person that is party to an agreement granting an exemption from taxation discontinues operations at the structure to which that exemption applies prior to the expiration of the term of the agreement, that person, any successor to that person, and any related member shall not enter into an agreement under this section or section 5709.62, 5709.63, or 5709.632 of the Revised Code, and no legislative authority shall enter into such an agreement with such a person, successor, or related member, prior to the expiration of five years after the discontinuation of operations. As used in this division, "successor" means a person to which the assets or equity of another person has been transferred, which transfer resulted in the full or partial nonrecognition of gain or loss, or resulted in a carryover basis, both as determined by rule adopted by the tax commissioner. (a) Provide to each applicant and employee for whom a criminal records check request is required by this section a copy of the form prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code and a standard impression sheet prescribed pursuant to division (C)(2) of that section;

(b) Obtain the completed form and standard impression sheet from each applicant and employee;

(c) Forward the completed form and standard impression sheet to the superintendent at the time the chief administrator requests the criminal records check.

(3) A home health agency shall pay to the bureau of criminal identification and investigation the fee prescribed pursuant to division (C)(3) of section 109.572 of the Revised Code for each criminal records check the agency requests under this section. A home health agency may charge an applicant a fee not exceeding the amount the agency pays to the bureau under this section if both of the following apply:

(a) The home health agency notifies the applicant at the time of initial application for employment of the amount of the fee and that, unless the fee is paid, the applicant will not be considered for employment.

(b) The medicaid program does not reimburse the home health agency for the fee it pays to the bureau under this section.

(F) Divisions (C) to (E) of this section do not apply with regard to an applicant or employee if the applicant or employee is referred to a home health agency by an employment service that supplies full-time, part-time,

or temporary staff for positions that involve providing direct care to an individual and both of the following apply:

(1) The chief administrator of the home health agency receives from the employment service confirmation that a review of the databases listed in division (D) of this section was conducted with regard to the applicant or employee.

(2) The chief administrator of the home health agency receives from the employment service, applicant, or employee a report of the results of a criminal records check of the applicant or employee that has been conducted by the superintendent within the one-year period immediately preceding the following:

(a) In the case of an applicant, the date of the applicant's referral by the employment service to the home health agency;

(b) In the case of an employee, the date by which the home health agency would otherwise have to request a criminal records check of the employee under division (E) of this section.

(G)(1) A home health agency may employ conditionally an applicant for whom a criminal records check request is required by this section before obtaining the results of the criminal records check if the agency is not prohibited by division (B) of this section from employing the applicant in a position that involves providing direct care to an individual and either of the following applies:

(a) The chief administrator of the home health agency requests the criminal records check in accordance with division (E) of this section not later than five business days after the applicant begins conditional employment.

(b) The applicant is referred to the home health agency by an employment service, the employment service or the applicant provides the chief administrator of the agency a letter that is on the letterhead of the employment service, the letter is dated and signed by a supervisor or another designated official of the employment service, and the letter states all of the following:

(i) That the employment service has requested the superintendent to conduct a criminal records check regarding the applicant;

(ii) That the requested criminal records check is to include a determination of whether the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense;

(iii) That the employment service has not received the results of the criminal records check as of the date set forth on the letter;

(iv) That the employment service promptly will send a copy of the results of the criminal records check to the chief administrator of the home health agency when the employment service receives the results.

(2) If a home health agency employs an applicant conditionally pursuant to division (G)(1)(b) of this section, the employment service, on its receipt of the results of the criminal records check, promptly shall send a copy of the results to the chief administrator of the agency.

(3) A home health agency that employs an applicant conditionally pursuant to division (G)(1)(a) or (b) of this section shall terminate the applicant's employment if the results of the criminal records check, other than the results of any request for information from the federal bureau of investigation, are not obtained within the period ending sixty days after the date the request for the criminal records check is made. Regardless of when the results of the criminal records check are obtained, if the results indicate that the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense, the home health agency shall terminate the applicant's employment unless circumstances specified in rules adopted under this section that permit the agency to employ the applicant exist and the agency chooses to employ the applicant. Termination of employment under this division shall be considered just cause for discharge for purposes of division (D)(2) of section 4141.29 of the Revised Code if the applicant makes any attempt to deceive the home health agency about the applicant's criminal record.

(H) The report of any criminal records check conducted by the bureau of criminal identification and investigation in accordance with section 109.572 of the Revised Code and pursuant to a request made under this section is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the following:

(1) The applicant or employee who is the subject of the criminal records check or the applicant's or employee's representative;

(2) The home health agency requesting the criminal records check or its representative;

(3) The administrator of any other facility, agency, or program that provides direct care to individuals that is owned or operated by the same entity that owns or operates the home health agency that requested the criminal records check;

(4) The employment service that requested the criminal records check;

(b) In the case of a criminal records check requested by an employment service, the employment service makes the request for an applicant or employee the employment service refers to a home health agency that also is a community-based long-term care provider or community-based long-term care subcontractor.

(7) The medicaid director and the staff of the department of medicaid who are involved in the administration of the medicaid program if either of the following apply:

(a) In the case of a criminal records check requested by a home health agency, the home health agency also is a waiver agency;

(b) In the case of a criminal records check requested by an employment service, the employment service makes the request for an applicant or employee the employment service refers to a home health agency that also is a waiver agency.

(8) Any court, hearing officer, or other necessary individual involved in a case dealing with any of the following:

(a) A denial of employment of the applicant or employee;

(I) In a tort or other civil action for damages that is brought as the result of an injury, death, or loss to person or property caused by an applicant or employee who a home health agency employs in a position that involves providing direct care to an individual, all of the following shall apply:

(1) If the home health agency employed the applicant or employee in good faith and reasonable reliance on the report of a criminal records check requested under this section, the agency shall not be found negligent solely because of its reliance on the report, even if the information in the report is determined later to have been incomplete or inaccurate.

(2) If the home health agency employed the applicant in good faith on a conditional basis pursuant to division (G) of this section, the agency shall not be found negligent solely because it employed the applicant prior to receiving the report of a criminal records check requested under this section.

(3) If the home health agency in good faith employed the applicant or employee according to the personal character standards established in rules

adopted under this section, the agency shall not be found negligent solely because the applicant or employee had been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense.

(J) The director of health shall adopt rules in accordance with Chapter 119. of the Revised Code to implement this section.

(1) The rules may do the following:

(b) If the rules require employees to undergo database reviews and criminal records checks under this section, exempt one or more classes of employees from the requirements;

(c) For the purpose of division (D)(7) of this section, specify other databases that are to be checked as part of a database review conducted under this section.

(2) The rules shall specify all of the following:

U.S.C.A. 5108, and any amendments thereto and standards adopted thereunder.

(B) The fire marshal shall adopt, as part of the state fire code, rules governing the equipment, operation, and maintenance of filling stations. The rules shall be such as are necessary for the protection of the persons and property of the public, but shall require as a minimum that:

(2) A sign, in block letters at least four inches in height, be conspicuously displayed on each gasoline pump island where self-service is offered stating that it is a self-service island;

(3) Signs giving instructions for the operation of gasoline dispensing equipment, in block letters, be conspicuously posted at each filling station offering self-service;

(4) A sign bearing the following words in block letters be conspicuously posted on each gasoline pump island where self-service is offered:

(5) All signs required by this section be constructed of rigid, weather-resistant material;

(6) Gasoline dispensing nozzles used by any person other than a supervisor, employee, or attendant be of an approved automatic closing type. Any person other than a supervisor, employee, or attendant using a dispenser with a hold-open latch shall remain at the refueling point during refueling.

(C) The fire marshal shall not prohibit the operation of a filling station offering self-service solely because it is an unattended filling station that utilizes key- or card-operated self-service flammable or combustible liquid dispensing equipment.

(D) Nothing in this section shall be interpreted to prohibit the fire marshal from adopting reasonable rules governing the safety of self-service flammable or combustible liquid dispensing equipment.

Sec. 3745.014. There is hereby created in the state treasury the central support indirect fund, which shall be administered by the director of environmental protection. Money credited to the fund shall be used for administrative costs of the environmental protection agency. The director may assess any operating funds from which the agency receives

appropriations, except the central support indirect fund, for a share of the administrative costs of the agency. The amounts assessed shall be transferred to the central support indirect fund by means of intrastate transfer vouchers. The director, ~~with the approval of the director of budget and management,~~ shall determine the rate of assessments.

Sec. 3745.11. (A) Applicants for and holders of permits, licenses, variances, plan approvals, and certifications issued by the director of environmental protection pursuant to Chapters 3704., 3734., 6109., and 6111. of the Revised Code shall pay a fee to the environmental protection agency for each such issuance and each application for an issuance as provided by this section. No fee shall be charged for any issuance for which no application has been submitted to the director.

(B) Except as otherwise provided in division (C)(2) of this section, beginning July 1, 1994, each person who owns or operates an air contaminant source and who is required to apply for and obtain a Title V permit under section 3704.036 of the Revised Code shall pay the fees set forth in this division. For the purposes of this division, total emissions of air contaminants may be calculated using engineering calculations, emissions factors, material balance calculations, or performance testing procedures, as authorized by the director.

The following fees shall be assessed on the total actual emissions from a source in tons per year of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead:

(1) Fifteen dollars per ton on the total actual emissions of each such regulated pollutant during the period July through December 1993, to be collected no sooner than July 1, 1994;

(2) Twenty dollars per ton on the total actual emissions of each such regulated pollutant during calendar year 1994, to be collected no sooner than April 15, 1995;

(3) Twenty-five dollars per ton on the total actual emissions of each such regulated pollutant in calendar year 1995, and each subsequent calendar year, to be collected no sooner than the fifteenth day of April of the year next succeeding the calendar year in which the emissions occurred.

The fees levied under this division do not apply to that portion of the emissions of a regulated pollutant at a facility that exceed four thousand tons during a calendar year.

(C)(1) The fees assessed under division (B) of this section are for the purpose of providing funding for the Title V permit program.

(2) The fees assessed under division (B) of this section do not apply to emissions from any electric generating unit designated as a Phase I unit

under Title IV of the federal Clean Air Act prior to calendar year 2000. Those fees shall be assessed on the emissions from such a generating unit commencing in calendar year 2001 based upon the total actual emissions from the generating unit during calendar year 2000 and shall continue to be assessed each subsequent calendar year based on the total actual emissions from the generating unit during the preceding calendar year.

(3) The director shall issue invoices to owners or operators of air contaminant sources who are required to pay a fee assessed under division (B) or (D) of this section. Any such invoice shall be issued no sooner than the applicable date when the fee first may be collected in a year under the applicable division, shall identify the nature and amount of the fee assessed, and shall indicate that the fee is required to be paid within thirty days after the issuance of the invoice.

~~(D)(1) Except as provided in division (D)(3) of this section, from January 1, 1994, through December 31, 2003, each person who owns or operates an air contaminant source; who is required to apply for a permit to operate pursuant to rules adopted under division (G), or a variance pursuant to division (H), of section 3704.03 of the Revised Code; and who is not required to apply for and obtain a Title V permit under section 3704.036 of the Revised Code shall pay a single fee based upon the sum of the actual annual emissions from the facility of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead in accordance with the following schedule:~~

Total tons per year of regulated pollutants emitted	Annual fee per facility
More than 0, but less than 50	\$ 75
50 or more, but less than 100	300

~~(3)(a)(2)(a)~~ As used in division (D) of this section, "synthetic minor facility" means a facility for which one or more permits to install or permits to operate have been issued for the air contaminant sources at the facility that include terms and conditions that lower the facility's potential to emit air contaminants below the major source thresholds established in rules adopted under section 3704.036 of the Revised Code.

(b) Beginning January 1, 2000, through June 30, ~~2022~~2024, each person who owns or operates a synthetic minor facility shall pay an annual fee based on the sum of the actual annual emissions from the facility of particulate matter, sulfur dioxide, nitrogen dioxide, organic compounds, and lead in accordance with the following schedule:

The fees assessed under division (D) of this section in a calendar year shall be based upon the sum of the actual emissions of those regulated pollutants during the preceding calendar year. For the purpose of division (D) of this

section, emissions of air contaminants may be calculated using engineering calculations, emission factors, material balance calculations, or performance testing procedures, as authorized by the director. The director, by rule, may require persons who are required to pay the fees assessed under division (D) of this section to pay those fees biennially rather than annually.

(E)(1) Consistent with the need to cover the reasonable costs of the Title V permit program, the director annually shall increase the fees prescribed in division (B) of this section by the percentage, if any, by which the consumer price index for the most recent calendar year ending before the beginning of a year exceeds the consumer price index for calendar year 1989. Upon calculating an increase in fees authorized by division (E)(1) of this section, the director shall compile revised fee schedules for the purposes of division (B) of this section and shall make the revised schedules available to persons required to pay the fees assessed under that division and to the public.

(2) For the purposes of division (E)(1) of this section:

(a) The consumer price index for any year is the average of the consumer price index for all urban consumers published by the United States department of labor as of the close of the twelve-month period ending on the thirty-first day of August of that year.

(b) If the 1989 consumer price index is revised, the director shall use the revision of the consumer price index that is most consistent with that for calendar year 1989.

(3) "Organic compound" means any chemical compound of carbon, excluding carbon monoxide, carbon dioxide, carbonic acid, metallic carbides or carbonates, and ammonium carbonate.

(Y)(1) Except as provided in divisions (Y)(2), (3), and (4) of this section, each sewage sludge facility shall pay a nonrefundable annual sludge fee equal to three dollars and fifty cents per dry ton of sewage sludge, including the dry tons of sewage sludge in materials derived from sewage sludge, that the sewage sludge facility treats or disposes of in this state. The annual volume of sewage sludge treated or disposed of by a sewage sludge facility shall be calculated using the first day of January through the thirty-first day of December of the calendar year preceding the date on which payment of the fee is due.

(2)(a) Except as provided in division (Y)(2)(d) of this section, each sewage sludge facility shall pay a minimum annual sewage sludge fee of one hundred dollars.

(b) The annual sludge fee required to be paid by a sewage sludge facility that treats or disposes of exceptional quality sludge in this state shall be thirty-five per cent less per dry ton of exceptional quality sludge than the fee assessed under division (Y)(1) of this section, subject to the following exceptions:

(i) Except as provided in division (Y)(2)(d) of this section, a sewage sludge facility that treats or disposes of exceptional quality sludge shall pay a minimum annual sewage sludge fee of one hundred dollars.

(ii) A sewage sludge facility that treats or disposes of exceptional quality sludge shall not be required to pay the annual sludge fee for treatment or disposal in this state of exceptional quality sludge generated outside of this state and contained in bags or other containers not greater than one hundred pounds in capacity.

A thirty-five per cent reduction for exceptional quality sludge applies to the maximum annual fees established under division (Y)(3) of this section.

(c) A sewage sludge facility that transfers sewage sludge to another sewage sludge facility in this state for further treatment prior to disposal in this state shall not be required to pay the annual sludge fee for the tons of sewage sludge that have been transferred. In such a case, the sewage sludge facility that disposes of the sewage sludge shall pay the annual sludge fee. However, the facility transferring the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a) of this section.

In the case of a sewage sludge facility that treats sewage sludge in this state and transfers it out of this state to another entity for disposal, the sewage sludge facility in this state shall be required to pay the annual sludge fee for the tons of sewage sludge that have been transferred.

(d) A sewage sludge facility that generates sewage sludge resulting from an average daily discharge flow of less than five thousand gallons per day is not subject to the fees assessed under division (Y) of this section.

(3) No sewage sludge facility required to pay the annual sludge fee shall be required to pay more than the maximum annual fee for each disposal method that the sewage sludge facility uses. The maximum annual fee does not include the additional amount that may be charged under division (Y)(5) of this section for late payment of the annual sludge fee. The maximum annual fee for the following methods of disposal of sewage sludge is as follows:

(a) Incineration: five thousand dollars;

(b) Preexisting land reclamation project or disposal in a landfill: five thousand dollars;

(c) Land application, land reclamation, surface disposal, or any other disposal method not specified in division (Y)(3)(a) or (b) of this section: twenty thousand dollars.

(4)(a) In the case of an entity that generates sewage sludge or a sewage sludge facility that treats sewage sludge and transfers the sewage sludge to an incineration facility for disposal, the incineration facility, and not the entity generating the sewage sludge or the sewage sludge facility treating the sewage sludge, shall pay the annual sludge fee for the tons of sewage sludge

that are transferred. However, the entity or facility generating or treating the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a) of this section.

(b) In the case of an entity that generates sewage sludge and transfers the sewage sludge to a landfill for disposal or to a sewage sludge facility for land reclamation or surface disposal, the entity generating the sewage sludge, and not the landfill or sewage sludge facility, shall pay the annual sludge fee for the tons of sewage sludge that are transferred.

(5) Not later than the first day of April of the calendar year following March 17, 2000, and each first day of April thereafter, the director shall issue invoices to persons who are required to pay the annual sludge fee. The invoice shall identify the nature and amount of the annual sludge fee assessed and state the first day of May as the deadline for receipt by the director of objections regarding the amount of the fee and the first day of July as the deadline for payment of the fee.

Not later than the first day of May following receipt of an invoice, a person required to pay the annual sludge fee may submit objections to the director concerning the accuracy of information regarding the number of dry tons of sewage sludge used to calculate the amount of the annual sludge fee or regarding whether the sewage sludge qualifies for the exceptional quality sludge discount established in division (Y)(2)(b) of this section. The director may consider the objections and adjust the amount of the fee to ensure that it is accurate.

If the director does not adjust the amount of the annual sludge fee in response to a person's objections, the person may appeal the director's determination in accordance with Chapter 119. of the Revised Code.

Not later than the first day of June, the director shall notify the objecting person regarding whether the director has found the objections to be valid and the reasons for the finding. If the director finds the objections to be valid and adjusts the amount of the annual sludge fee accordingly, the director shall issue with the notification a new invoice to the person identifying the amount of the annual sludge fee assessed and stating the first day of July as the deadline for payment.

Not later than the first day of July, any person who is required to do so shall pay the annual sludge fee. Any person who is required to pay the fee, but who fails to do so on or before that date shall pay an additional amount that equals ten per cent of the required annual sludge fee.

(6) The director shall transmit all moneys collected under division (Y) of this section to the treasurer of state for deposit into the surface water protection fund created in section 6111.038 of the Revised Code. The

moneys shall be used to defray the costs of administering and enforcing provisions in Chapter 6111. of the Revised Code and rules adopted under it that govern the use, storage, treatment, or disposal of sewage sludge.

(7) Beginning in fiscal year 2001, and every two years thereafter, the director shall review the total amount of moneys generated by the annual sludge fees to determine if that amount exceeded six hundred thousand dollars in either of the two preceding fiscal years. If the total amount of moneys in the fund exceeded six hundred thousand dollars in either fiscal year, the director, after review of the fee structure and consultation with affected persons, shall issue an order reducing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will not exceed six hundred thousand dollars in any fiscal year.

If, upon review of the fees under division (Y)(7) of this section and after the fees have been reduced, the director determines that the total amount of moneys collected and accumulated is less than six hundred thousand dollars, the director, after review of the fee structure and consultation with affected persons, may issue an order increasing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will be approximately six hundred thousand dollars. Fees shall never be increased to an amount exceeding the amount specified in division (Y)(7) of this section.

Notwithstanding section 119.06 of the Revised Code, the director may issue an order under division (Y)(7) of this section without the necessity to hold an adjudicatory hearing in connection with the order. The issuance of an order under this division is not an act or action for purposes of section 3745.04 of the Revised Code.

Sec. 3746.04. ~~Within one year after September 28, 1994, the~~ The director of environmental protection, in accordance with Chapter 119. of the Revised Code, shall adopt, and subsequently may amend, suspend, or rescind, rules that do both of the following:

(A) Revise the rules adopted under Chapters 3704., 3714., 3734., 6109., and 6111. of the Revised Code to incorporate the provisions necessary to conform those rules to the requirements of this chapter. The amended rules adopted under this division also shall establish response times for all submittals to the environmental protection agency required under this chapter or rules adopted under it.

(B) Establish requirements and procedures that are reasonably necessary for the implementation and administration of this chapter, including, without limitation, all of the following:

(1) Appropriate generic numerical clean-up standards for the treatment or removal of soils, sediments, and water media for hazardous substances

and petroleum. The rules shall establish separate generic numerical clean-up standards based upon the intended use of properties after the completion of voluntary actions, including industrial, commercial, and residential uses and such other categories of land use as the director considers to be appropriate. The generic numerical clean-up standards established for each category of land use shall be the concentration of each contaminant that may be present on a property that shall ensure protection of public health and safety and the environment for the reasonable exposure for that category of land use. When developing the standards, the director shall consider such factors as all of the following:

- (a) Scientific information, including, without limitation, toxicological information and realistic assumptions regarding human and environmental exposure to hazardous substances or petroleum;
- (b) Climatic factors;
- (c) Human activity patterns;
- (d) Current statistical techniques;
- (e) For petroleum at industrial property, alternatives to the use of total petroleum hydrocarbons.

The generic numerical clean-up standards established in the rules adopted under division (B)(1) of this section shall be consistent with and equivalent in scope, content, and coverage to any applicable standard established by federal environmental laws and regulations adopted under them, including, without limitation, the "Federal Water Pollution Control Act Amendments of 1972," 86 Stat. 886, 33 U.S.C.A. 1251, as amended; the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended; the "Toxic Substances Control Act," 90 Stat. 2003 (1976), 15 U.S.C.A. 2601, as amended; the "Comprehensive Environmental Response, Compensation, and Liability Act of 1980," 94 Stat. 2779, 42 U.S.C.A. 9601, as amended; and the "Safe Drinking Water Act," 88 Stat. 1660 (1974), 42 U.S.C.A. 300f, as amended.

In order for the rules adopted under division (B)(1) of this section to require that any such federal environmental standard apply to a property, the property shall meet the requirements of the particular federal statute or regulation involved in the manner specified by the statute or regulation.

The generic numerical clean-up standards for petroleum at commercial or residential property shall be the standards established in rules adopted under division (B) of section 3737.882 of the Revised Code.

(2)(a) Procedures for performing property-specific risk assessments that would be performed at a property to demonstrate that the remedy evaluated in a risk assessment results in protection of public health and safety and the

environment instead of complying with the generic numerical clean-up standards established in the rules adopted under division (B)(1) of this section. The risk assessment procedures shall describe a methodology to establish, on a property-specific basis, allowable levels of contamination to remain at a property to ensure protection of public health and safety and the environment on the property and off the property when the contamination is emanating off the property, taking into account all of the following:

(i) The implementation of treatment, storage, or disposal, or a combination thereof, of hazardous substances or petroleum;

(ii) The existence of institutional controls or activity and use limitations that eliminate or mitigate exposure to hazardous substances or petroleum through the restriction of access to hazardous substances or petroleum;

(iii) The existence of engineering controls that eliminate or mitigate exposure to hazardous substances or petroleum through containment of, control of, or restrictions of access to hazardous substances or petroleum, including, without limitation, fences, cap systems, cover systems, and landscaping.

(b) The risk assessment procedures and levels of acceptable risk set forth in the rules adopted under division (B)(2) of this section shall be based upon all of the following:

(i) Scientific information, including, without limitation, toxicological information and actual or proposed human and environmental exposure;

(ii) Locational and climatic factors;

(iii) Surrounding land use and human activities;

(iv) Differing levels of remediation that may be required when an existing land use is continued compared to when a different land use follows the remediation.

(c) Any standards established pursuant to rules adopted under division (B)(2) of this section shall be no more stringent than standards established under the environmental statutes of this state and rules adopted under them for the same contaminant in the same environmental medium that are in effect at the time the risk assessment is conducted.

(3) Minimum standards for phase I property assessments. The standards shall specify the information needed to demonstrate that there is no reason to believe that contamination exists on a property. The rules adopted under division (B)(3) of this section, at a minimum, shall require that a phase I property assessment include all of the following:

(a) A review and analysis of deeds, mortgages, easements of record, and similar documents relating to the chain of title to the property that are publicly available or that are known to and reasonably available to the

owner or operator;

(b) A review and analysis of any previous environmental assessments, property assessments, environmental studies, or geologic studies of the property and any land within two thousand feet of the boundaries of the property that are publicly available or that are known to and reasonably available to the owner or operator;

(c) A review of current and past environmental compliance histories of persons who owned or operated the property;

(d) A review of aerial photographs of the property that indicate prior uses of the property;

(e) Interviews with managers of activities conducted at the property who have knowledge of environmental conditions at the property;

(f) Conducting an inspection of the property consisting of a walkover;

(g) Identifying the current and past uses of the property, adjoining tracts of land, and the area surrounding the property, including, without limitation, interviews with persons who reside or have resided, or who are or were employed, within the area surrounding the property regarding the current and past uses of the property and adjacent tracts of land.

The rules adopted under division (B)(3) of this section shall establish criteria to determine when a phase II property assessment shall be conducted when a phase I property assessment reveals facts that establish a reason to believe that hazardous substances or petroleum have been treated, stored, managed, or disposed of on the property if the person undertaking the phase I property assessment wishes to obtain a covenant not to sue under section 3746.12 of the Revised Code.

(4) Minimum standards for phase II property assessments. The standards shall specify the information needed to demonstrate that any contamination present at the property does not exceed applicable standards or that the remedial activities conducted at the property have achieved compliance with applicable standards. The rules adopted under division (B)(4) of this section, at a minimum, shall require that a phase II property assessment include all of the following:

(a) A review and analysis of all documentation prepared in connection with a phase I property assessment conducted within the one hundred eighty days before the phase II property assessment begins. The rules adopted under division (B)(4)(a) of this section shall require that if a period of more than one hundred eighty days has passed between the time that the phase I assessment of the property was completed and the phase II assessment begins, the phase II assessment shall include a reasonable inquiry into the change in the environmental condition of the property during the intervening

period.

(b) Quality assurance objectives for measurements taken in connection with a phase II assessment;

(c) Sampling procedures to ensure the representative sampling of potentially contaminated environmental media;

(d) Quality assurance and quality control requirements for samples collected in connection with phase II assessments;

(e) Analytical and data assessment procedures;

(f) Data objectives to ensure that samples collected in connection with phase II assessments are biased toward areas where information indicates that contamination by hazardous substances or petroleum is likely to exist.

(5) Standards governing the conduct of certified professionals, criteria and procedures for the certification of professionals to issue no further action letters under section 3746.11 of the Revised Code, and criteria for the suspension and revocation of those certifications. The director shall take an action regarding a certification as a final action. The issuance, denial, renewal, suspension, and revocation of those certifications are subject to Chapter 3745. of the Revised Code, except that, in lieu of publishing an action regarding a certification in a newspaper of general circulation as required in section 3745.07 of the Revised Code, such an action shall be published on the environmental protection agency's web site and in the agency's weekly review not later than fifteen days after the date of the issuance, denial, renewal, suspension, or revocation of the certification and not later than thirty days before a hearing or public meeting concerning the action.

The rules adopted under division (B)(5) of this section shall do all of the following:

(a) Provide for the certification of environmental professionals to issue no further action letters pertaining to investigations and remedies in accordance with the criteria and procedures set forth in the rules. The rules adopted under division (B)(5)(a) of this section shall do at least all of the following:

(i) Authorize the director to consider such factors as an environmental professional's previous performance record regarding such investigations and remedies and the environmental professional's environmental compliance history when determining whether to certify the environmental professional;

(ii) Ensure that an application for certification is reviewed in a timely manner;

(iii) Require the director to certify any environmental professional who

the director determines complies with those criteria;

(iv) Require the director to deny certification for any environmental professional who does not comply with those criteria.

(b) Establish an annual fee to be paid by environmental professionals certified pursuant to the rules adopted under division (B)(5)(a) of this section. The fee shall be established at an amount calculated to defray the costs to the agency for the required reviews of the qualifications of environmental professionals for certification and for the issuance of the certifications.

(c) Develop a schedule for and establish requirements governing the review by the director of the credentials of environmental professionals who were deemed to be certified professionals ~~under division (D) of section 3746.07 of the Revised Code~~ before the effective date of this amendment in order to determine if they comply with the criteria established in rules adopted under division (B)(5) of this section. The rules adopted under division (B)(5)(c) of this section shall do at least all of the following:

(i) Ensure that the review is conducted in a timely fashion;

(ii) Require the director to certify any such environmental professional who the director determines complies with those criteria;

(iii) Require any such environmental professional initially to pay the fee established in the rules adopted under division (B)(5)(b) of this section at the time that the environmental professional is so certified by the director;

(iv) Establish a time period within which any such environmental professional who does not comply with those criteria may obtain the credentials that are necessary for certification;

(v) Require the director to deny certification for any such environmental professional who does not comply with those criteria and who fails to obtain the necessary credentials within the established time period.

(d) Require that any information submitted to the director for the purposes of the rules adopted under division (B)(5)(a) or (c) of this section comply with division (A) of section 3746.20 of the Revised Code;

(e) Authorize the director to suspend or revoke the certification of an environmental professional if the director finds that the environmental professional's performance has resulted in the issuance of no further action letters under section 3746.11 of the Revised Code that are not consistent with applicable standards or finds that the certified environmental professional has not substantially complied with section 3746.31 of the Revised Code;

(f) Authorize the director to suspend for a period of not more than five years or to permanently revoke a certified environmental professional's

certification for any violation of or failure to comply with an ethical standard established in rules adopted under division (B)(5) of this section;

(g) Require the director to revoke the certification of an environmental professional if the director finds that the environmental professional falsified any information on the environmental professional's application for certification regarding the environmental professional's credentials or qualifications or any other information generated for the purposes of or use under this chapter or rules adopted under it;

(h) Require the director permanently to revoke the certification of an environmental professional who has violated or is violating division (A) of section 3746.18 of the Revised Code;

The demonstrations shall be based upon the findings of a phase I or phase II property assessment.

(2) If remedial activities were conducted in connection with the voluntary action, data demonstrating that the remedy meets applicable standards or will achieve applicable standards in accordance with the timeframes established in an operation and maintenance agreement entered into under division (A)(3) of section 3746.12 of the Revised Code or in such an agreement and a consolidated standards permit issued under section 3746.15 of the Revised Code;

(3)(a) If the remedy relies on institutional controls or restrictions on the use of the property to achieve applicable standards, a demonstration that the institutional controls or the use restrictions have been recorded in the office of the county recorder of the county in which the property is located, or have been entered in the appropriate register for registered land as defined in section 5309.01 of the Revised Code, in compliance with section 3746.14 of the Revised Code;

(b) If the person undertaking a voluntary action seeks to obtain a covenant not to sue and if the remedy relies on activity and use limitations to achieve applicable standards, a demonstration that the activity and use limitations have been developed in accordance with this chapter and rules adopted under it and are contained in a proposed environmental covenant that meets the requirements established in section 5301.82 of the Revised Code.

(4) If the remedy relies on engineering controls that contain or control the release of hazardous substances or petroleum at or from the property, a plan for the proper operation and maintenance of the engineering controls.

If the person who undertook the voluntary action notifies the certified professional that the person does not wish to submit the no further action letter to the director, the certified professional shall send the original letter to the person promptly after receiving the notice.

(B) If after reviewing the demonstrations required to be submitted to the certified professional under division (C) of section 3746.10 of the Revised Code, the certified professional finds that the property where the voluntary action was undertaken does not comply with applicable standards, the certified professional shall send to the person who undertook the voluntary action written notice of that fact and of the certified professional's inability to issue a no further action letter for the property.

(C) A certified professional shall prepare a summary report detailing the certified professional's findings and conclusions about the environmental conditions at the property concerning which the professional was requested to prepare a no further action letter and the remedial activities undertaken to mitigate or abate any threat to public health and safety and the environment, including, without limitation, all of the following:

The reasonable cash value of compensation paid in any medium other than cash shall be estimated and determined in accordance with rules prescribed by the director, provided that "remuneration" does not include:

(a) Payments as provided in divisions (b)(2) to (b)(20) of section 3306 of the "Federal Unemployment Tax Act," 84 Stat. 713, 26 U.S.C.A. 3301 to 3311, as amended;

The number of qualifying weeks which may be established in a calendar quarter shall not exceed the number of calendar weeks in the quarter.

(2) "Average weekly wage" means the amount obtained by dividing an individual's total remuneration for all qualifying weeks during the base period by the number of such qualifying weeks, provided that if the computation results in an amount that is not a multiple of one dollar, such

(2) If an individual does not have sufficient qualifying weeks and wages in the base period to qualify for benefit rights, the individual's base period shall be the four most recently completed calendar quarters preceding the first day of the individual's benefit year. Such base period shall be known as the "alternate base period." If information as to weeks and wages for the most recent quarter of the alternate base period is not available to the director from the regular quarterly reports of wage information, which are systematically accessible, the director may, consistent with the provisions of section 4141.28 of the Revised Code, base the determination of eligibility for benefits on the affidavit of the claimant with respect to weeks and wages for that calendar quarter. The claimant shall furnish payroll documentation, where available, in support of the affidavit. The determination based upon the alternate base period as it relates to the claimant's benefit rights, shall be amended when the quarterly report of wage information from the employer is timely received and that information causes a change in the determination. As provided in division (B) of section 4141.28 of the Revised Code, any benefits paid and charged to an employer's account, based upon a claimant's affidavit, shall be adjusted effective as of the beginning of the claimant's benefit year. No calendar quarter in a base period or alternate base period shall be used to establish a subsequent benefit year.

(4) For purposes of determining the weeks that comprise a completed calendar quarter under this division, only those weeks ending at midnight Saturday within the calendar quarter shall be utilized.

(R)(1) "Benefit year" with respect to an individual means the fifty-two week period beginning with the first day of that week with respect to which the individual first files a valid application for determination of benefit rights, and thereafter the fifty-two week period beginning with the first day of that week with respect to which the individual next files a valid application for determination of benefit rights after the termination of the individual's last preceding benefit year, except that the application shall not be considered valid unless the individual has had employment in six weeks

that is subject to this chapter or the unemployment compensation act of another state, or the United States, and has, since the beginning of the individual's previous benefit year, in the employment earned three times the average weekly wage determined for the previous benefit year. The "benefit year" of a combined wage claim, as described in division (H) of section 4141.43 of the Revised Code, shall be the benefit year prescribed by the law of the state in which the claim is allowed. Any application for determination of benefit rights made in accordance with section 4141.28 of the Revised Code is valid if the individual filing such application is unemployed, has been employed by an employer or employers subject to this chapter in at least twenty qualifying weeks within the individual's base period, and has earned or been paid remuneration at an average weekly wage of not less than twenty-seven and one-half per cent of the statewide average weekly wage for such weeks. For purposes of determining whether an individual has had sufficient employment since the beginning of the individual's previous benefit year to file a valid application, "employment" means the performance of services for which remuneration is payable.

(2) Effective for benefit years beginning on and after December 26, 2004, but before July 1, 2022, any application for determination of benefit rights made in accordance with section 4141.28 of the Revised Code is valid if the individual satisfies the criteria described in division (R)(1) of this section, and if the reason for the individual's separation from employment is not disqualifying pursuant to division (D)(2) of section 4141.29 or section 4141.291 of the Revised Code. A disqualification imposed pursuant to division (D)(2) of section 4141.29 or section 4141.291 of the Revised Code must be removed as provided in those sections as a requirement of establishing a valid application for benefit years beginning on and after December 26, 2004, but before July 1, 2022. Effective for benefit years beginning on and after July 1, 2022, any application for determination of benefit rights made in accordance with section 4141.28 of the Revised Code is valid if the individual satisfies the criteria described in division (R)(1) of this section. A disqualification imposed pursuant to division (D)(2) of section 4141.29 or section 4141.291 of the Revised Code does not affect the validity of an application.

(3) The statewide average weekly wage shall be calculated by the director once a year based on the twelve-month period ending the thirtieth day of June, as set forth in division (B)(3) of section 4141.30 of the Revised Code, rounded down to the nearest dollar. Increases or decreases in the amount of remuneration required to have been earned or paid in order for individuals to have filed valid applications shall become effective on

Sunday of the calendar week in which the first day of January occurs that follows the twelve-month period ending the thirtieth day of June upon which the calculation of the statewide average weekly wage was based.

(12) Includes a certification by the employer that none of the participating employees are employed on a seasonal, temporary, or intermittent basis;

(13) Includes an assurance from the employer that the employer will not reduce a participating employee's normal weekly hours of work by more than the reduction percentage, except in the event of a temporary closure of the employer's business for equipment maintenance, or when the employee takes approved time off during the week with pay, and the combined work hours and paid leave hours equal the number of hours the employee would have worked under the plan.

(B) The director shall approve a shared work plan if an employer includes in the plan all of the information, certifications, and assurances required under division (A) of this section.

(C) The director shall approve or deny a shared work plan and shall send a written notice to the employer stating whether the director approved or denied the plan not later than ~~thirty~~ ten days after the director receives the

(D) The director shall enforce the requirements of the SharedWork Ohio program in the same manner as the director enforces the requirements of this chapter, including under section 4141.40 of the Revised Code.

Sec. 4141.53. (A) An individual is eligible to receive shared work compensation for a week in which the individual satisfies all of the following:

(1) The individual is employed by a participating employer and is subject to a shared work plan that was approved before that week and is in effect for that week.

(2) The individual is available for work and is actively seeking work by being available for the individual's normal weekly hours of work.

(3) The individual's normal weekly hours of work with the participating employer have been reduced by at least ten per cent but not more than ~~fifty~~ sixty per cent.

(4) The individual has been employed by an employer or employers subject to this chapter in at least twenty qualifying weeks within the individual's base period and has earned or been paid remuneration at an average weekly wage of not less than twenty-seven and one-half per cent of the statewide average weekly wage for those weeks.

(5) The individual has been subject to a shared work plan for at least one week prior to the week for which the compensation is to be paid, or otherwise satisfies the waiting period requirement of division (B) of section 4141.29 of the Revised Code for the individual's benefit year.

(6) The individual otherwise satisfies the requirements of this chapter and is not otherwise disqualified from receiving unemployment compensation benefits.

(B) For purposes of division (A)(2) of this section, an individual is available for the individual's normal weekly hours of work with the participating employer if the individual does any of the following:

(1) Works the number of weekly hours assigned to the individual under an approved shared work plan;

(2) Works fewer hours than the number of weekly hours assigned to the individual under an approved shared work plan and either of the following apply:

(a) The individual takes approved time off during the week with pay, and the combined work hours and paid leave hours equal the number of hours the employee would have worked under the plan;

(b) The individual does not take approved time off with pay during that week and the reduction in hours was not the fault of the individual and was not more than ~~fifty~~ sixty per cent of the individual's normal weekly hours of work.

(C)(1) Except as provided in division (C)(2) or (D) of this section, the director of job and family services shall pay a participating employee who is eligible for weekly shared work compensation in an amount equal to the participating employee's weekly benefit amount as described in division (B) of section 4141.30 of the Revised Code for a period of total unemployment, multiplied by the reduction percentage specified in the approved shared work plan applicable to the participating employee.

(2) The director shall pay a participating employee who is eligible for weekly shared work compensation in an amount equal to the participating employee's weekly benefit amount as described in division (B) of section 4141.30 of the Revised Code for a period of total unemployment, multiplied by the percentage by which the participating employee's normal weekly hours of work were actually reduced during the workweek, if all of the following apply:

(a) The participating employee did not take approved paid leave during the week.

(b) The participating employee's normal weekly hours of work were actually reduced by not less than ten per cent and not greater than ~~fifty~~ sixty per cent.

(c) The increase or decrease in the participating employee's hours above or below the number of hours assigned to the employee in the approved shared work plan was not the fault of the employee.

(3) The director shall determine fault for purposes of divisions (B)(2)(b) and (C)(2)(c) of this section in the same manner that the director makes determinations for benefit rights and determines claims for unemployment compensation benefits under sections 4141.28 and 4141.281 of the Revised Code.

(4) The director shall round the amount of a shared work compensation payment that is not a multiple of one dollar to the next lower multiple of one dollar.

(5) No shared work compensation shall be payable during the one-week period described in division (A)(5) of this section.

(D) If an individual works for a participating employer and another employer during the weeks the individual is covered by an approved shared work plan, eligibility for shared work compensation is determined as follows:

(1) If the combined number of hours the individual works for both the participating employer and the other employer in a week exceeds the amount of the individual's normal weekly hours of work reduced by ten per cent, the individual is not eligible for shared work compensation.

(2) If the combined number of hours the individual works in a week for both employers equals the amount of the individual's normal weekly hours of work reduced between ten and ~~fifty~~ sixty per cent, the director shall pay the individual, if the individual is otherwise eligible, shared work compensation in an amount equal to the individual's weekly benefit amount as described in division (B) of section 4141.30 of the Revised Code for a period of total unemployment, multiplied by the percentage by which the individual's normal weekly hours of work were reduced during the week when factoring in both the amount of hours worked for the other employer and the amount of hours worked for the participating employer.

(E) A participating employee is not entitled to receive shared work compensation and unemployment compensation benefits that, when combined, exceed the maximum total benefits payable to the participating employee in a benefit year under section 4141.30 of the Revised Code. No participating employee shall be paid shared work compensation during the employee's benefit year in an amount that exceeds twenty-six times the amount of the employee's weekly benefit amount for a period of total unemployment under section 4141.30 of the Revised Code.

(F) An individual who has received all of the shared work compensation and unemployment compensation benefits available in a benefit year is an individual who has exhausted regular benefits under section 4141.30 of the Revised Code and is entitled to receive extended benefits under section 4141.301 of the Revised Code if the individual is otherwise eligible to receive benefits under that section.

(G) Except as provided in division (C)(2) of this section, the director shall not pay shared work compensation to an individual for a week during which the individual performs paid work for the individual's participating employer that exceeds or falls below the reduced hours established under an approved shared work plan that covers the individual.

(H)(1) Except as provided in divisions (H)(2) and (3) of this section, a participating employee is not eligible to receive benefits for being partially unemployed for any week during which the individual works as a participating employee.

(2) A participating employee who performs no services during a week for the participating employer and who is otherwise eligible may be paid benefits for being totally or partially unemployed for that week.

(3) A participating employee whose normal weekly hours of work are reduced by more than ~~fifty~~ sixty per cent and who is otherwise eligible may be paid benefits for partial unemployment for that week.

(I) Any payment of total or partial unemployment compensation benefits under this section is not a payment of shared work compensation under an approved plan but shall be calculated against the maximum total benefits payable to the participating employee in a benefit year under section 4141.30 of the Revised Code.

(J) For purposes of this section and unless another benefit year applies to the individual, notwithstanding division (R)(1) of section 4141.01 of the Revised Code, a participating employee's "benefit year" is the fifty-two week period beginning with the first day of that week with respect to which the employee's participating employer first files a claim on behalf of the participating employee pursuant to division (B) of section 4141.54 of the Revised Code.

Sec. 4141.55. (A) If the state is eligible for and receives reimbursement for shared work compensation paid under the SharedWork Ohio program from the federal government pursuant to the federal "Layoff Prevention Act of 2012," Pub. L. No. 112-96, 126 Stat. 156, or any other federal law, notwithstanding section 4141.24 of the Revised Code and if permitted under that act or other federal law, during the time period in which the state is fully or partially reimbursed the account of an employer shall not be charged for the portion of any shared work compensation paid to a participating employer's participating employees for which the state receives reimbursement. If the federal government does not provide full reimbursement for shared work compensation paid to an individual under section 4141.53 of the Revised Code, the portion of shared work compensation paid to that individual that is not reimbursed shall be charged in accordance with division (C) of this section.

(B) Beginning with the week for which the federal government no longer provides reimbursement, or if the state does not receive reimbursement or the federal government requires an employer's account to be charged, any shared work compensation paid to an individual shall be charged in accordance with division (C) of this section.

(C) Except as provided in divisions (A) and (B) of this section, any shared work compensation paid to an individual under section 4141.53 of the Revised Code shall be charged in accordance with division (D) of section 4141.24 of the Revised Code.

section, rules, standards, requirements, and orders necessary to carry out this chapter and Chapter 4303. of the Revised Code, but all rules of the board of liquor control that were in effect immediately prior to April 17, 1963, shall remain in full force and effect as rules of the liquor control commission until and unless amended or repealed by the liquor control commission. The rules of the commission may include the following:

No rule or order shall prohibit pari-mutuel wagering on simulcast horse races at a satellite facility that has been issued a D liquor permit under Chapter 4303. of the Revised Code. No rule or order shall prohibit a charitable organization that holds a D-4 permit from selling or serving beer or intoxicating liquor under its permit in a portion of its premises merely because that portion of its premises is used ~~at other times~~ for the conduct of a bingo game, as described in division (O) of section 2915.01 of the Revised Code. ~~However, such an organization shall not sell or serve beer or intoxicating liquor or permit beer or intoxicating liquor to be consumed or seen in the same location in its premises where a bingo game, as described in division (O)(1) of section 2915.01 of the Revised Code, is being conducted while the game is being conducted.~~ As used in this division, "charitable organization" has the same meaning as in division (H) of section 2915.01 of the Revised Code. No rule or order pertaining to visibility into the premises of a permit holder after the legal hours of sale shall be adopted or maintained by the commission.

(C) Standards, not in conflict with those prescribed by any law of this state or the United States, to secure the use of proper ingredients and methods in the manufacture of beer, mixed beverages, and wine to be sold

(G) Rules restricting and placing conditions upon the transfer of permits;

(H) Rules and orders limiting the number of permits of any class within the state or within any political subdivision of the state; and, for that purpose, adopting reasonable classifications of persons or establishments to which any authorized class of permits may be issued within any political subdivision;

(I) Rules and orders with reference to sales of beer and intoxicating liquor on Sundays and holidays and with reference to the hours of the day during which and the persons to whom intoxicating liquor of any class may be sold, and rules with reference to the manner of sale;

(J) Rules requiring permit holders buying beer to pay and permit holders selling beer to collect minimum cash deposits for kegs, cases, bottles, or other returnable containers of the beer; requiring the repayment, or credit, of the minimum cash deposit charges upon the return of the empty containers; and requiring the posting of such form of indemnity or such other conditions with respect to the charging, collection, and repayment of minimum cash deposit charges for returnable containers of beer as are necessary to ensure the return of the empty containers or the repayment upon that return of the minimum cash deposits paid;

(K) Rules establishing the method by which alcohol products may be imported for sale by wholesale distributors and the method by which manufacturers and suppliers may sell alcohol products to wholesale

distributors.

Every rule, standard, requirement, or order of the commission and every repeal, amendment, or rescission of them shall be posted for public inspection in the principal office of the commission and the principal office of the division of liquor control, and a certified copy of them shall be filed in the office of the secretary of state. An order applying only to persons named in it shall be served on the persons affected by personal delivery of a certified copy, or by mailing a certified copy to each person affected by it or, in the case of a corporation, to any officer or agent of the corporation upon whom a service of summons may be served in a civil action. The posting and filing required by this section constitutes sufficient notice to all persons affected by such rule or order which is not required to be served. General rules of the commission promulgated pursuant to this section shall be published in the manner the commission determines.

Sec. 4301.10. (A) The division of liquor control shall do all of the following:

(1) Control the traffic in beer and intoxicating liquor in this state, including the manufacture, importation, and sale of beer and intoxicating liquor;

(2) Grant or refuse permits for the manufacture, distribution, transportation, and sale of beer and intoxicating liquor and the sale of alcohol, as authorized or required by this chapter and Chapter 4303. of the Revised Code. A certificate, signed by the superintendent of liquor control and to which is affixed the official seal of the division, stating that it appears from the records of the division that no permit has been issued to the person specified in the certificate, or that a permit, if issued, has been revoked, canceled, or suspended, shall be received as prima-facie evidence of the facts recited in the certificate in any court or before any officer of this state.

(3) Put into operation, manage, and control a system of state liquor stores for the sale of spirituous liquor at retail and to holders of permits authorizing the sale of spirituous liquor; however, the division shall not establish any drive-in state liquor stores; and by means of those types of stores, and any manufacturing plants, distributing and bottling plants, warehouses, and other facilities that it considers expedient, establish and maintain a state monopoly of the distribution of spirituous liquor and its sale in packages or containers; and for that purpose, manufacture, buy, import, possess, and sell spirituous liquors as provided in this chapter and Chapter 4303. of the Revised Code, and in the rules promulgated by the superintendent of liquor control pursuant to those chapters; lease or in any manner acquire the use of any land or building required for any of those

purposes; purchase any equipment that is required; and borrow money to carry on its business, and issue, sign, endorse, and accept notes, checks, and bills of exchange; but all obligations of the division created under authority of this division shall be a charge only upon the moneys received by the division from the sale of spirituous liquor and its other business transactions in connection with the sale of spirituous liquor, and shall not be general obligations of the state;

(4) Enforce the administrative provisions of this chapter and Chapter 4303. of the Revised Code, and the rules and orders of the liquor control commission and the superintendent relating to the manufacture, importation, transportation, distribution, and sale of beer or intoxicating liquor. The attorney general, any prosecuting attorney, and any prosecuting officer of a municipal corporation or a municipal court shall, at the request of the division of liquor control or the department of public safety, prosecute any person charged with the violation of any provision in those chapters or of any section of the Revised Code relating to the manufacture, importation, transportation, distribution, and sale of beer or intoxicating liquor.

(5) Determine the locations of all state liquor stores and manufacturing, distributing, and bottling plants required in connection with those stores, subject to this chapter and Chapter 4303. of the Revised Code;

(6) Conduct inspections of liquor permit premises to determine compliance with the administrative provisions of this chapter and Chapter 4303. of the Revised Code and the rules adopted under those provisions by the liquor control commission.

Except as otherwise provided in division (A)(6) of this section, those inspections may be conducted only during those hours in which the permit holder is open for business and only by authorized agents or employees of the division or by any peace officer, as defined in section 2935.01 of the Revised Code. Inspections may be conducted at other hours only to determine compliance with laws or commission rules that regulate the hours of sale of beer or intoxicating liquor and only if the investigator has reasonable cause to believe that those laws or rules are being violated. Any inspection conducted pursuant to division (A)(6) of this section is subject to all of the following requirements:

(a) The only property that may be confiscated is contraband, as defined in section 2901.01 of the Revised Code, or property that is otherwise necessary for evidentiary purposes.

(b) A complete inventory of all property confiscated from the premises shall be given to the permit holder or the permit holder's agent or employee by the confiscating agent or officer at the conclusion of the inspection. At

that time, the inventory shall be signed by the confiscating agent or officer, and the agent or officer shall give the permit holder or the permit holder's agent or employee the opportunity to sign the inventory.

(c) Inspections conducted pursuant to division (A)(6) of this section shall be conducted in a reasonable manner. A finding by any court of competent jurisdiction that an inspection was not conducted in a reasonable manner in accordance with this section or any rules adopted by the commission may be considered grounds for suppression of evidence. A finding by the commission that an inspection was not conducted in a reasonable manner in accordance with this section or any rules adopted by it may be considered grounds for dismissal of the commission case.

If any court of competent jurisdiction finds that property confiscated as the result of an administrative inspection is not necessary for evidentiary purposes and is not contraband, as defined in section 2901.01 of the Revised Code, the court shall order the immediate return of the confiscated property, provided that property is not otherwise subject to forfeiture, to the permit holder. However, the return of this property is not grounds for dismissal of the case. The commission likewise may order the return of confiscated property if no criminal prosecution is pending or anticipated.

(7) Delegate to any of its agents or employees any power of investigation that the division possesses with respect to the enforcement of any of the administrative laws relating to beer or intoxicating liquor, provided that this division does not authorize the division to designate any agent or employee to serve as an enforcement agent. The employment and designation of enforcement agents shall be within the exclusive authority of the director of public safety pursuant to sections 5502.13 to 5502.19 of the Revised Code.

(8) Collect the following fees:

(a) A biennial fifty-dollar registration fee for each agent, solicitor, trade marketing professional, or salesperson, registered pursuant to section 4303.25 of the Revised Code, of a beer or intoxicating liquor manufacturer, supplier, broker, trade marketing company, or wholesale distributor doing business in this state;

(b) A fifty-dollar product registration fee for each new beer or intoxicating liquor product sold in this state. The product registration fee also applies to products sold in this state by B-2a, S-1, and S-2 permit holders. The product registration fee shall be accompanied by a copy of the federal label and product approval for the new product.

(c) An annual three-hundred-dollar supplier registration fee from each manufacturer or supplier that produces and ships into this state, or ships into

this state, intoxicating liquor or beer, in addition to an initial application fee of one hundred dollars. A manufacturer that produces and ships beer or wine into this state and that holds only an § S-1 or S-2 permit, as applicable, is exempt from the supplier registration fee. A manufacturer that produces and ships beer or wine into this state and that holds a B-2a permit shall pay an annual seventy-six-dollar supplier registration fee. A manufacturer that produces and ships wine into this state and that does not hold either an § S-1 or a B-2a permit, but that produces less than two hundred fifty thousand gallons of wine per year ~~and that is entitled to a tax credit under 27 C.F.R. 24.278~~ shall pay an annual seventy-six-dollar supplier registration fee. A B-2a, S-1, or § S-2 permit holder that does not sell its wine to wholesale distributors of wine in this state and an § S-1 permit holder that does not sell its beer to wholesale distributors of beer in this state shall not be required to submit to the division territory designation forms.

Each supplier, agent, solicitor, trade marketing professional, or salesperson registration issued under this division shall authorize the person named to carry on the activity specified in the registration. Each agent, solicitor, trade marketing professional, or salesperson registration is valid for two years or for the unexpired portion of a two-year registration period. Each supplier registration is valid for one year or for the unexpired portion of a one-year registration period. Registrations shall end on their respective uniform expiration date, which shall be designated by the division, and are subject to suspension, revocation, cancellation, or fine as authorized by this chapter and Chapter 4303. of the Revised Code.

As used in this division, "trade marketing company" and "trade marketing professional" have the same meanings as in section 4301.171 of the Revised Code.

(9) Establish a system of electronic data interchange within the division and regulate the electronic transfer of information and funds among persons and governmental entities engaged in the manufacture, distribution, and retail sale of alcoholic beverages;

(10) Notify all holders of retail permits of the forms of permissible identification for purposes of division (A) of section 4301.639 of the Revised Code;

(11) Exercise all other powers expressly or by necessary implication conferred upon the division by this chapter and Chapter 4303. of the Revised Code, and all powers necessary for the exercise or discharge of any power, duty, or function expressly conferred or imposed upon the division by those chapters.

(B) The division may do all of the following:

(1) Sue, but may be sued only in connection with the execution of leases of real estate and the purchases and contracts necessary for the operation of the state liquor stores that are made under this chapter and Chapter 4303. of the Revised Code;

(2) Enter into leases and contracts of all descriptions and acquire and transfer title to personal property with regard to the sale, distribution, and storage of spirituous liquor within the state;

(3) Terminate at will any lease entered into pursuant to division (B)(2) of this section upon first giving ninety days' notice in writing to the lessor of its intention to do so;

(4) Fix the wholesale and retail prices at which the various classes, varieties, and brands of spirituous liquor shall be sold by the division. Those retail prices shall be the same at all state liquor stores, except to the extent that a price differential is required to collect a county sales tax levied pursuant to section 5739.021 of the Revised Code and for which tax the tax commissioner has authorized prepayment pursuant to section 5739.05 of the Revised Code. In fixing selling prices, the division shall compute an anticipated gross profit at least sufficient to provide in each calendar year all costs and expenses of the division and also an adequate working capital reserve for the division. The gross profit shall not exceed forty per cent of the retail selling price based on costs of the division, and in addition the sum required by section 4301.12 of the Revised Code to be paid into the state treasury. (2) Each application shall constitute a continuing application for a reduction in taxes for each year in which the manufactured or mobile home is occupied by the applicant. The original application and any subsequent application shall be in the form of a signed statement and shall be filed on or before the thirty-first day of December of the year preceding the year for which the reduction is sought. The statement shall be on a form, devised and supplied by the tax commissioner, that shall require no more information than is necessary to establish the applicant's eligibility for the reduction in taxes and the amount of the reduction to which the applicant is entitled. The form shall contain a statement that signing such application constitutes a delegation of authority by the applicant to the tax commissioner or the county auditor, individually or in consultation with each other, to examine any tax or financial records that relate to the income of the applicant as stated on the application for the purpose of determining eligibility under, or possible violation of, division (C) or (D) of this section. (3) A late application for a reduction in taxes for the year preceding the year for which an original application is filed may be filed with an original application. If the auditor determines that the information contained in the late application is correct, the auditor shall determine both the amount of the reduction in taxes to which the applicant would have been entitled for the current tax year had the application been timely filed and approved in the preceding year, and the amount the taxes levied under section 4503.06 of the Revised Code for the current year would have been reduced as a result of

the reduction. When an applicant is permanently and totally disabled on the first day of January of the year in which the applicant files a late application, the auditor, in making the determination of the amounts of the reduction in taxes under division (A)(3) of this section, is not required to determine that the applicant was permanently and totally disabled on the first day of January of the preceding year.

The amount of the reduction in taxes pursuant to a late application shall be treated as an overpayment of taxes by the applicant. The auditor shall credit the amount of the overpayment against the amount of the taxes or penalties then due from the applicant, and, at the next succeeding settlement, the amount of the credit shall be deducted from the amount of any taxes or penalties distributable to the county or any taxing unit in the county that has received the benefit of the taxes or penalties previously overpaid, in proportion to the benefits previously received. If, after the credit has been made, there remains a balance of the overpayment, or if there are no taxes or penalties due from the applicant, the auditor shall refund that balance to the applicant by a warrant drawn on the county treasurer in favor of the applicant. The treasurer shall pay the warrant from the general fund of the county. If there is insufficient money in the general fund to make the payment, the treasurer shall pay the warrant out of any undivided manufactured or mobile home taxes subsequently received by the treasurer for distribution to the county or taxing district in the county that received the benefit of the overpaid taxes, in proportion to the benefits previously received, and the amount paid from the undivided funds shall be deducted from the money otherwise distributable to the county or taxing district in the county at the next or any succeeding distribution. At the next or any succeeding distribution after making the refund, the treasurer shall reimburse the general fund for any payment made from that fund by deducting the amount of that payment from the money distributable to the county or other taxing unit in the county that has received the benefit of the taxes, in proportion to the benefits previously received. On the second Monday in September of each year, the county auditor shall certify the total amount of the reductions in taxes made in the current year under division (A)(3) of this section to the tax commissioner who shall treat that amount as a reduction in taxes for the current tax year and shall make reimbursement to the county of that amount in the manner prescribed in section 4503.068 of the Revised Code, from moneys appropriated for that purpose.

~~(B)~~(B)(1) If in any year for which an application for reduction in taxes has been approved the owner no longer qualifies for the reduction, the owner shall notify the county auditor that the owner is not qualified for a

reduction in taxes.

(2) If the county auditor or county treasurer discovers that an owner not entitled to the reduction in manufactured home taxes under section 4503.065 of the Revised Code failed to notify the county auditor as required by division (B)(1) of this section, a charge shall be imposed against the manufactured or mobile home in the amount by which taxes were reduced under that section for each tax year the county auditor ascertains that the manufactured or mobile home was not entitled to the reduction and was owned by the current owner. Interest shall accrue in the manner prescribed by division (G)(2) of section 4503.06 of the Revised Code on the amount by which taxes were reduced for each such tax year as if the reduction became delinquent taxes at the close of the last day the second installment of taxes for that tax year could be paid without penalty. The county auditor shall notify the owner, by ordinary mail, of the charge, of the owner's right to appeal the charge, and of the manner in which the owner may appeal. The owner may appeal the imposition of the charge and interest by filing an appeal with the county board of revision not later than the last day prescribed for payment of manufactured home taxes under section 4503.06 of the Revised Code following receipt of the notice and occurring at least ninety days after receipt of the notice. The appeal shall be treated in the same manner as a complaint relating to the valuation or assessment of manufactured or mobile homes under section 5715.19 of the Revised Code. The charge and any interest shall be collected as other delinquent taxes.

(3) During January of each year, the county auditor shall furnish each person whose application for reduction has been approved, by ordinary mail, a form on which to report any changes in total income, ownership, occupancy, disability, and other information earlier furnished the auditor relative to the application. The form shall be completed and returned to the auditor not later than the thirty-first day of December if the changes would affect the person's eligibility for the reduction.

(C) No person shall knowingly make a false statement for the purpose of obtaining a reduction in taxes under section 4503.065 of the Revised Code.

(D) No person shall knowingly fail to notify the county auditor of any change required by division (B) of this section that has the effect of maintaining or securing a reduction in taxes under section 4503.065 of the Revised Code.

4503.069 of the Revised Code.

(c) The person fails to comply with division (B) of this section, regardless of the jurisdiction in which the failure to comply occurred;

(d) The person creates, by clear and convincing evidence, a threat to the security of information contained in the database.

(2) If the board determines that allegations regarding a person's actions warrant restricting the person from obtaining further information from the drug database without a prior hearing, the board may summarily impose the restriction. A telephone conference call may be used for reviewing the allegations and taking a vote on the summary restriction. The summary restriction shall remain in effect, unless removed by the board, until the board's final adjudication order becomes effective.

A council member shall continue in office subsequent to the expiration date of the

member's term until a successor is appointed and takes office, or until a period of sixty days has elapsed, whichever occurs first. Each council member shall hold office from the date of appointment until the end of the term for which the member was appointed.

(B) The board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend a license or

Nothing in this division affects the immunity from civil liability conferred by section 2305.33 or 4731.62 of the Revised Code upon a physician who makes a report in accordance with section 2305.33 or notifies a mental health professional in accordance with section 4731.62 of the Revised Code. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

medicine and surgery, osteopathic medicine and surgery, podiatric medicine and surgery, or a limited branch of medicine; or in securing or attempting to secure any license or certificate to practice issued by the board.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) A departure from, or the failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established;

(7) Representing, with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(8) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(14) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Violation of the conditions of limitation placed by the board upon a license or certificate to practice;

(16) Failure to pay license renewal fees specified in this chapter;

(17) Except as authorized in section 4731.31 of the Revised Code, engaging in the division of fees for referral of patients, or the receiving of a thing of value in return for a specific referral of a patient to utilize a

particular service or business;

(18) Subject to section 4731.226 of the Revised Code, violation of any provision of a code of ethics of the American medical association, the American osteopathic association, the American podiatric medical association, or any other national professional organizations that the board specifies by rule. The state medical board shall obtain and keep on file current copies of the codes of ethics of the various national professional organizations. The individual whose license or certificate is being suspended or revoked shall not be found to have violated any provision of a code of ethics of an organization not appropriate to the individual's profession.

For purposes of this division, a "provision of a code of ethics of a national professional organization" does not include any provision that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(19) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including, but not limited to, physical deterioration that adversely affects cognitive, motor, or perceptive skills.

In enforcing this division, the board, upon a showing of a possible violation, may compel any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in this division, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual

affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards under the provisions of the individual's license or certificate. For the purpose of this division, any individual who applies for or receives a license or certificate to practice under this chapter accepts the privilege of practicing in this state and, by so doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(20) Except as provided in division (F)(1)(b) of section 4731.282 of the Revised Code or when civil penalties are imposed under section 4731.225 of the Revised Code, and subject to section 4731.226 of the Revised Code, violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provisions of this chapter or any rule promulgated by the board.

This division does not apply to a violation or attempted violation of, assisting in or abetting the violation of, or a conspiracy to violate, any provision of this chapter or any rule adopted by the board that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(21) The violation of section 3701.79 of the Revised Code or of any abortion rule adopted by the director of health pursuant to section 3701.341 of the Revised Code;

(22) Any of the following actions taken by an agency responsible for authorizing, certifying, or regulating an individual to practice a health care occupation or provide health care services in this state or another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(23) The violation of section 2919.12 of the Revised Code or the

performance or inducement of an abortion upon a pregnant woman with actual knowledge that the conditions specified in division (B) of section 2317.56 of the Revised Code have not been satisfied or with a heedless indifference as to whether those conditions have been satisfied, unless an affirmative defense as specified in division (H)(2) of that section would apply in a civil action authorized by division (H)(1) of that section;

(24) The revocation, suspension, restriction, reduction, or termination of clinical privileges by the United States department of defense or department of veterans affairs or the termination or suspension of a certificate of registration to prescribe drugs by the drug enforcement administration of the United States department of justice;

(25) Termination or suspension from participation in the medicare or medicaid programs by the department of health and human services or other responsible agency;

(26) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice.

For the purposes of this division, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a license or certificate to practice under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for licensure or certification to practice suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or certificate or deny the individual's application and shall require

the individual, as a condition for initial, continued, reinstated, or renewed licensure or certification to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license or certificate suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's license or certificate. The demonstration shall include, but shall not be limited to, the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a license or certificate suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(52) A pattern of continuous or repeated violations of division (E)(2) or (3) of section 3963.02 of the Revised Code.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license or certificate to practice or certificate to recommend. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

If the board takes disciplinary action against an individual under division (B) of this section for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 or 2919.124 of the Revised Code, the disciplinary action shall consist of a suspension of the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice. Any consent agreement entered into under this division with an individual that pertains to a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of that section shall provide for a suspension of the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice.

(D) For purposes of divisions (B)(10), (12), and (14) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's

jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F)(1) The board shall investigate evidence that appears to show that a person has violated any provision of this chapter or any rule adopted under it. Any person may report to the board in a signed writing any information that the person may have that appears to show a violation of any provision of this chapter or any rule adopted under it. In the absence of bad faith, any person who reports information of that nature or who testifies before the board in any adjudication conducted under Chapter 119. of the Revised Code shall not be liable in damages in a civil action as a result of the report or testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and shall be recorded by the board.

(2) Investigations of alleged violations of this chapter or any rule adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4731.39 of the Revised Code. The president may designate another member of the board to supervise the investigation in place of the supervising member. No member of the board who supervises the investigation of a case shall participate in further adjudication of the case.

(3) In investigating a possible violation of this chapter or any rule adopted under this chapter, or in conducting an inspection under division (E) of section 4731.054 of the Revised Code, the board may question witnesses, conduct interviews, administer oaths, order the taking of depositions, inspect and copy any books, accounts, papers, records, or documents, issue subpoenas, and compel the attendance of witnesses and production of books, accounts, papers, records, documents, and testimony, except that a subpoena for patient record information shall not be issued without consultation with the attorney general's office and approval of the secretary and supervising member of the board.

(a) Before issuance of a subpoena for patient record information, the secretary and supervising member shall determine whether there is probable cause to believe that the complaint filed alleges a violation of this chapter or any rule adopted under it and that the records sought are relevant to the alleged violation and material to the investigation. The subpoena may apply only to records that cover a reasonable period of time surrounding the

alleged violation.

(b) On failure to comply with any subpoena issued by the board and after reasonable notice to the person being subpoenaed, the board may move for an order compelling the production of persons or records pursuant to the Rules of Civil Procedure.

(c) A subpoena issued by the board may be served by a sheriff, the sheriff's deputy, or a board employee or agent designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named therein, reading it to the person, or leaving it at the person's usual place of residence, usual place of business, or address on file with the board. When serving a subpoena to an applicant for or the holder of a license or certificate issued under this chapter, service of the subpoena may be made by certified mail, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery. If the person being served refuses to accept the subpoena or is not located, service may be made to an attorney who notifies the board that the attorney is representing the person.

(d) A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for under section 119.094 of the Revised Code.

(4) All hearings, investigations, and inspections of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(5) A report required to be submitted to the board under this chapter, a complaint, or information received by the board pursuant to an investigation or pursuant to an inspection under division (E) of section 4731.054 of the Revised Code is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations or inspections and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given or, in the case of a patient, a waiver of the patient privilege exists under division (B) of section 2317.02 of the Revised Code, except that consent or a waiver of that nature is not required if the board possesses reliable and substantial evidence that no bona fide physician-patient relationship exists.

The board may share any information it receives pursuant to an investigation or inspection, including patient records and patient record information, with law enforcement agencies, other licensing boards, and

other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(6) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

- (a) The case number assigned to the complaint or alleged violation;
- (b) The type of license or certificate to practice, if any, held by the individual against whom the complaint is directed;
- (c) A description of the allegations contained in the complaint;
- (d) The disposition of the case.

The report shall state how many cases are still pending and shall be prepared in a manner that protects the identity of each person involved in each case. The report shall be a public record under section 149.43 of the Revised Code.

(G) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license or certificate to practice or certificate to recommend without a prior hearing:

- (1) That there is clear and convincing evidence that an individual has violated division (B) of this section;
- (2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license or certificate without a prior hearing. A

telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(9), (11), or (13) of this section and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition of that nature and supporting court documents, the board shall reinstate the individual's license or certificate to practice. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (B) of this section.

(I) The license or certificate to practice issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date of the individual's second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 or 2919.124 of the Revised Code. In addition, the license or certificate to practice or certificate to recommend issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date the individual pleads guilty to, is found by a judge

or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a license or certificate.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license or certificate is automatically suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall do whichever of the following is applicable:

(1) If the automatic suspension under this division is for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 or 2919.124 of the Revised Code, the board shall enter an order suspending the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, imposing a more serious sanction involving the individual's license or certificate to practice.

(2) In all circumstances in which division (I)(1) of this section does not apply, enter a final order permanently revoking the individual's license or certificate to practice.

(J) If the board is required by Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and if the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In that final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the individual's license or certificate to practice may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. Reinstatement of a license or certificate suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant or issue a license or certificate to practice to an applicant, revokes an individual's license or certificate to practice, refuses to renew an individual's license or certificate to practice, or refuses to reinstate an individual's license or certificate to practice, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license or certificate to practice and the board shall not accept an application for reinstatement of the license or certificate or for issuance of a new license or certificate.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license or certificate issued under this chapter shall not be effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license or certificate to practice. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license or certificate surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application for a license or certificate made under the provisions of this chapter may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license or certificate to practice in accordance with this chapter or a certificate to recommend in accordance with rules adopted under section 4731.301 of the Revised Code shall not remove or limit the board's jurisdiction to take any disciplinary action under this section against the individual.

(4) At the request of the board, a license or certificate holder shall immediately surrender to the board a license or certificate that the board has suspended, revoked, or permanently revoked.

(N) Sanctions shall not be imposed under division (B)(28) of this section against any person who waives deductibles and copayments as follows:

(1) In compliance with the health benefit plan that expressly allows such a practice. Waiver of the deductibles or copayments shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

(2) For professional services rendered to any other person authorized to practice pursuant to this chapter, to the extent allowed by this chapter and rules adopted by the board.

(O) Under the board's investigative duties described in this section and subject to division (F) of this section, the board shall develop and implement a quality intervention program designed to improve through remedial education the clinical and communication skills of individuals authorized under this chapter to practice medicine and surgery, osteopathic medicine and surgery, and podiatric medicine and surgery. In developing and implementing the quality intervention program, the board may do all of the following:

(1) Offer in appropriate cases as determined by the board an educational and assessment program pursuant to an investigation the board conducts under this section;

(2) Select providers of educational and assessment services, including a quality intervention program panel of case reviewers;

(3) Make referrals to educational and assessment service providers and approve individual educational programs recommended by those providers. The board shall monitor the progress of each individual undertaking a recommended individual educational program.

(4) Determine what constitutes successful completion of an individual educational program and require further monitoring of the individual who completed the program or other action that the board determines to be appropriate;

(5) Adopt rules in accordance with Chapter 119. of the Revised Code to further implement the quality intervention program.

An individual who participates in an individual educational program pursuant to this division shall pay the financial obligations arising from that educational program.

(P) The board shall not refuse to issue a license to an applicant because of a conviction, plea of guilty, judicial finding of guilt, judicial finding of eligibility for intervention in lieu of conviction, or the commission of an act that constitutes a criminal offense, unless the refusal is in accordance with section 9.79 of the Revised Code.

(I) No physician shall fail to comply with division (A), (B), (G), or (H) of this section.
